A young, eighteenth-century Italian nobleman defies parental authority by adopting an exclusively arboreal life, watching from his perch in the trees the passing of the Enlightenment and participating in its various delights and duties

A landmark new translation of a Calvino classic, a whimsical, spirited novel that imagines a life lived entirely on its own terms Cosimo di Rondó, a young Italian nobleman of the eighteenth century, rebels against his parents by climbing into the trees and remaining there for the rest of his life. He adapts efficiently to an existence in the forest canopy—he hunts, sows crops, plays games with earth-bound friends, fights forest fires, solves engineering problems, and even manages to have love affairs. From his perch in the

trees, Cosimo sees the Age of Enlightenment pass by and a new century dawn. The Baron in the Trees exemplifies Calvino's peerless ability to weave tales that sparkle with enchantment. This new English rendering by acclaimed translator Ann Goldstein breathes new life into one of Calvino's most beloved works.

If movies and books like *Belle*, *Twelve Years a Slave*, *The Butler*, *The Help*, *A Time to Kill*, and *Amistad* have moved you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy—the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the

powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

**My Side of the Mountain** CreateSpace Based on the Gospel of Matthew, this book is the first of five in the series. The only reason Luke is even at the church youth overnight event is because his mother convinced him to go after an argument. His mother wants him to be baptized but, at 15, Luke doesn't believe he is old enough and doesn't know Jesus well enough. That changes when Luke meets an angel who says he has been chosen by God to deliver a message. First Luke must decide if what he saw and heard is real

and then he must decide if he will go. Luke sets out on what he is sure is a crazy adventure with his friend Keith. Starting on bicycles they end up crossing half the United States on a mission for God. Along the way, they learn much more about loving Jesus while facing bullies, drugs and even seeing death - - and Luke delivers God's message. He delivers it to a senior pastor of a large church and the pastor doesn't even know he needs the message. *Tree of Life* Houghton Mifflin Harcourt "Should appeal to all rugged individualists who dream of escape to the forest."—The New York Times Book Review Sam Gribble is terribly unhappy living in New York City with his family, so he runs away to the Catskill Mountains to live in the woods—all by himself. With only a penknife, a ball of cord, forty dollars, and some flint and steel, he intends to survive on his own. Sam learns about courage, danger, and independence during his year in the wilderness, a year that changes his life forever. "An extraordinary book . . . It will be read year after year." —The Horn Book *The Gospel Messenger, #1* Houghton Mifflin Harcourt Viscount Medardo is bisected by a Turkish

cannonball on the plains of Bohemia; Baron Cosimo, at the age of twelve, retires to the trees for the rest of his days; Charlemagne's knight, Agiluf, is an empty suit of armour. These three vivid images are the points of departure for Calvino's classic triptych of moral tales, now published in one volume and all displaying the exuberant talent of a master storyteller.

In this fourth installment of a series about a society that allows only two children per family, Luke Garner is finally adjusting to his new life at Hendricks School as Lee Grant. While the Grants belong to the highest class of society called the Barons, Luke avoids snobbish affectations and befriends his classmates, who are also illegal thirds. When the real Lee Grant's younger brother arrives at the school, along with his fierce body guard, Luke worries that Smits will expose him to the

government. However, Smits has come to enlist Luke's help in discovering how his older brother really died, suspecting that he was murdered. The intrigue and danger grow more acute when both boys are called "home" and Luke discovers that the Grants have plans for him that could turn out to be fatal.

 visits with nature’s most magnificent  
 networkers — trees David Haskell has won  
 acclaim for eloquent writing and deep  
 engagement with the natural world. Now,  
 he brings his powers of observation to the

biological networks that surround all  
 species, including humans. Haskell  
 repeatedly visits a dozen trees, exploring  
 connections with people, microbes, fungi,  
 and other plants and animals. He takes us  
 to trees in cities (from Manhattan to  
 Jerusalem), forests (Amazonian, North  
 American, and boreal) and areas on the  
 front lines of environmental change  
 (eroding coastlines, burned  
 mountainsides, and war zones.) In each  
 place he shows how human history,  
 ecology, and well-being are intimately  
 intertwined with the lives of trees.  
 Scientific, lyrical, and contemplative,

Haskell reveals the biological connections  
 that underpin all life. In a world beset by  
 barriers, he reminds us that life’s
