teoría y práctica John Benjamins Publishing
 Introduccion a la linguistica hispanica actual: teoria y practica has been specially designed for students of Spanish with little or no linguistic background, who need to understand the key concepts and constructs of Hispanic Linguistics. The book has been carefully crafted to introduce the reader to the main areas of linguistics, both theoretical and applied. General Linguistics, Phonology and Phonetics, Morphology, Syntax, Semantics and Pragmatics, History of the Spanish Language, Language Variation, and Second Language Acquisition are concisely and accurately outlined, providing a comprehensive foundation in the field. Features include: sequenced exercises and engaging activities which facilitate the learning of each area of linguistics; emphasis on the connections between theory and the actual use of the language throughout the book; a

selection of possible research projects and guidance on further reading in each chapter, giving students the necessary tools for in-depth exploration of each of the areas presented in the book; a bilingual glossary of key linguistic terms; a comprehensive e-resource with a wealth of additional materials, including audio clips and videos of the varieties of Spanish around the world, available at www.routledge.com/products/9780415631570. Written in a clear and accessible manner, *Introduccion a la linguistica hispanica actual* is the ideal introduction for all undergraduate students of Hispanic Linguistics. The book will also be of interest to graduate students with no prior exposure to linguistics. "[Music and Myth in Modern Literature](#) Cambridge University Press
 Mano a mano: português para falantes de espanhol vem preencher uma importante lacuna no mercado editorial: a carência de livros didáticos que, considerando as necessidades específicas de falantes de espanhol, favoreçam um desenvolvimento mais

rápido de sua proficiência em português. A coleção reúne uma série de características favoráveis à aprendizagem do português em diferentes contextos (Ensino Médio, universidades, cursos livres): Convida o aluno(a) a desenvolver sua proficiência em português ao mesmo tempo em que forma uma imagem multifacetada do Brasil, em diálogo com suas próprias construções culturais, desconstruindo discursos estabilizados e ampliando seus horizontes; Favorece o trânsito por múltiplas práticas de letramento, em que circulam diferentes gêneros discursivos, oferecendo oportunidades para que o(a) estudante aprimore suas capacidades de linguagem em contextos reais, ou próximos a situações autênticas de interação; Sensibiliza o(a) aluno(a) para diferentes variedades da língua portuguesa; Permite ao(à) estudante desenvolver suas capacidades lexicogramaticais e fonético-fonológicas de maneira reflexiva e contextualizada, levando em consideração necessidades específicas de falantes de espanhol; Propõe tarefas semelhantes às

encontradas no Certificado de Proficiência em Língua Portuguesa para Estrangeiros (Celpe-Bras), do Ministério da Educação brasileiro; É acompanhado por dois cadernos complementares integrados, com explicações detalhadas referentes a recursos lexicogramaticais e fonético-fonológicos, além de uma série de atividades; Apresenta um site com materiais complementares, incluindo os vídeos e áudios de tarefas de compreensão oral e de atividades de pronúncia. Preparado para o desenvolvimento de um curso de até 60 horas em contexto de imersão, ou 90 horas de não-imersão, Mano a mano - volume 1 (Básico) permite levar falantes de espanhol (como língua materna ou estrangeira/adicional) que nunca tiveram contato significativo prévio com o português até o início do nível Intermediário do Celpe-Bras, do B1 do Quadro Europeu Comum de Referência para as Línguas, ou do Intermediário Médio do American Council on the Teaching of Foreign Languages.

Introducción a la sociolingüística hispánica
Multilingual Matters

In and out of English: For Better, For Worse? is concerned with the impact of English as the lingua franca of today's world, in particular its relationship with the languages of Europe. Within this framework a number of themes are explored, including linguistic imperialism, change as the result of language contact, the concept of the English native speaker, and the increasing need in an enlarged Europe for translation into as well as out of English.

Introducción a la Lingüística Hispánica

Actual Routledge
Analysis of bilinguals' use of two languages reveals highly adept code-switching: alternating between languages while keeping intact the separate grammars.

El bilingüismo en el mundo

hispanohablante
Routledge

In part due to its exotic place within the languages of Europe, but mainly because of its basic typological differences with better-described languages, Basque has often attracted the interest of linguists of very different theoretical persuasions. This book presents a

collection of articles which are representative of work being done on Basque at the moment from a generative perspective. Most of the major issues in Basque Syntax, Morphology and Phonology are examined in this book and the implications of the Basque data for theories of universal grammar are made explicit.

Generative Studies in Basque Linguistics

Houghton Mifflin Harcourt
Written entirely in Spanish, this is the ideal introduction to Spanish linguistics for students. Using clear explanations, it covers all the basic concepts required to study the structural aspects of the Spanish language - phonetics and phonology, morphology and syntax - as well as the history of Spanish, its dialects and linguistic variation. This second edition incorporates new features designed to enhance its usefulness for classroom teaching: chapters have been added on the sociolinguistics of Spanish in the USA, and on semantics and pragmatics. The chapter on syntax has been considerably expanded. Numerous exercises have been added throughout

the book, as well as a new glossary to help with technical terms.

