Communication Policy Research Latin America is published annually by the Americas Information and Communications Research Network. CPRLatam is organized exclusively for scientific and education purposes. The main goal of the organization is to provide training and consulting services

for scholars, private sector, and government officers on ICT policy, and to hold an annual conference for the exchange of non-partisan research, education, and information aiming to increase academic, private and government officers and the public awareness regarding ICT policy issues. This volume gathers papers submitted to the 2019 CPRLatam International Conference, in Cordoba (Argentina) which follows a set of conferences previously held in Buenos Aires (Argentina), New York (United States), Mexico City (Mexico), Brasilia (Brazil), Lima (Peru), Valparaiso (Chile), Mexico City / Oaxaca (Mexico), Bogota (Colombia), Cancun (Mexico), Cartagena (Colombia) and Varadero (Cuba). The 2019 CPRLatam Conference was

organized in coordination with the Latin American Telecommunications Congress (CLT2019).

Every church is driven by something. Tradition, finances, programs, personalities, events, seekers, and even buildings can each be the controlling force in a church. But Rick Warren

believers that in order for a church to be healthy it must become a purpose driven church by Jesus. Now the founding pastor of Saddleback Church shares a proven five-part strategy that will enable your church to grow. . . - Warmer through fellowship - Deeper through discipleship - Stronger through worship - Broader through ministry - Larger through evangelism. Discover the same practical insights and principles for growing a healthy church that Rick has taught in seminars to over 22,000 pastors and church leaders from sixty denominations and forty-two countries. The Purpose Driven Church® shifts the focus away from church building programs to emphasizing a people-building process. Warren says, "If you will concentrate on building people, God will build the

church."

This book brings together a group of internationally-reputed authors in the field of digital literacy. Their essays explore a diverse range of the concepts, policies and practices of digital literacy, and discuss how digital literacy is related to similar ideas: information literacy, computer literacy, media literacy, functional literacy and digital competence. It is argued that in light of this diversity and complexity, it is useful to think of digital literacies - the plural as well the singular. The first part of the book presents a rich mix of conceptual and policy perspectives; in the second part contributors explore social practices of digital remixing, blogging, online trading and social networking, and

consider some legal issues associated with digital media.

Reading Khipus as Primary Sources

London : Nelson

Rare edition with unique illustrations.

When Jacob and Wilhelm Grimm published their Children's and Household Tales in 1812, followed by a second volume in 1815, they had no idea that such stories as "Rapunzel," "Hansel and Gretel," and "Cinderella" would become the most celebrated in the world. From "The Frog King" to "The Golden Key," wondrous worlds unfold--heroes and heroines are rewarded, weaker animals triumph over the strong, and simple bumpkins prove themselves not so simple after all. A delight to read, The Original Folk and Fairy Tales of the Brothers Grimm presents these peerless

stories to a whole new generation of readers.

Tiger has been acting like a bully, but Rat shows him how important it is to share and play fair. Rat and Tiger are best friends. They have lots of fun playing together, even though when they play cowboys, Rat always has to be the bad guy. When they share a snack, Rat always gets the smaller piece. But one day, Tiger takes the bullying too far, and Rat decides that he's not going to take it anymore. Rat stands up for himself and refuses to be Tiger's friend until Tiger learns to play fair and square. With appealing illustrations and a simple text,

Keiko Kasza delivers an important message about friendship in this heartwarming story.

Here is a major work by a Chilean poet thought by many to be the most brilliant and important new voice in the Spanish language. In its first American edition, this poetry is presented in Spanish and English, so that readers of both languages may listen to Zurita's voice. *Anteparadise* can be read as a creative response, an act of resistance by a young artist to the violence and suffering during and after the 1973 coup that toppled the democratically elected Allende government. Zurita thus follows the example of several Latin American poets such as the Peruvian César Vallejo

and Chilean Nobel laureate Pablo Neruda, sharing their passion and urgency, but his voice is unique.

Inka khipus--spun and plied cords that record information through intricate patterns of knots and colors--constitute the only available primary sources on the Inka empire not mediated by the hands, minds, and motives of the conquering Europeans. As such, they offer direct insight into the worldview of the Inka--a view that differs from European thought as much as khipus differ from alphabetic writing, which the Inka did not possess. Scholars have spent decades attempting to decipher the Inka khipus, and Gary Urton has become the world's leading authority on

these artifacts. In *Inka History in Knots*, Urton marshals a lifetime of study to offer a grand overview of the types of quantitative information recorded in khipus and to show how these records can be used as primary sources for an Inka history of the empire that focuses on statistics, demography, and the "longue durée" social processes that characterize a civilization continuously adapting to and exploiting its environment. Whether the Inka khipu keepers were registering census data, recording tribute, or performing many other administrative tasks, Urton asserts that they were key players in the organization and control of subject populations throughout the empire and that khipu record-keeping vitally contributed to the emergence of political

complexity in the Andes. This new view of the importance of khipus promises to fundamentally reorient our understanding of the development of the Inka state and the possibilities for writing its history.

