Dial Emmy For Murder Macmillan + ORM

Your mother hollers that you're going to miss the bus. She can see it coming down the street. You don't stop and hug her and tell her you love her. You don't thank her for being a good, kind, patient mother. Of course not—you launch yourself down the stairs and make a run for the corner. Only, if it's the last time you'll ever see your mother, you sort of start to wish you'd stopped and did those things. Maybe even missed the bus. But the bus was barreling down our street, so I ran. Fourteen kids. One superstore. A million things that go wrong. In Emmy

Laybourne's action-packed debut novel, six high school kids (some popular, some not), two eighth graders (one a tech genius), and six little kids trapped together in a chain superstore build a refuge for themselves inside. While outside, a series of escalating disasters, beginning with a monster hailstorm and ending with a chemical weapons spill, seems to be tearing the world—as they know it—apart.

Nerdy Babies: Space Perigee Books

Marshall Chapman knows Nashville. A musician, songwriter, and author with nearly a dozen albums and a bestselling memoir under her belt, Chapman has lived and breathed Music City for over forty years. Her friendships with those who helped make Nashville one of the major forces in American music culture is unsurpassed. And in her new book, *They Came to Nashville*, the

reader is invited to see Marshall Chapman as never before--as music journalist extraordinaire. In *They Came to Nashville*, Chapman records the personal stories of musicians shaping the modern history of music in Nashville, from the mouths of the musicians themselves. The trials, tribulations, and evolution of Music City are on display, as she sits down with influential figures like Kris Kristofferson, Emmylou Harris, and Miranda Lambert, and a dozen other top names, to record what brought each of them to Nashville and what inspired them to persevere. The book culminates in a hilarious and heroic attempt to find enough free time with Willie Nelson to get a proper interview. Instead, she's brought along on his raucous 2008 tour and winds up onstage in Beaumont, Texas singing "Good-Hearted Woman" with Willie. *They Came to Nashville* reveals the daily struggle facing newcomers to the music business, and the promise awaiting those willing to fight for the dream. Co-published with the Country Music Foundation Press

Emmy and the Home for Troubled Girls Henry Holt and Company (BYR)

Emmy redefines trauma in a way that allows you to accept the things that have happened to you in your life, reflect on who they've made you become & guide you on how to unravel yourself from the throws of these traumas. She gently enables you to go on and live with vibrant possibility ? Paloma Faith, Multi-platinum Singer & Songwriter _____ Do you find yourself plagued by anxiety or depression? Do you struggle with an eating disorder or constantly criticise the way you look? Do you often feel stuck in destructive patterns/cycles and toxic relationships with partners/family/friends/colleagues? Do you feel

like you play small and have lost touch with the real you? If you said yes to any of these then *Find Your True Voice* was written for you. Trained psychotherapist, Emmy Brunner, has created the ultimate 11-step self-healing guide you need to identify and overcome the wounds of the past that are negatively impacting your mental health and preventing you from being the happiest version of yourself. She will help you to: Identify your inner critical voice and challenge limiting beliefs Identify your personal unresolved trauma and shame/guilt you are carrying Find new, positive coping strategies Recognise and articulate your needs Confront and overcome fear, worry and anxiety Discover self-acceptance and begin to show up fully in all your relationships and your career Uncover your true purpose and reconnect with your passions/desires Using a combination of case studies, practical clinical advice and personal experiences, this book is guaranteed to help you take your first steps towards a more joyful, fulfilling life. Whether you're struggling with a lack of confidence, clarity and connection, or feel like all you can do is manage your mental health condition, Emmy Brunner is here to help guide you through the process of healing; cultivating a more compassionate relationship with yourself and creating the life you have always wanted. _____ 'Emmy's book envelopes you into her arms and guides you on a journey of self-compassion and self-reflection in an extraordinarily practical way' Katie Piper, Writer, Activist and TV Presenter

