In *Traveling through Idioms*, students learned idioms as they "traveled" to ten well-known cities in the United States (Boston, Las Vegas, New Orleans, for example). In this textbook, students learn idioms while "traveling" to ten countries around the world: Brazil, Canada, China, Czech Republic, France, Greece, Israel, Mexico, South Africa, and Thailand. Each chapter explores exciting destinations, valued customs and religions, holidays, festivities, foods, and some language indigenous to each country. A variety of exercises teach collocations and critical thinking, among other skills, and require both pair and group work. The idioms presented will help prepare students for idioms covered on the TOEFL test.

I'm Not Hanging Noodles on Your Ears and Other Intriguing Idioms from Around the World Oxford University Press, USA

"I'm not hanging noodles on your ears." In Moscow, this curious, engagingly colorful assertion is common parlance, but unless you're Russian your reaction is probably "Say what?" The same idea in English is equally odd: "I'm not pulling your leg." Both mean: Believe me. As author Jag Bhalla demonstrates, these amusing, often hilarious phrases provide a unique perspective on how different cultures perceive and describe the world. Organized by theme—food, love, romance, and many more—they embody cultural traditions and attitudes, capture linguistic nuance, and shed fascinating light on "the whole ball of wax." For example, when English-speakers are hard at work, we're "nose to the

grindstone," but industrious Chinese toil "with liver and brains spilled on the ground" and busy Indians have "no time to die." If you're already fluent in 10 languages, you probably won't need this book, but you'll "get a kick out of it" anyhow; for the rest of us, it's a must.

Either way, this surprising, often thought-provoking little tome is gift-friendly in appearance, a perfect impulse buy for word lovers, travelers, and anyone else who enjoys looking at life in a riotous, unusual way. And we're not hanging noodles from your ear.

Idioms of the World OUP Oxford

Did you know that 'flavour of the month' originated in a marketing campaign in American ice-cream parlours in the 1940s, when a particular flavour would be specially promoted for a month at a time? And did you know that 'off the cuff' refers to the rather messy practice of writing impromptu notes on one's shirt cuff before speaking in public? These and many more idioms are explained and put into context in this second edition of the Oxford Dictionary of Idioms. This vastly entertaining dictionary takes a fresh look at the idiomatic phrases and sayings that make English such a rich and intriguing language. A major new edition, it contains entries for over 5000 idioms, including 350 new entries and over 500 new quotations. The text has been updated to include many new idioms using the findings of the Oxford English Reading Programme, the biggest language research programme in the world. The entries are supported by a wealth of illustrative quotations from a

wide range of sources and periods. For example: 'Rowling has not been asleep at the wheel in the three years since the last Potter novel, and I am pleased to report that she has not confused sheer length with inspiration.' - Guardian, 2003. 'I made the speech of a lifetime. I had them tearing up the seats and rolling in the aisles.' - P.G. Woodhouse, 1940. Many entries include boxed features which give more detailed background on the idiom in question. For example, did you know that 'taken aback' was adopted from nautical terminology, and described a ship unable to move forward because of a strong headwind pressing its sails back against the mast? The text has been entirely redesigned so that it is both elegant and easy to use. Anyone interested in the quirky side of the English language will have hours of fun browsing through this fascinating and informative volume.

Guide to Spanish Idioms Nova Press
With 100+ full-page illustrations, *The Illustrated Histories of Everyday Expressions* introduces readers to the fascinating, humorous, and often unbelievable origin stories behind the English language's most common sayings! Why do we bring home the bacon, instead of some other salty meat? Whose beans are we spilling, exactly? Why was that cat in the bag to begin with? Every day, English speaking people turn phrase after phrase, idiom after idiom, with no actual idea what they are saying! Sure, the meaning of these expressions has long been established, but rarely do we stop to think about where they come from. *The Illustrated Histories of Everyday Expressions* will profile 64 of the greatest idiom origin stories through simple text and captivating illustration.

No longer will you wonder why getting a goat is so frustrating, or why hatters are so mad (and no, that one doesn't come from Alice in Wonderland)! With *The Illustrated Histories of Everyday Expressions*, everyday phrases come to life! Inside this charming little hardcover volume, the illustrated idioms will be arranged chronologically, with the oldest expressions appearing first, working all the way up to the present day. Each entry will provide the saying's definition and origin story, laid out cohesively within a funny and captivating illustration of the strange and wonderful long-forgotten story. Whalen Book Works is an independent book publishing company that combines top-notch design, unique formats, and fresh content to create truly innovative gift books. We bring together a talented team of writers, designers, illustrators, and artists in order to develop strong editorial content that brings a book to life!

German Fast Track Learning for English

Idioms Createspace Independent Pub
Idiom from Latin: idioma, 'special property' is an expression, word or phrase that has a figurative meaning, this is separate from the literal meaning or definition of the words of which it is made. Word group becomes an idiomatic expression. The words develop a specialized meaning as an entity, as an idiom. When a speaker uses an idiom, the listener might mistake its actual meaning, if he or she has not heard this figure of speech before. In English the expression to go round the bend, would mean 'to go insane'. There are many such idiomatic expressions, A Curtain Lecture: Nagging by a wife at bedtime. A Dutch Wife: A bolster. Land of Nod: A state of sleep Let not idioms confuse those unfamiliar with them. Little Red Book of Idioms and Phrases will add to your vocabulary. Let's get into the ball

[Business Idioms in America](#) Createspace Independent Publishing Platform

The word 'idiom' is derived from the Latin and Greek word 'idioma,' which means special feature, special property, or special phrasing. It happens to be a phrase or a fixed expression that has a figurative or literal meaning. Idioms are categorized as formulaic language. Its figurative meaning happens to be different from its literal meaning. All languages have thousands of idioms around the world. It is said according to an estimate that there are about twenty five thousand idiomatic expressions in the English language. When an idiom from one language is translated word by word into another language, it most likely loses its idiomatic meaning in the translation. For example, an idiom 'kick the bucket' means to die or to expire in English, but if it is translated word by word into any other language it will definitely carry the sense that an object 'bucket' being kicked by leg. Idioms and phrases are used extensively in literature, particularly in drama and fiction. In satirical or humorous fiction, the inclusion of phrases and idioms is almost inevitable. This book includes about five hundred most popular and most widely used idioms in the English language. All the best
