This companion to our bestselling book, The Care & Keeping of You,

received its own all-new makeover! This updated interactive journal allows girls to record their moods, track their periods, and keep in touch with their overall health and well-being. Tips, quizzes, and checklists help girls understand and express what's happening to their bodies--and their feelings about it.

The Fortune-Telling Book Routledge

The World Encyclopedia of Contemporary Theatre: Europe covers theatre since World War II in forty-seven European nations, including the nations which re-emerged following the break-up of the former USSR, Czechoslovakia and Yugoslavia. Each national article is divided into twelve

sections - History, Structure of the National Theatre Community, Artistic Profile, Music Theatre, Theatre for Young Audiences, Puppet Theatre, Design, Theatre, Space and Architecture, Training, Criticism, Scholarship and Publishing and Further Reading - allowing the reader to use the book as a source for both area and subject studies.

Cambridge University Press

Kabuki has been a part of Japanese culture for nearly four centuries. The plays performed today are generally selected from a classic repertoire that gradually ceased to develop once Japan broke the chains of its isolationist policy and began the surge

toward Westernization. The plays largely reflect the values of feudal Japan, and they portray a world of noble samurai overcoming evil adversaries, adulterous lovers overcoming their dilemmas through double suicide, parents sacrificing their children in the name of loyalty to a superior, and children giving up their lives for the sake of their parents. Productions typically contain spectacular sets, elaborate costumes, and colorful makeup. Though kabuki is so essential to the heritage of Japan, it still remains largely a beautiful mystery to the West. This reference book is a comprehensive guide to the fascinating world of kabuki. An extensive revision and expansion

of the 1979 Kabuki Encyclopedia, this volume is the most comprehensive guide to Japan's kabuki theatre in any language other than Japanese. The present volume includes many new illustrations, a lengthy and detailed index, thorough cross-referencing, greatly expanded descriptions of plays, an extensive bibliography of English-language and Japanese sources, and more than 400 new entries. A major feature is the inclusion of Japanese characters for all main entry terms, titles, and names. The entries are arranged alphabetically, and the volume's appendices include a chronological table of kabuki history, a list of all major or formal play titles, a list of all variant or popular

titles, genealogical charts, and a list of all major actors' stage nicknames (yago) currently in use. *The Encyclopedia of Genuine Stage Hypnotism* Oxford University Press, USA Gerald Bordman's *American Musical Theatre* has become a landmark book since its publication in 1978. It chronicles American musicals, show by show and season by season, and offers a running commentary and assessment as well as providing the basic facts about each production. This updated edition includes the new shows that have opened on Broadway since the original publication. Also included are over a hundred musicals that were turn-of-the-

century, cheap-priced touring shows which never played Broadway, but were the training ground for many theatre greats. *World Encyclopedia of Contemporary Theatre* Greenwood [V.1.] A-K -- [v.2.] L-Z. **The World Encyclopedia of Contemporary Theatre** Oxford University Press, USA One of the world's most well known fictional characters, Sherlock Holmes first appeared in print in 1887. The detective was featured in four novels and 56 short stories written by his creator, Sir Arthur Conan Doyle. Within a decade of his creation Sherlock Holmes made his theatrical debut, first in a couple of obscure productions and soon in the

celebrated play adapted by and starring William Gillette. Through the 20th century and beyond, the fictional detective featured in dozens of plays, not to mention radio programs, films, and television shows. In *Sherlock Holmes on Stage*, Amnon Kabatchnik cites the many theatrical appearances of the great detective since his debut in a one-act musical satire in November 1893. Divided into three sections, this book focuses on plays written or cowritten by Conan Doyle, one-act productions, and plays written by other authors—either adaptations of the novels and stories or original works. Within these sections, each

entry is arranged in chronological order and provides a plot synopsis, production details, and other unique features. Some entries identify principal actors and provide biographical sketches of the playwrights, as well as those actors who made a lasting impression as the fictional sleuth. The book also includes several appendixes that focus on special productions, plays that feature variations of the Holmes character, and a list of acting editions.

The Oxford Companion to Theatre and Performance Visible Ink Press

This encyclopedia contains more than 1500 detailed entries covering such topics as equipment, methods,

concepts, design process, electricity, characteristics of light, and lightboard operations. Where applicable, entries present both the historical and current significance of the apparatus or concept being described.

Entries are extensively cross-referenced, and many include line drawings and samples of lighting paperwork.

American Musical Theatre SAGE

This is a must-have encyclopedia with over 1500 amazing photographs, illustrations and diagrams. Topics covered include animals and plants, how the human body works, history, cultures, science, technology, space, and our world.

