Steel Knights MC Books 1 - 5 Vincent Noot

If you're looking for a "cards and candy" romance, you won't find it here...Georgia Sayers has always been shy and quiet. She has always lived her life by other people's rules, especially her best friend and fiancé. They were the most important people in her life. She trusted and loved them. But the night before her wedding, her life came crumbling around her. She stumbled on a betrayal that shook her to her core and changed her completely. No longer will she live her life by other people's standards. It was her turn to make up her own rules. Love wasn't something she wanted anymore. She wanted to find someone to feed her deepest desires and the moment her eyes fell on him, she knew he was the one...Drake Lincoln is as bad as they come. He makes no apologies for who and what he is. He says what he wants, he does what he wants, whenever and

wherever he wants. He doesn't play by any rules but his own. Trust and Loyalty are the codes he lives by. If you cross him, he will bury you without hesitation. He is heartless, he is dangerous, and he is as cold as Ice. He's not capable of giving any woman the desires of her heart... until his eyes take in a woman that becomes his soul. Drake has never met a woman like Georgia, and he can't seem to stay away from her. He'd do anything for her. He'd kill for her. He'd die for her. She is who and what he wants and desires, and he can't be without her. However, Georgia and Drake both have pasts that can destroy them. Can they overcome the many obstacles in their lives and learn to love and trust each other, or will their life struggles keep them apart?

Then her husband wrapped their car around a tree, killing himself, and leaving her permanently injured. For the past

few years, she's been content to live in peaceful obscurity as caretaker of David's defunct resort. Jordan's arrival exposes Lexie's true identity and brings her dead husband's 'friends' calling. Jordan offers to help, but the shadow of his drinking leaves Lexie reluctant to trust. Can they conquer their fears and find the courage to face the criminals—and the world—together? What's deadlier than a loaded shotgun? A man on a mission to save his woman... Tensions are high in the Steel Knights clubhouse. That only gets worse when I find myself caught in a hail of bullets from another MC. No one wants to get involved. Yet when my past shows up asking for help... How can I deny her? Erica still holds my heart. Yet, protecting her might cost me my future with the

club. Don't get involved. That directive is easier said than done. Especially when our new enemies have their sights set on my woman. Losing her isn't an option. That may mean leaving the Steel Knights and my brothers behind. But I'm not afraid to pull the trigger.

The business world swarms with alpha males—powerhouses who take charge, produce astonishing results, and bring enormous value to their organizations. But many alphas also leave a path of destruction in their wake. Competitive, belligerent, and impatient, these hard-charging leaders can run roughshod over colleagues and employees, to the detriment of their careers and the bottom line. In *Alpha Male Syndrome*, Kate Ludeman and Eddie Erlandson build on their Harvard Business Review article “Coaching the Alpha Male”—sounding a wake-up call to all alphas and the companies they work for. The authors show alphas how to leverage their unique strengths while confronting their destructive “flip side risks.” They describe the distinguishing dynamics of the alpha male syndrome and identify four breeds: commanders, executors, strategists, and visionaries. By understanding each type’s nuances, alphas can transform themselves into more effective leaders. And those who work with alphas can transform nightmare work groups into collaborative dream teams. Exercises, checklists, and tips enable readers to harness the enormous power of the alpha personality while minimizing the downsides of alpha behavior.

Men are losing their masculinity. Guys are urged to get in touch with their "feminine" side at the expense of the traditional attributes that make men "male." Not only has "manliness" become a dirty word in a society of beta males and couch potatoes, but there's actually less and less of it in the blood of too many American men, with studies showing declines in average testosterone levels over the past 20 years. Today's men need a major adjustment of alpha attitude, and "Alpha Male Challenge" is the 10-week plan for reclaiming the masculine, competitive edge guys need to be on top of their game in every aspect of their lives. It's the new blueprint for the "true" Alpha Male--the ideal of masculine excellence today. More than just another fitness book, this three-part exercise, diet, and mind-set overhaul features: the revolutionary MaleScale assessment questionnaire that measures the physical and mental traits that define the true Alpha Male; a step-by-step regimen to develop the Four C's of Alpha Attitude: commitment, confidence, courage, and conscience; the Alpha Wave Basic Training program to build muscle, burn fat, and produce testosterone; the Work Heart/ Play Heart cardio system; and the Alpha Fuel Solution, a convenient approach to food and supplements with simple Fuel Rules based on what the human body was designed to eat over the past 2.5 million years, tweaked with cutting edge innovations. This is a straightforward instruction manual to build the kind of man these hard times demand: ruggedly powerful and supremely confident. It will help guys become more successful in their workouts, in their careers, and even in their relationships, as they learn to embody the everyday heroism of the true Alpha Male.