All Who Are Weary Broadleaf Books

Emmy and Oliver were going to be best friends forever, or maybe even more, before their futures were ripped apart. In Emmy's soul, despite the space and time between them, their connection

has never been severed. But is their story still written in the stars? Or are their hearts like the pieces of two different puzzles—impossible to fit together? Emmy just wants to be in charge of her own life. . . . She wants to stay out late, surf her favorite beach—go anywhere without her parents' relentless worrying. But Emmy's parents can't seem to let her grow up—not since the day Oliver disappeared. Oliver needs a moment to figure out his heart. . . . He'd thought, all these years, that his dad was the good guy. He never knew that it was his father who had kidnapped him and kept him on the run. Discovering it, and finding himself returned to his old hometown, all at once, has his heart racing, and his thoughts swirling. Readers who love Sarah Dessen will devour these pages with hearts in throats as Emmy and Oliver struggle to face the messy, confusing consequences of Oliver's father's crime. Full of romance, coming-of-age emotion, and heartache, these two equally compelling characters create an unforgettable story.

Nerdy Babies is a series that will ignite curiosity in even the youngest readers and encourage them to ask questions and explore the world around them. In *Nerdy Babies: Weather*, follow our intrepid babies into the eye of the storm. Experience sunshine, wind, rain, and other weather patterns. Plus, learn about how we predict the weather in this simple text written in question and answer format. With bright artwork by Emmy Kastner, *Nerdy Babies* is a series that the very littlest nerds will want to return to again and again. Stay curious. There's more to learn about everything!

They Came to Nashville Henry Holt and Company (BYR)

An engaging picture book biography of a groundbreaking female mathematician. Emmy Noether is not pretty, quiet or good at housework — all the things a girl of her time is expected to be. What she is, though, is brilliant at math. And when she grows up, she skirts the rules to first study math at a university and then teach it. She also helps to solve of the most pressing mathematical and physics problems of the day. And though she doesn't get much credit during her lifetime, her discoveries continue to influence how we understand the world today. One of the most influential mathematicians of the twentieth century finally gets her due!

Emmy's Question Cornell University Press

Sammy, the best hound dog in the whole wide world, loves his girl and she loves him. When illness cuts Sammy's life short, the girl's family keeps his spirit alive by celebrating his love of chasing wind-blown bubbles, keeping loyal guard at night, and offering his velvety fur for endless pats and tummy scratches. Painter Jamie Wyeth's illustrations - infused with his realist style and lifelong fondness for dogs - radiate the joy and sadness of every tongue-licking, tail-wagging moment in this heartening and lovingly rendered story written by Barbara Walsh.

Find Your True Voice Holiday House

Sixth-grader Emmy tries to find her place in a new school and to figure out how she can create her own kind of music using a computer.

A Fireproof Home for the Bride Feiwel & Friends

The luxurious celebrity cruise launching the trendy new diet sweetener Solu should be the vacation of a lifetime. But Laurel is starting to regret accepting her friend Viv's invitation. She's

already completely embarrassed herself in front of celebrity host Tom Forelli—the hottest guy ever!—and she's too sick to even try the sweetener. And that's before Viv and all the other passengers start acting really strange. Tom knows that he should be grateful for this job and the chance to shed his former-child-star image. His publicists have even set up a 'romance' with a sexy reality star. But as things on the ship start to get wild, he finds himself drawn to a different girl. And when the hosting gig turns into an expose on the shocking side effects of Solu, it's Laurel that he's determined to save. Emmy Laybourne, author of the Monument 14 trilogy, takes readers on a dream vacation in Sweet that goes first comically, then tragically, then horrifyingly, wrong!

Intuitive Development Emmy R Bennett

Emmy feels like it is her fault that her mother is an alcoholic and that she is not helping her mother enough, especially when her mother's stint in rehab does not help her deal with her addiction.

