My new master is intense, intimidating, and wildly unpredictable. The only thing I can count on? That he makes me ache in ways I didn't know were possible before he caught me in his web. Sterling's secrets are of the dark and dangerous variety—there's no doubt in my mind about that now. But I still can't figure out what he truly wants from me. He says he'll take what I've promised when "the time is right." In the meantime, he seems determined to treat me like a naughty submissive, a princess, or...his lover. But I can't let myself be drawn in by his generous, wickedly sexy side. Serving Sterling is something I can survive. Falling for Sterling would destroy me—body, heart, and soul. Warning: Serving Sterling is the second installment in a three-book serial romance. It's a dark, dirty, boundary pushing romance that ends in a cliffhanger. dark romance, billionaire romance, kidnapping romance, virgin auction, romantic suspense, thriller, contemporary romance, new adult, serial romance, steamy romance, enemies to lovers.

High and Mighty

SUVs have taken over America's roads. Ad campaigns promote them as safer and "greener" than ordinary cars and easy to handle in bad weather. But very little about the SUV's image is accurate. They poorly protect occupants and inflict horrific damage in crashes, they guzzle gasoline, and they are hard to control. Keith Bradsher has been at the forefront in reporting the calamitous safety and environmental record of SUVs, including the notorious Ford-Firestone rollover controversy. In High and Mighty, he traces the checkered history of SUVs, showing how they came to be classified not as passenger cars but as light trucks, which are subject to less strict regulations on safety, gas mileage, and air pollution. He makes a powerful case that these vehicles are even worse than we suspect--for their occupants, for other motorists, for pedestrians and for the planet itself. In the tradition of Unsafe at Any Speed and Fast Food Nation, Bradsher's book is a damning exposé of an industry that puts us all at risk, whether we recognize it or not.

The 4x4'S, Pickups and Vans Buying Guide 2003
