The Civilizing

Process  
stands out as  
Norbert Elias'  
greatest work,  
tracing the  
"civilizing" of  
manners and  
personality in  
Western  
Europe since  
the late  
Middle Ages  
by

demonstrating how the formation of states and the monopolization of power within them changed Western society forever. *The Fault in Our Stars* Graphic Arts Books An adaptation of the nineteenth-century science fiction tale of an electric submarine, its eccentric captain, and the undersea world, which anticipated many of the scientific achievements of the

twentieth century. **The Civilizing Process** Bantam The social, economic, and political dynamics of the first socialist revolution as explained by one of the principal leaders of this victorious struggle that changed the course of history in the twentieth century. **Deadly Women Throughout History** Vintage Now available for the first time ever as

an e-novella, New York Times bestselling author Judith McNaught's short historical romance *Miracles*—which ties up ends left open in the *Westmoreland Dynasty Saga*—is available for the first time ever as a standalone e-novella. In Regency London, world-weary lord Nicki du Ville receives an outrageous proposal from Julianna Skeffington, who is Sheridan

Bromleigh's charge from Until You.

**DOM CASMURRO**

Bloomsbury Publishing Lists records, superlatives, and unusual facts in the areas of fame, business, crime, the natural world, technology, war, the arts, music, fashion, and sports.

*The Hero with a Thousand Faces* Simon and Schuster

The experience of modernization -- the dizzying social changes that swept millions of people into the capitalist world -- and modernism in art, literature and architecture are brilliantly integrated in this account.

Springtime for Soviet Cinema

My Sweet Orange Tree  
Inspired by author Tori Telfer's Jezebel column "Lady Killers," this thrilling and entertaining compendium investigates female serial

killers and their crimes through the ages. When you think of serial killers throughout history, the names that come to mind are ones like Jack the Ripper, John Wayne Gacy, and Ted Bundy. But what about Tillie Klimek, Moulay Hassan, Kate Bender? The narrative we're comfortable with is the one where women are the victims of violent crime, not the perpetrators. In fact, serial

killers are thought to be so universally, overwhelmingly male that in 1998, FBI profiler Roy Hazelwood infamously declared in a homicide conference, "There are no female serial killers." Lady Killers, based on the popular online series that appeared on Jezebel and The Hairpin, disputes that claim and offers fourteen gruesome examples as evidence. Though largely forgotten by history, female serial

killers such as Erzsébet Báthory, Nannie Doss, Mary Ann Cotton, and Darya Nikolayevna Saltykova rival their male counterparts in cunning, cruelty, and appetite for destruction. Each chapter explores the crimes and history of a different subject, and then proceeds to unpack her legacy and her portrayal in the media, as well as the stereotypes and sexist clichés that inevitably surround her.

The first book to examine female serial killers through a feminist lens with a witty and dryly humorous tone, Lady Killers dismisses easy explanations (she was hormonal, she did it for love, a man made her do it) and tired tropes (she was a femme fatale, a black widow, a witch), delving into the complex reality of female aggression and predation. Featuring 14 illustrations from Dame

Darcy, Lady Killers is a bloodcurdling, insightful, and irresistible journey into the heart of darkness. *Emotional Intelligence* New Directions Publishing Highlights Merleau-Ponty's interest in film and connects it to his aesthetic theory. In *The Flesh of Images*, Mauro Carbone begins with the point that Merleau-Ponty's often misunderstood notion of "flesh" was another way

to signify what he also called "Visibility." Considering vision as creative voyance, in the visionary sense of creating as a particular presence something which, as such, had not been present before, Carbone proposes original connections between Merleau-Ponty and Paul Gauguin, and articulates his own further development of the "new idea of light" that the French

philosopher was beginning to elaborate at the time of his sudden death. Carbone connects these ideas to Merleau-Ponty's continuous interest in cinema—an interest that has been traditionally neglected or circumscribed. Focusing on Merleau-Ponty's later writings, including unpublished course notes and documents not yet available in English, Carbone demonstrates

both that Merleau-Ponty's interest in film was sustained and philosophically crucial, and also that his thinking provides an important resource for illuminating our contemporary relationship to images, with profound implications for the future of philosophy and aesthetics. Building on his earlier work on Marcel Proust and considering ongoing developments in optical and

media technologies, Carbone adds his own philosophical insight into understanding the visual today. **Survival In Auschwitz** Createspace Independent Publishing Platform The culmination of more than fifty years of research by the foremost living expert on plant classification, *Diversity and Classification of Flowering Plants* is an important contribution to the field of plant

taxonomy. In the last decade, the system of classifying plants has been thoroughly revised. Instead of describing every individual family, Takhtajan includes descriptions in keys to families, which he calls "descriptive keys." The advantage of descriptive keys is that they give both the characteristic features of the families and their differences.