Emmy and the Incredible Shrinking Rat Roaring Brook Press

Can two friends foil a dastardly plan and save orphans from a fate worse than death? Christina lives in a big, old stone mansion on the edge of a dark forest surrounded by barbed wire. Deep within the forest is the laboratory where her father works—and where her mother was blown to bits years ago. Christina's father knows just how dangerous the world can be, so he keeps her safe at home, forbidding her from talking to the very interesting orphans down the road. But when an orphan boy named Taft talks to her, she's thrilled to help him search for a secret tunnel. But soon she discovers there's more to the orphanage, the lab, and the mystery of her mother's accident than she ever suspected. Sinister things are in the works—and the secret of zoom is the

most dangerous secret of all! “This exciting tale, with just a touch of fantasy and humor, is a winner. ... Jonell displays pitch-perfect skills in an expertly crafted story that never flags and that includes plenty of heart-stopping situations to keep readers fully engaged.” —School Library Journal, Starred Review

Emmy Noether Bloomsbury Publishing USA

This charming, irresistible debut novel set in London during World War II about a young woman who longs to be a war correspondent and inadvertently becomes a secret advice columnist is “a jaunty, heartbreaking winner” (People)—for fans of The Guernsey Literary and Potato Peel Pie Society and Lilac Girls. Emmeline Lake and her best friend Bunty are doing their bit for the war effort and trying to stay cheerful, despite the German planes making their nightly raids. Emmy dreams of becoming a Lady War Correspondent, and when she spots a job advertisement in the newspaper she seizes her chance; but after a rather unfortunate misunderstanding, she finds herself typing letters for the formidable Henrietta Bird, renowned advice columnist of Woman’s Friend magazine. Mrs. Bird is very clear: letters containing any Unpleasantness must go straight into the bin. But as Emmy reads the desperate pleas from women who many have Gone Too Far with the wrong man, or can’t bear to let their children be evacuated, she begins to secretly write back to the readers who have poured out their troubles. “Fans of Jojo Moyes will enjoy AJ Pearce’s debut, with its plucky female characters and fresh portrait of women’s lives in wartime Britain” (Library Journal)—a love letter to the enduring power of friendship, the kindness of strangers, and the courage of ordinary people in extraordinary times. “Headlined by its winning lead

character, who always keeps carrying on, Pearce's novel is a delight" (Publishers Weekly). Irrepressibly funny and enormously moving, *Dear Mrs. Bird* is "funny and poignant...about the strength of women and the importance of friendship" (Star Tribune, Minneapolis).

Nerdy Babies: Weather University of Arizona Press

Emmy was a good girl. At least she tried very hard to be good. She did her homework without being told. She ate all her vegetables, even the slimy ones. And she never talked back to her nanny, Miss Barmy, although it was almost impossible to keep quiet, some days. She really was a little too good. Which is why she liked to sit by the Rat. The Rat was not good at all . . . Hilarious, inventive, and irresistibly rodent-friendly, *Emmy and the Incredible Shrinking Rat* is a fantastic first novel from acclaimed picture book author Lynne Jonell.

The Secret of Zoom Macmillan

One of the most important—and beautiful—mathematical solutions ever devised, Noether's theorem touches on every aspect of physics. "In the judgment of the most competent living mathematicians, Fräulein Noether was the most significant creative mathematical genius thus far produced since the higher education of women began."—Albert Einstein The year was 1915, and the young mathematician Emmy Noether had just settled into Göttingen University when Albert Einstein visited to lecture on his nearly finished general theory of relativity. Two leading mathematicians of the day, David Hilbert and Felix Klein, dug into the new theory with gusto, but had difficulty reconciling it with what was known about the conservation of energy. Knowing of her expertise in invariance theory, they requested Noether's

help. To solve the problem, she developed a novel theorem, applicable across all of physics, which relates conservation laws to continuous symmetries—one of the most important pieces of mathematical reasoning ever developed. Noether's "first" and "second" theorem was published in 1918. The first theorem relates symmetries under global spacetime transformations to the conservation of energy and momentum, and symmetry under global gauge transformations to charge conservation. In continuum mechanics and field theories, these conservation laws are expressed as equations of continuity. The second theorem, an extension of the first, allows transformations with local gauge invariance, and the equations of continuity acquire the covariant derivative characteristic of coupled matter-field systems. General relativity, it turns out, exhibits local gauge invariance. Noether's theorem also laid the foundation for later generations to apply local gauge invariance to theories of elementary particle interactions. In Dwight E. Neuenschwander's new edition of *Emmy Noether's Wonderful Theorem*, readers will encounter an updated explanation of Noether's "first" theorem. The discussion of local gauge invariance has been expanded into a detailed presentation of the motivation, proof, and applications of the "second" theorem, including Noether's resolution of concerns about general relativity. Other refinements in the new edition include an enlarged biography of Emmy Noether's life and work, parallels drawn between the present approach and Noether's original 1918 paper, and a summary of the logic behind Noether's theorem.

