Really "Outside of the Box!"Roch's thinking is really "Outside of the Box" when it comes to something so innocent as a little origami box built in front of you in a matter of seconds out of just six playing cards. Ray teaches how to quickly build, and gives away his in depth secrets, which turns his Impossible Box into a diabolical magical device for producing, vanishing and switching. The moves which Ray showed us could have only be honed through years of performance, but Ray is able to teach us the artifice which makes the Impossible possible to master, and completely adaptable to one's own routine and patter. Not only does Roch give you a very magical and entertaining routine which even fools magicians, but he also gives you the ability to easily create an instant cost-nothing working prop anytime for yourself or a unique souvenir for your volunteer which that person will value and keep forever.

The New York Post declared, "Don't Smokey near this bear."