In *The Codex*, published in 1954, C.H.

Roberts studied the process by which in the early centuries of our era the roll as the vehicle for literature was replaced by the codex, which has remained the format of the book ever since. New evidence that has accumulated in the last thirty years has set some of the problems in a new light and in this book, published here for the first time in paperback, the authors re-examine

these and offer a different explanation for the remarkable part in the transformation played by the early Church.

The Life and Industrial Labors of William Wheelwright in South America Dufour Editions

The Book of the Passion follows the whole via crucis, step by step, from the agony in the garden to the death and resurrection of Jesus Christ, in the language of contemporaneous poetry.

By means of poetic intuition, these poems look into the deep mysteries of our salvation, with vigorous emphasis in the immeasurable love and pain of the Lord on the cross. The overflowing of the imagination and the strength of the narrative and dramatic verse aim to arouse contemplative prayer and to encourage a higher love for Christ the Lord. This book is intended for readers who are both able to read poetry and willing to contemplate the passion of the Lord Jesus. The language of poetry may give to these readers a better understanding of the problem of pain, or at least a glimpse of the sense of human suffering, which is not always available for them in flat prose.

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

Representing current thinking about a wide range of issues related to reading motivation, this book offers a look at how to create classroom cultures that foster in students the love of reading.

The book is about teachers and the critical role they play in helping children develop into motivated, active, engaged readers who read both for pleasure and information because they find it to be personally satisfying and rewarding. After an introduction ("Developing Lifelong Readers" by Eugene H. Cramer and Marrietta Castle), chapters in the book are: (1) "Reading and Society: Lessons from the World Out There" (Lloyd W. Kline); (2) "Toward a Model of Reading Attitude Acquisition" (Michael C. McKenna); (3) "The Insatiable Appetite" (Victor Nell); (4) "Who Reads What and When?" (Peter J. L. Fisher); (5) "How Teacher Attitudes Influence Reading Achievement" (Edward J. Dwyer and Evelyn E. Dwyer); (6) "A Portrait of Parents of Successful Readers" (Dixie

Lee Spiegel); (7) "Promoting the Reading Habit: Considerations and Strategies" (Jerry L. Johns and Peggy VanLeirsburg); (8) "Literature and the Visual Arts: Natural Motivations for Literacy" (Richard Sinatra); (9) "Instilling a Love of Words in Children" (Nancy Lee Cecil); (10) "Connecting in the Classroom: Ideas from Teachers" (Eugene H. Cramer); (11) "Helping Children Choose Books" (Marietta Castle); (12) "Values, Agendas, and Preferences in Children's and Young Adult Literature" (June D. Knafle); (13) "Response to Literature: Models for New Teachers" (Camille L. Z. Blachowicz and Cathryn A. Wimett); (14) "Affect Versus Skills; Choices for Teachers" (Betty S. Heathington); (15) "Coordinating Teacher Read-Alouds with Content Instruction in Secondary Classrooms"

(Judy S. Richardson); (16) "Writing Novels for Discouraged Readers...and Why We Must" (Irene Schultz); and (17) "Educating Teachers Affectively: Client-Centered Staff Development" (Cara L. Garcia). An epilogue ("The Need for Affective Literates" by Larry Mikulecky), concludes the book. Contains 93 references. (RS)

The Affective Domain in Reading

Education Wipf and Stock Publishers

Christopher Columbus returned to Europe in the final days of 1500, ending his third voyage to the Indies not in triumph but in chains. Seeking to justify his actions and protect his rights, he began to compile biblical texts and excerpts from patristic writings and medieval theology in a manuscript known as the Book of Prophecies. This

unprecedented collection was designed to support his vision of the discovery of the Indies as an important event in the process of human salvation - a first step toward the liberation of Jerusalem and the Holy Land from Muslim domination. This work is part of a twelve-volume series produced by U.C.L.A.'s Center for Medieval and Renaissance Studies which involved the collaboration of some forty scholars over the course of fourteen years. In this volume of the series, Roberto Rusconi has written a complete historical introduction to the Book of Prophecies, describing the manuscript's history and analyzing its principal themes. His edition of the documents, the only modern one, includes a complete critical apparatus and detailed commentary, while the facing-page

English translations allow Columbus's work to be appreciated by the general public and scholars alike.