Portugues Para Falantes de Espanhol - Nivel Basico

John Benjamins Publishing
Introducción a la lingüística hispánica actual is the ideal introduction to Spanish linguistics for all undergraduate and postgraduate students of Spanish. No prior knowledge of linguistics is assumed as the book takes you step-by-step through all the main subfields of linguistics, both theoretical and applied. Phonology, morphology, syntax, semantics, pragmatics, second language acquisition, history of the Spanish language, dialectology and sociolinguistics are concisely and accurately outlined providing a comprehensive foundation in the field. A comprehensive companion website provides a wealth of additional resources including further exercises to reinforce the material covered in the book, extra examples to clarify the most difficult concepts, extensive audio clips which reproduce the sounds of phonemes and allophones and

sonograms. Written in a clear and accessible manner with extensive auxiliary materials, *Introducción a la lingüística hispánica actual* has been specially designed for students of Spanish with little or no linguistic background who need to understand the key concepts and constructs of Spanish linguistics.

The History of Basque
Routledge

A state-of-the-art, in-depth survey of the topics, approaches and theories in Spanish linguistics today. The language is researched from a number of different perspectives. This Handbook surveys the major advances and findings, with a special focus on recent accomplishments in the field. It provides an accurate and complete overview of research, as well as facilitating future directions. It encourages the reader to make connections between chapters and units, and promotes cross-theoretical dialogue. The contributions are by a wide range of specialists, writing on topics including corpus linguistics, phonology and phonetics, morphosyntax, pragmatics, the role of

the speaker and speech context, language acquisition and grammaticalization. This is a must-have volume for researchers looking to contextualize their own research and for students seeking a one-stop resource on Spanish linguistics.

In and Out of English

Routledge

Introducción a la Sociolingüística Hispánica es un libro de texto imprescindible para los estudiantes de pregrado que cursan sociolingüística hispánica. Cada capítulo está redactado en un lenguaje sencillo y accesible. Sobre la base de un enfoque pedagógico, cada capítulo incluye una introducción, una lista de los temas a ser discutidos, el desarrollo de tales temas, un resumen, una lista de términos claves, un glosario de la terminología clave, una sección de ejercicios y preguntas de comprensión al final de cada sección temática de cada capítulo. Provee una introducción actualizada sobre los temas más relevantes de la versátil sociolingüística española contemporánea tales como la variación fonológica, el bilingüismo, la lengua y las leyes, las actitudes lingüísticas, entre otros. Incluye una variedad de actividades para apoyar y extender el aprendizaje de los estudiantes. Ofrece un

enfoque pedagógico único que incluye ejercicios de análisis de datos. Estas actividades estimulan la investigación por parte de los estudiantes a través del uso de las bases de datos, la música popular y otros recursos audiovisuales. El libro incluye ejemplos de las variedades de español habladas en el mundo hispanohablante con secciones especiales dedicadas a las variedades habladas en los EEUU. Introducción a la Sociolingüística Hispánica is a much-needed undergraduate introduction to the study of sociolinguistics in the Spanish-speaking world. Written in accessible Spanish, each chapter includes an overview, a review of topics, a section of key terms, exercises and questions. Provides up-to-date coverage of the main topics of sociolinguistics - such as phonological variation, bilingualism, and language attitudes - in relation to the Hispanic world. Incorporates a variety of activities to support and extend student's learning. Offers a unique pedagogical approach, in which data analysis exercises

encourage students to conduct research by using electronic databases, popular music, and audiovisual material. Features examples that apply to Spanish varieties spoken around the world, with special sections dedicated to the Spanish varieties of the US. Culturas de España Routledge Taking a student-centered approach to learning, CULTURAS DE ESPAÑA, 2nd Edition truly engages students with its wealth of authentic texts and visual materials while encouraging them to think critically about the cultures of Spain. Developed for Spanish students at the fifth-semester level or higher, this insightful reader makes an excellent main text in a civilization, culture, or reading course. A departure from traditional texts, which present Spanish civilization as a neutral recounting of historical facts, events, and data, CULTURAS DE ESPAÑA, 2nd Edition emphasizes that history, culture, and civilization are concepts under constant construction. An intriguing conceptual focus brings to life the history and everyday experiences that shape national

