New Trends of Research on Iconography and Symbolism of Ancient Egyptian Coffins

JAMIE AYERS**The Hypocephalus: An Ancient Egyptian Funerary Amulet**

PENGUIN CLÁSICOS

The hypocephalus is an element of Late Period and Ptolemaic funerary equipment—an amuletic disc placed under the head of mummies. Its shape emulates the sun's disc, and its form is planar (although it is occasionally concave). This volume analyses the written records and iconography of these objects.

A History of Egyptology is a ground-breaking reference work that traces the study of ancient Egypt. Spanning 150 years and global in purview, it enlarges our understanding of how and why people have looked, and continue to look, into humankind's distant past through the lens of the enduring allure of ancient Egypt. Written by an international team of scholars, the volume investigates how territories around the world have engaged with and have been inspired by Egyptology, and how that engagement has evolved over time. Each chapter presents a specific territory from an institutional and national perspective, while examining a range of transnational links as well. The volume thus touches on multiple strands of scholarship, embracing not only Egyptology, but also social history, the history of science and reception studies. It will appeal to amateurs and professionals alike.

Au point, the leading advanced-level French course, has been fully revised and updated, to match the requirements of the new AS and A GCE specifications.

[essai sur la mythologie de l'Égypte](#) Cambridge University Press

The result of a major colloquium on burial customs in Roman Egypt, these papers cover the reasons behind the development of mummy portraits and the society from which they emerged, as well as the artistic techniques employed.

Histoire ancienne des peuples de l'orient classique

Glencoe/McGraw-Hill

This reference work is comprised of two volumes treating the

Middle Ages and the Renaissance, three volumes on the Romantics, and four volumes dealing with twentieth century authors. Scholar's new to literary history and criticism should find the balanced, well written essays on included authors a solid introduction.

Revue égyptologique British Museum Press

This book is a comprehensive study of the myth of the Egyptian deities *mś.w Bdšt* - 'Children of Weakness' - and the scene depicting the cat, cutting off the head of the serpent under the branches of the *išd*-tree found on a number of Book of the Dead chapter 17 vignettes.

Only Chantecoq, the 'king of detectives' can hope to unveil the sinister and sadistic figure that nightly haunts the Paris Louvre and its catacombs. And with that unveiling comes one of the most stunning twists.

Belphegor was made into a highly successful 1960s serial for French television and it remains one of the key works of early French pulp fiction.Studies on the Vignettes from Chapter 17 of the Book of the DeadI: The Image of *mś.w Bdšt* in Ancient Egyptian Mythology

El cine en Francia 1895-1914, reflejo de la cultura visual de una época analiza la influencia del arte del siglo xix en el cine francés de los inicios. Más allá de la pintura, el estudio profundiza en un amplio abanico de manifestaciones que reafirman la concepción de espectáculo que presentaba el cine en los orígenes, y pone de manifiesto que la estética del ochocientos fue predominante en el cine francés hasta la llegada de las experimentaciones de

vanguardia.

Los mejores libros jamás escritos. La novela *Salambó* (1862), cuya acción transcurre en el siglo III a.C., es una empresa de documentación y escritura a la que Gustave Flaubert consagró cinco años de su vida. El estudio de autores clásicos como Polibio, Plutarco o Plinio le ayudó a reconstruir la civilización cartaginesa y a recrear uno de los episodios bélicos más sangrientos del mundo antiguo: la guerra de los Mercenarios que, tras luchar en la Primera Guerra Púnica, se sublevaron contra Cartago por no recibir el pago prometido. Esta edición, que presentamos en una traducción coetánea -modernizada- que conserva todo el vigor del original, se abre con un estudio de Jacques Neefs de la Johns Hopkins University. La completan una cronología flaubertiana y un apéndice epistolar que refleja las condiciones de escritura del libro, la cordial contienda crítica que el autor sostuvo con Sainte-Beuve la agria polémica que lo enfrentó al arqueólogo Wilhelm Froehner; todo ello sirve de muestra para definir el arte de la novela. «No habrá más que gritos de águilas y montones de ruinas. ¡Caerás, Cartago!» Théophile Gautier dijo... «Salambó es una de las sensaciones intelectuales más violentas que se puedan experimentar, uno de los monumentos literarios más bellos del siglo.»

Parallax McGraw-Hill Education

This volume collects papers from the symposium 'Body, Cosmos and Eternity: the Symbolism of Coffins in Ancient Egypt', convened at the historical building of the University of Port, February 2013.
