LESS TIME! In today's fast-moving, mobile environment, the GO! with Office 2016 series focuses on the job skills needed to succeed in the workforce. With job-related projects that put Microsoft Office® into context, students learn the how and why at the moment they need to know, all in the appropriate Microsoft procedural syntax. For

Office 2016, the hallmark guided-practice to skill-mastery pathway is better than ever. Students have many opportunities to work live in Microsoft office to apply the skills they've learned. In addition, instructional projects are now available as grader projects in MyITLab, so students can work live in Office while receiving auto-graded feedback. These high-

fidelity simulations match the text and provide an effective pathway for learning, practicing, and assessing their abilities. After completing the instructional projects, students can apply their skills with a variety of progressively challenging projects that require them to solve problems, think critically, and create on their own. New GO! Collaborate with Google projects allow students to apply their skills to a new environment that is already popular in many workplaces. Integrated

Microsoft Office Specialist (MOS) objectives make GO! your one resource for learning Office, gaining critical productivity skills, and prepare for MOS certification. Also available with MyITLab MyITLab® is an online homework, tutorial, and assessment program designed for Information Technology (IT) courses, to engage students and improve results. HTML5 Simulation exercises and Live-in-Application Grader projects come with the convenience of auto-grading and instant

feedback, so students learn more quickly and effectively, and build the critical skills needed for college and career success. Digital badges allow students to showcase their Microsoft Office or Computer Concepts competencies, keeping them motivated and focused on their future careers. Note: You are purchasing a standalone product; MyITLab does not come packaged with this content. Students, if interested in purchasing this title with MyITLab,

ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.

 This is the eBook of the printed book and may not

include any media, website access codes, or print supplements that may come packaged with the bound book. This book covers introductory Word, Excel, Access, and PowerPoint, with additional sections on integrating those applications, as well as a Windows 8 workshop. Ideal for business courses. Real world problem solving for business and beyond The Your Office series prepares students to use both technical and soft skills in the real world. Hands-on technical

content is woven into realistic business scenarios and focuses on using Microsoft Office® as a decision-making tool. The series features a unique running business scenario that connects all of the cases together and exposes students to using Office to solve problems relating to business areas like finance and accounting, production and operations, sales and marketing. Each chapter introduces a realistic business case for students to complete via hands-on steps that are easily

identified in blue shaded boxes. Each blue box teaches a skill and comes complete with video and interactive support. Chapters are grouped into Business Units, which collectively illustrate a specific set of business concepts to achieve AACSB-related outcomes. Each Business Unit ends with a Capstone section, testing students' ability to apply concepts and skills beyond a single chapter. Note: You are purchasing a standalone product; MyITLab does not come packaged with this

content. Students, if interested in purchasing this title with MyITLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.

 "I want you to drive me wild," she whispered and listened to his hearty laughter as the cool object slowly caressed the inside of her calves. Shivers of anticipation raced along her nerves to

the center of her desire. She recognized the feeling of leather and blushed even deeper when she realized he was using the riding crop. The idea of it made her feel oddly aroused. In a deep tone, barely above a whisper he said, "Let's play." Librarian Sandra Dennis is a small town girl who has always dreamed of visiting France. After winning the trip of a lifetime she finds herself exactly where she wants to be; two weeks in paradise and nobody to tell to be quiet. What

more could a girl want? Suave, handsome Creighton Ashford seems to be the answer to a girl's fantasy. Living on a private luxury yacht, this eco-friendly Adonis has a way of making a heart skip and a mind forget all logic. When Sandra learns Creighton has a mafia king after him, she joins him in a trip across France to find The Don's daughter and return her to Italy before time runs out and he's forced to marry her. In his arms, Sandra discovers an exciting world of passion,

erotic desires and thrilling adventures she could never have imagined existed. Will she be able to help in his quest before her vacation is over, or will she lose her heart forever?

Go! with Microsoft Office 2013 Go! With Office 2016 A midnight ritual by a secret society in the English Countryside nearly costs Thomas Spell his life. He returns home to Chicago to find that he carries within himself something unspeakable - a condition for which he believes there is no cure, until he meets Penelope, a beautiful and brilliant pre-med student

determined to heal him. But the Brotherhood searches for him still, convinced that he holds the key to an unimaginable power. As his life begins to spiral out of control, Thomas is forced to confront his own past, as well as the dark forces closing in on him and everything he holds dear.

Go! With Office 2016 Createspace Independent Publishing Platform "Who Is God?" is a Bible Lesson Series that attempts to help the reader understand the

character of God. Many people go through life knowing about God, but not fully knowing and understanding His true character. In these lessons, you will learn some of the names of God as they describe who God is and what He means in our lives.

her affection and loyalty. Soon after, he begins his flight from slavery on the Underground Railroad. During Nat's journey through Kentucky and Ohio, the ribbon remains a constant reminder of his hope of freedom. His friendship with Marcus Armstrong, a devoted abolitionist, transforms him into a strong, independent man with dreams for his future. But his intent to live free in Canada takes a different destiny when he joins the federal army on the battlefields of the south,

eventually bringing him back to his former master's farm. *First Volume* Createspace Independent Publishing Platform Carkhuff and the Possibilities Science is the third title in the groundbreaking Human Sciences series. In Volume I, we learned how Possibilities Science addresses the limitations of Probabilities Science and led to Generativity that defines the best processes for generating the best ideas. In Volume II, we discovered how the

power of Probabilities, Possibilities and Generativity Sciences is employed by the Science of Change.

 "He is a talented and very promising young policeman. Make no mistakes, he deserves the

promotion."But when gay Detective Sergeant Dave Lyon is assigned to Detective Inspector Claire Summerskill's team as part of the Service's 'positive discrimination policy', no-one at Foregate Street Station is happy. And that includes Summerskill and Lyon. Mutual suspicion and mistrust must be shelved however, when a young man's beaten body is found on a canal tow path, and a dead-end case of 'happy slapping' unexpectedly turns into a murder investigation. Why

would someone want to kill middle class arts student Jonathan Williams? And how is his death linked to that of rent boy and would be 'adult' film star Sean? As Summerskill and Lyon's investigations proceed, the newly promoted detectives begin to untangle a web of connections, false assumptions and sheer prejudices that force them both to question closely not just their relationship with each other but with the rest of their colleagues at Foregate

Street Station and with the Police Service as a whole. "It's A Sin" is the first in the "Summerskill and Lyon" police procedural novels.

This significant new book of poetry covers a wide area of life's challenges, victories and joys. It does not fail to recognize God in all His Glory. Grandpa Moses Baird, the author, spares no punches in describing events and situations that are

sometimes painful to discuss. He does so without embarrassment, as he calls upon his own experiences in a full life of tremendous variety. He credits his wife, Honey, for her interest and encouragement toward his work. He deeply appreciates this support; as it has taken many hours of his time, lost in the composition of "Volume of Poetry - Number 79." As one indulges in the subjects the author has chosen to commit to his rhyme and verse, one can be

transported to another time. A time when one likely encountered similar experiences to those that unfold in his poetry. While

the volume may not contain poems that will be learned and recited precisely, they will leave a lasting impression on the minds and character of

many. Grandpa Moses invites you to travel with him through this patchwork of living..... really living!
