Life's Too Short Headline

During childhood, we are unaware of the power we have to change someone's life. That sometimes, we as children need to take matters into our own hands to save someone we love. On January 18, 1976, I saved two people. I saved my mother (an alcoholic) and I saved myself. A few weeks before that night, a guardian angel gave me a glimpse into how our lives could be if she would just stop drinking. From the age of five until the age of ten, our roles were reversed. I was the adult and she was the child and after that night, the tides began to turn and our new relationship had begun.

"Chris Hani's assassination in 1993 gave rise to one of South Africa's great imponderables: if he had survived, what impact would he have had on politics and government in South Africa? More pointedly, could this charismatic leader have risen to become president of the country? Hani was a hero of South Africa's liberation, a communist party leader and Umkhonto we Sizwe chief of staff who was both intellectual and fighter, a man

who could inspire an army but carried a book of poetry in his backpack. Hani led MK into its earliest battles, and carved a formidable reputation as a thinker, debater and peacemaker.

Hani: A Life Too Short tells the story of Hani's life, from his childhood in rural Transkei and education at Fort Hare University to the controversial Memorandum of 1969, the crisis in the ANC camps in Angola in the 1980s and the heady dawn of freedom. Drawing on interviews and the recollections of those who knew him, this vividly written book provides a detailed account of the life of a great South African. "

AN INSTANT NEW YORK TIMES BESTSELLER "Provocative and appealing . . . well worth your extremely limited time." —Barbara Spindel, *The Wall Street Journal* The average human lifespan is absurdly, insultingly brief. Assuming you live to be eighty, you have just over four thousand weeks. Nobody needs telling there isn't enough time. We're obsessed with our lengthening to-do lists, our overfilled inboxes, work-life balance, and the ceaseless battle against distraction; and we're deluged with advice on becoming more productive and efficient, and "life hacks" to optimize our days. But such techniques often end up making things worse. The sense of anxious hurry grows more intense, and still the most meaningful parts of life seem to lie just beyond the horizon. Still, we rarely make the connection between our daily struggles with time and the ultimate time management problem: the challenge of how best to use our four thousand weeks. Drawing on the insights of both ancient and contemporary philosophers, psychologists, and spiritual teachers, Oliver Burkeman delivers an entertaining, humorous, practical, and ultimately profound guide to time and time management. Rejecting the futile modern fixation on "getting everything done," *Four Thousand Weeks* introduces readers to tools for constructing a meaningful life by embracing finitude, showing how many of the unhelpful ways we've come to think about time aren't inescapable, unchanging truths, but choices we've made as

individuals and as a society—and that we could do things differently.

For Miss Val, it's not about winning and losing, it's about choreographing your life and owning the choices you make. Miss Val has shaped her UCLA Gymnastics program as a life skills class and now she's sharing those lessons with you, whether you're an athlete, business leader, or simply someone who wants to own their destiny. Miss Val's philosophies are timeless. Her coaching style is unorthodox. *Life Is Short, Don't Wait to Dance* is a thought-provoking, fun journey through the anecdotes of the 35-year career of a dancer/choreographer turned athletic coach. The book includes unforgettable stories of the Olympians and athletes with whom she's worked—including the inspirational journey of Katelyn Ohashi, whose joyful transformation under the tutelage of Miss Val was evident to the world when her perfect 10 floor routine went viral -- reaching over 100 million viewers. Other triumphs include Olympian Jamie Dantzscher, who found her confidence at UCLA and learned the tools to combat her previous abuse; and sensation Christine Peng Peng Lee, who helped the Bruins clinch the 2018 NCAA championship with back-to-back 10's. Miss Val also shares her favorite memories of her mentor, legendary basketball coach John Wooden, as well as her thoughts on Larry Nassar and the gymnastics sexual abuse scandal. Miss Val reveals how her coaching journey had a rocky start before she found her own best approach. In time she realized that her dance background wasn't a detriment, it was a gift. When she embraced this, Miss Val led the Bruins to victory. *Life Is Short, Don't Wait to Dance* is packed with great advice for anyone on a quest for success, delivered in Miss Val's reassuring and inspirational tone. She took the same approach to her breast cancer diagnosis, explaining how she made that struggle into one of the best years of her life. For Miss Val, it's all about attitude. *Life Is Short, Don't*

*Wait to Dance* is a powerful book that shows you how to make the leap of faith in choosing your own path to greatness.

Every girl Tiger slept with knew he was married. Who is worse?" - Steve the player "That was such an enjoyable and enlightening read. I mean it's well written, witty, and one would think some of it is common sense, but sometimes people (i.e. me!) need common sense to

slap them in the face!" - Cheryl "Willie whistle blower has a nice ring to it. You know someone's going to kick your butt one day? Good work!" - A guy Willie no longer parties with "I don't understand you. You go through university, build a promising career. Now you quit your job and write this book? Why would you tell the whole world you're an asshole?" - Willie's mom