identity. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

[The Native Languages of South America](#) Wiley-Blackwell

This book is the first major study that explores the intrinsic connection between music and myth, as Nietzsche conceived of it in *The Birth of Tragedy* (1872), in three great works of modern literature: Romain Rolland's Nobel Prize winning novel *Jean-Christophe* (1904-12), James Joyce's modernist epic *Ulysses* (1922), and Thomas Mann's late masterpiece *Doctor Faustus* (1947). Juxtaposing Nietzsche's conception of the Apollonian and Dionysian with narrative depictions of music and myth, Josh Torabi challenges the common view that the latter half of *The Birth of Tragedy* is of secondary importance to the first. Informed by a deep knowledge of Nietzsche's early aesthetics, the book goes on to offer a fresh and original perspective on *Ulysses* and *Doctor Faustus*, two world-famous novels that are rarely discussed together, and makes the case for

the significance of Jean-Christophe, which has been unfairly neglected in the Anglophone world, despite Rolland's status as a major figure in twentieth-century intellectual and literary history. This unique study reveals new depths to the work of our most enduring writers and thinkers.

Introducción a la Lingüística Hispánica
Routledge

Basque is the sole survivor of the very ancient languages of Western Europe. This book, written by an internationally renowned specialist in Basque, provides a comprehensive survey of all that is known about the prehistory of the language, including pronunciation, the grammar and the vocabulary. It also provides a long critical evaluation of the search for its relatives, as well as a thumbnail sketch of the language, a summary of its typological features, an external history and an extensive bibliography.

The Handbook of Hispanic Sociolinguistics

Cengage Learning
Describes the changes which led from colloquial Latin to the five major Romance languages: Spanish, French, Italian,

Portuguese, and Romanian.

John Wiley & Sons

The Routledge Handbook of Spanish Language

Teaching: metodologías, contextos y recursos para la enseñanza del español

L2, provides a comprehensive, state-of-the-art account of the

main methodologies, contexts and resources in Spanish Language

Teaching (SLT), a field

that has experienced significant growth worldwide in recent decades

and has consolidated as an autonomous discipline within Applied Linguistics.

Written entirely in

Spanish, the volume is the first handbook on Spanish

Language Teaching to

connect theories on language teaching with

methodological and

practical aspects from an international perspective.

It brings together the most recent research and offers a broad, multifaceted view of the

discipline. Features

include: Forty-four

chapters offering an

interdisciplinary overview

of SLT written by over

sixty renowned experts from around the world; Five broad sections that combine theoretical and practical components: Methodology; Language Skills; Formal and Grammatical Aspects; Sociocultural Aspects; and Tools and Resources; In-depth reflections on the practical aspects of Hispanic Linguistics and Spanish Language Teaching to further engage with new theoretical ideas and to understand how to tackle classroom-related matters; A consistent inner structure for each chapter with theoretical aspects, methodological guidelines, practical considerations, and valuable references for further reading; An array of teaching techniques, reflection questions, language samples, design of activities, and methodological guidelines throughout the volume. The Routledge Handbook of Spanish Language Teaching contributes to enriching the field by being an essential reference work and study material for specialists, researchers, language practitioners, and current and future educators. The book will be equally useful for people interested in curriculum design and

graduate students willing to acquire a complete and up-to-date view of the field with immediate applicability to the teaching of the language.

Teoría Y Práctica

Introducción a la Lingüística Hispánica
An introductory chapter examines the goals and methods of linguistics, followed by chapters on Spanish phonetics and phonology, Spanish morphology and Spanish syntax. The history of the Spanish language and linguistic variation in the Spanish-speaking world are also explored. With clear and accessible exercises accompanying each chapter, this text should provide students with a solid foundation for pursuing further study in Spanish or general linguistics.

Code-switching and Grammars in Contact
Cambridge University Press

Pragmática del español introduces the central topics in pragmatics and discourse from a sociolinguistic perspective. Pragmatic variation is addressed within each topic, with examples from different varieties of Spanish spoken in Latin America, Spain and the United States. A companion

website provides additional exercises and a corpus of Spanish data for student research projects. A sample syllabus and suggestions for further reading help instructors tailor the material to a one-semester course or as a supplement to general introduction to Hispanic linguistics courses. This is an ideal resource for advanced undergraduate and postgraduate students, at level B2 – C2 of the Common European Framework for Languages, and Intermediate High – Advanced High on the ACTFL proficiency scales. **A Full-scale Reference Guide for Typologists**
Cambridge University Press

The culture of medieval Spain was anything but homogeneous. It varied not only through time, with the approach of the Renaissance, but also geographically, with great differences between north and south. In this study, author Lucy A. Sponsler illuminates the role of women during this interesting period by exploring their portrayal in literature. *Women in the Medieval Spanish Epic and Lyric Traditions* examines the various ways in which women were portrayed in the

formative years of medieval society, as well as the development of these views as new social mores evolved. Employing a thorough examination of

the literature, Sponsler reveals that a high degree of respect was demonstrated toward women in Spanish prose

and poetry of this period. Her study sheds new light on the role of women in relation to men, family, and social organization in medieval Spain.