The delimitation of families and orders drastically differs from the one accepted by the Englerian school and from the one accepted in Arthur Cronquist's system. Takhtajan favors the smaller, more natural families and orders, which are more coherent and better-defined, where characters are easily grasped, and which are more suitable for

information retrieval and phylogenetic studies, including cladistic analysis (because it reduces polymorphic codings). *Lady Killers* Vintage Fifty years after its first publication, the multimillion-copy international bestseller is available again in English, sharing the heartbreaking tale of a gifted, mischievous, direly misunderstood boy growing

up in Rio de Janeiro. When Zezé grows up, he wants to be a poet in a bow tie. For now the precocious young boy entertains himself by playing clever pranks on the residents of his Rio de Janeiro neighborhood, stunts for which his parents and siblings punish him severely. Lately, with his father out of work, the beatings have become harsher. Zezé's only solace comes from his time at school, his

hours secretly spent singing with a street musician, and the refuge he finds with his precious magical orange tree. When Zezé finally makes a real friend, his life begins to change, opening him up to human tenderness but also wrenching sorrow. Never out of print in Brazil since it was first published in 1968, My Sweet Orange Tree, inspired by the author's own childhood, has been translated into

many languages and has won the hearts of millions of young readers across the globe.

W. W. Norton & Company Paradoxically, as 1954 came to an end William Branham was not satisfied. He thought his supernatural gift should have revolutionized the Christian world, broken down denominational barriers, and brought all Christians together in

oneness of spirit, purpose and doctrine. It had not. He decided the reason for this failure was because many Christians did not understand the God they were trying to worship. To remedy this problem, Bill felt led to teach more doctrine in his evangelistic campaigns, explaining the fundamentals of the Christian faith. This decision produced some unexpected results. During 1955, attendance at

his faith-healing campaigns declined sharply. Evidently, people welcomed miracles as long as they didn't have to change their own ideas. Some people felt he should concentrate on divine healing and leave the teaching to the pastors, or teachers who had more education.

### **Miracles**

Bollingen Foundation Bento Santiago, the wildly unreliable narrator of

Dom Casmurro, believes that he has been cuckolded—he suspects that his wife has cheated on him with his best friend and that her child is not his. Has Capitú, his love since childhood, really been unfaithful to him? Or is the evidence of her betrayal merely the product of a paranoid mind? First published in 1900, Dom Casmurro, widely considered Machado de Assis's

greatest novel and a classic of Brazilian literature, is a brilliant retelling of the classic adultery tale—a sad and darkly comic novel about love and the corrosive power of jealousy. There's No Business University of Texas Press “Riveting . . . unfolds like a detective story.”—Los Angeles Times Book Review In July 1991, nine skeletons were exhumed from a shallow mass grave

near Ekaterinburg, Siberia, a few miles from the infamous cellar room where the last tsar and his family had been murdered seventy-three years before. But were these the bones of the Romanovs? And if these were their remains, where were the bones of the two younger Romanovs supposedly murdered with the rest of the family? Was Anna Anderson, celebrated for

more than sixty years in newspapers, books, and film, really Grand Duchess Anastasia? The Romanovs provides the answers, describing in suspenseful detail the dramatic efforts to discover the truth. Pulitzer Prize winner Robert K. Massie presents a colorful panorama of contemporary characters, illuminating the major scientific dispute between Russian

experts and a team of Americans, whose findings, along with those of DNA scientists from Russia, America, and Great Britain, all contributed to solving one of the great mysteries of the twentieth century. Praise for *The Romanovs: The Final Chapter* "Masterful."—*The Washington Post Book World* "An admirable scientific thriller."—*The New York Times Book Review* "Compelling . .

. a fascinating account."—Chicago Tribune "A masterpiece of investigative reporting."—San Francisco Examiner & Chronicle *The Experience of Modernity* HarperCollins The bestselling classic that redefined our view of the relationship between beauty and female identity. In today's world, women have more power, legal recognition, and professional

success than ever before. Alongside the evident progress of the women's movement, however, writer and journalist Naomi Wolf is troubled by a different kind of social control, which, she argues, may prove just as restrictive as the traditional image of homemaker and wife. It's the beauty myth, an obsession with physical perfection that traps the modern woman in an endless spiral

of hope, self-consciousness, and self-hatred as she tries to fulfill society's impossible definition of "the flawless beauty." *Beyond Good and Evil* Macmillan From New York Times Bestselling Author, Penelope Douglas, comes the latest standalone love-hate romance... "We were perfect together. Until we met." Misha I can't help but smile at the lyrics in her letter. She

misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or

not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We

had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F\*ck it. I need to meet her. I just don't expect to hate what I find. Ryen He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm

going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. \*Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+.
