by an instructor. For courses in World History Helps students see the whole story The World: A History interweaves two enduring stories—centered on our interactions with nature and with each other—into a compelling narrative of mankind, from the origins of civilization to the present. Employing an engaging prose style and a comprehensive map program that brings history

to life, author Felipe Fernández-Armesto empowers students to see the connections among peoples and events, and to think critically about topics large and small. Also available with MyHistoryLab[®] MyHistoryLab for the World History course extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and

offer students opportunities to practice applying what they've learned. And Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyHistoryLab does not include an eText. The World: A History, Third Edition is also available via REVEL™, an immersive learning

experience designed for the way today's students read, think, and learn.

Fearon
"For the last three decades, Campbell Biology has been the leading college text in the biological sciences. It has been translated into

19 languages and has provided millions of students with a solid foundation in college-level biology. This success is a testament not only to Neil Campbell's original vision but also to the dedication of hundreds of reviewers (listed on pages xxviii-xxx), who, together with editors, artists, and contributors, have shaped and inspired this work"--
