Stephen Spender, along with his friends W. H. Auden, Louis MacNeice and C. Day Lewis, rose to prominence in the 1930s, writing powerfully of the fear and paranoia of a continent heading towards war. By the time of his death in 1995 he had established a distinguished reputation as a poet, critic, editor and translator. This New Collected Poems, edited by Michael Brett, gathers seven decades of verse from Poems (1933) to Dolphins (1994) and the late uncollected work. Reordering the thematic principle of the 1985 Collected Poems, this edition returns to a book-by-book chronology and allows the reader to experience, for the first time, the full development and range of his career.

Nova Scotia's public schools and their students have faced dramatic conflict and drastic change over the past 25 years. While critics charge that schools are failing kids, teachers have been under attack from think tanks and politicians. Parents and citizens have seen power centralized after democratically-elected school boards were abolished. Grant Frost offers an insider's account of these tumultuous years and offers an explanation for the turmoil. Behind the conflict he discovers right-wing think tanks that relentlessly seek to discredit public education and teachers while pushing for changes that would benefit corporations who want willing workers. The think tanks are also promoters of the charter school movement that continues to gain ground in the US and that is promoted as a better option than public schools. Whether it's Nova Scotia's own right-wing think tank or local journalists who readily adopt the cry that our schools are failing, Grant Frost traces the path that he finds has threatened the quality of schooling in Nova Scotia. He sets out the steps for parents, teachers and other citizens to ensure that public education is championed and protected in Nova Scotia.

This anthology of essays maps the divergent issues that have become relevant in contemporary Indian English poetry and drama. By providing a clear idea about the new themes, techniques and methods used by the Indian English poets and playwrights to address the issues emerging in the changing socio-cultural scenario, particularly during the post-globalization period, the essays offer insightful observations on canon formation and its reception. It is high time to consider afresh whether the canons of Indian English poetry and drama have widened their scope to include innovative forms of writing or whether they have evolved significantly to generate novel perspectives. These questions, which are linked with the issue of canon formation and its reception are intricately woven into the fabric of these essays. This anthology will respond to the scholarly interests of inquisitive students, research scholars and academics in the field of Indian English literature.

Maya Angelou's unforgettable collection of poetry lends its name to the documentary film about her life, *And Still I Rise*, as seen on PBS's *American Masters*. Pretty women wonder where my secret lies. I'm not cute or built to suit a fashion model's size But when I start to tell them, They think I'm telling lies. I say, It's in the reach of my arms, The span of my hips, The stride of my step, The curl of my lips. I'm a woman Phenomenally. Phenomenal woman, That's me. Thus begins "Phenomenal Woman," just one of the beloved poems collected here in Maya Angelou's third book of verse. These

poems are powerful, distinctive, and fresh—and, as always, full of the lifting rhythms of love and remembering. *And Still I Rise* is written from the heart, a celebration of life as only Maya Angelou has discovered it. "It is true poetry she is writing," M.F.K. Fisher has observed, "not just rhythm, the beat, rhymes. I find it very moving and at times beautiful. It has an innate purity about it, unquenchable dignity. . . . It is astounding, flabbergasting, to recognize it, in all the words I read every day and night . . . it gives me heart, to hear so clearly the caged bird singing and to understand her notes."