The Encyclopedia of

New Wave Apple Paperbacks

The most reliable source for data on productions of the New York stage, both Broadway and Off Broadway, is now complete from 1920 through 1950 with the publication of this third volume devoted to the 1940s. The volumes for 1920-1930 and 1930-1940 have been called invaluable, indispensable, essential, and other superlatives by reviewers, widely utilized by theatre scholars and researchers, consulted by companies producing revivals, and quoted by Playbill magazine in answering readers' queries. The continuing series represents a remarkable achievement for

theatre historian Samuel Leiter, who singlehandedly has set out to provide such detailed coverage of New York theatre in the twentieth century. Like its predecessor volumes, The Encyclopedia of the New York Stage, 1940-1950 provides a description of every legitimate production--play, musical, revue, or revival; English-language or foreign-language, domestic or import--staged in the New York professional theatre and reviewed by the press during the decade: in this case, nearly 1150 productions. Each listing begins with genre designation and subject categorization and proceeds to writing and production credits, theatre, opening dates, and run. The narrative

text that follows, provides, along with plot summary, a lively account of background, anecdotal commentary from biographies and autobiographies, and critical responses to play and production with reference to and quotes from reviews. Ten appendixes offer listings of plays chronologically and in categories as well as play sources, awards, information on theatres, institutional theatres, foreign companies, reviewers, and various statistics. A selected bibliography and indexes of proper names and titles complete the work. The volume introduction is itself a history of New York theatre in the period of World War II and its aftermath. It deals with the hazardous business of

theatre, both commercial and nonprofit, with the critical establishment of the day, with the increasing professionalism of Off Broadway, with ethnic theatre and visiting companies, and provides a fascinating overview of production highlights. Although the 1940s is not regarded as a landmark era in American theatre, it did see first productions of such classics as Tennessee Williams's *A Streetcar Named Desire*, Arthur Miller's *Death of a Salesman*, and Rodgers and Hammerstein's breakthrough musical *Oklahoma!* This volume and the predecessor volumes of this encyclopedia series are indispensable reference tools.

The Encyclopedia of the New York Stage, 1920-1930 Simon and Schuster

What time is it? Adventure Time™! Explore the magical world of Ooo with Jake the Dog and Finn the Human, along with the Ice King, Princess Bubblegum, Marceline the Vampire Queen, and all your favorite Adventure Time characters, in this New York Times bestselling companion book to Cartoon Network's hit animated series. Written and compiled by the Lord of Evil

himself, The Adventure Time Encyclopaedia matches the playful, subversive tone of the television series, detailing everything anyone will ever need to know about the postapocalyptic land of Ooo and its inhabitants—secret lore and spells, fun places you should visit and places where you will probably die, whom to marry and whom not to marry, how to make friends and destroy your enemies—plus handwritten marginalia by Finn, Jake, and Marceline. An indispensable guide to the show fans love to watch, this side-splittingly funny love letter to Adventure Time is sure to appeal to readers of all ages. Heck yeah! From the Back Cover: Written by

the Lord of Evil Himself, Hunson Abadeer (a.k.a. Marceline the Vampire Queen's dad), to instruct and confound the demonic citizenry of the Nightosphere, The Adventure Time Encyclopaedia is perhaps the most dangerous book in history. Although seemingly a guidebook to the Land of Ooo and its postapocalyptic inhabitants, it is in fact an amusing nightmare of literary pitfalls, bombastic brain-boggles, and ancient texts designed to drive the reader mad. Complete with secret lore and wizard spells, fun places you should visit and places where you will probably die, advice on whom to marry and whom not to marry, and how to make friends and

destroy your enemies, this volume includes hand-written marginalia by Finn, Jake, and Marceline. Arguably the greatest encyclopaedia ever written since the beginning of the cosmos, it is also an indispensable companion to humans and demons who know what time it is: Adventure Time! Praise for The Adventure Time Encyclopaedia: "Even if you're an adult Adventure Time fan, the book will make you feel like you're 10 again." —USA Today's Daily Candy blog "The brand-new Adventure Time Encyclopaedia will tell viewers everything they need to know about the post-apocalyptic magical land and its inhabitants." —Entertainment

Weekly's Family Room blog "The . . . Encyclopaedia will appeal to Adventure Time fans who want to delve deeper into the show's mysterious back story and bizarre details." —The Los Angeles Times'Hero Complex blog [World Encyclopedia of Contemporary Theatre](#) Scarecrow Press Provides an overview of the basic equipment and techniques needed to work with traditional materials as well as plastic and acrylic. **Midnight in the Garden of Good and Evil** Random House "Written by a practitioner of various Western occult traditions -- the author has a background in druidism, freemasonry, cabala, Louisiana hoodoo, and is a certified tarot

grandmaster -- this is an authoritative and engaging reference on the occult. Cross-references lead to relevant entries, and sources for further reading are often suggested (a bibliography of these sources is included at the end of the volume). Extensively researched yet concise, this encyclopedia will provide a wide range of users with information on both occult history and current practice."-- "Reference that rocks," American Libraries, May 2005.

The Encyclopedia of Stage Illusions Taylor & Francis

Contains a collection of alphabetically-arranged entries from 'Abd al-Qadir to John Cummings on the history, geography, culture, religion and

ideologies, wars, and economy of the African nations; and includes essays and photographs.

The Adventure Time Encyclopaedia (Encyclopedia) SAGE Publications

Action research is a term used to describe a family of related approaches that integrate theory and action with a goal of addressing important organizational, community, and social issues together with those who experience them. It focuses on the creation of areas for collaborative learning and the design, enactment and evaluation of liberating actions through combining action and research, reflection and action in an ongoing cycle of cogenerative

knowledge. While the roots of these methodologies go back to the 1940s, there has been a dramatic increase in research output and adoption in university curricula over the past decade. This is now an area of high popularity among academics and researchers from various fields—especially business and organization studies, education, health care, nursing, development studies, and social and community work. The SAGE Encyclopedia of Action Research brings together the many strands of action research and addresses the interplay between these disciplines by presenting a state-of-the-art overview and comprehensive

breakdown of the key tenets and methods of action research as well as detailing the work of key theorists and contributors to action research.