One Coin Found Vanderbilt University Press

Castles, battles, the ancient Scottish Highlands, and a boy who is

determined to bring everyone safely home combine in this absorbing middle grade time-travel adventure. Will's mother is in danger overseas, and his father must find her, so Will and his little brother are packed off to relatives in Scotland. Will feels useless. He can't save his mother. He can't help his father. And when he tries to amuse his brother on the plane ride, he can't even locate the images in Jamie's book—the hidden pictures that everyone else can see. Once at the family's ancestral castle, though, Will tries again. And as he delicately adjusts his focus, suddenly his eyes tune in to a different visual frequency—the past. Looking back five hundred years is interesting . . . at first. But when Jamie impulsively leaps through the opening in time, Will and his cousin Nan must follow, into a past so dangerous that Will isn't sure how he will get everyone safely home. Christy Ottaviano Books

Berserker JHU Press

Nerdy Babies is a new series that will ignite curiosity in even the youngest readers and encourage them to ask questions and explore the world around them. In *Nerdy Babies: Space*, follow our intrepid infants into the great unknown. Check out the moon and the sun and all the planets in our solar system. Plus, learn about gravity and orbits in this simple text written in question and answer format. With bright artwork by Emmy Kastner, this will be a book that the very littlest nerds will want to return to again and again. Stay curious. There's more to learn about everything!

Emmy's Amazing Hand Simon and Schuster

Alexis Peterson's days are filled with scheming, backstabbing, adultery, and murder. She is a soap opera star, after all. But a

new role has her feeling like she's in the horror business. Tabloids and fans are stunned when daytime soap opera star, Alexis Peterson, leaves her popular daytime show for another soap. She's too busy preparing to be a presenter at the Daytime Emmy Awards to even notice. But when her co-presenter loses his life before presenting a winner, Alex realizes she has another murder mystery on her hands. Working behind the scenes to find out how her co-star could have met such an end, she invites the handsome Detective Frank Jakes back in her life--a man she can't stop imaging having a real love scene with. But first Alex must focus on finding the killer—before she sees another one of Hollywood's brightest stars burn out. Praise for *Death in Daytime*: "Sheer fun."—Carolyn Hart "Had me laughing out loud... keeps you guessing to the very end."—Ronn Moss (*Ridge Forrester* on *The Bold and the Beautiful*)

Monument 14 Roaring Brook Press

It's a big job to manage an apple farm, especially during harvest time! Emmy the Springer Spaniel guides us through an idyllic autumn day at the orchard. Timeless, vibrant illustrations and amusing prose will appeal to readers young and old.

Hungry for Home Henry Holt and Company (BYR)

In the irresistible sequel to *Emmy and the Incredible Shrinking Rat*, Emmy, Joe, and Ratty rescue other children Miss Barmy has preyed upon Emmy Addison is an ordinary girl -- almost. If you don't count the fact that her parents are rich (very), her best friend is a boy (and a soccer star), and she can talk to rodents (and they talk back), she's very ordinary indeed. But she hasn't been that way for long . . . It was only a few weeks ago that Emmy and her friends Ratty and Joe got rid of the evil Miss

Barmy, the nanny who had nearly ruined Emmy's life -- and the lives of five other girls who went missing. Miss Barmy is now a rat. How much harm can she do?

With the River on Our Face HarperCollins

A spirited young girl struggles to get a much-loved mimosa tree for her birthday in this delightful, multigenerational story, ideal for Arbor Day and Earth Day! Emmy loves trees. She loves oak trees with acorns. She loves pine trees with cones, and willow trees with swishy branches. But best of all, Emmy loves the mimosa tree that grows in her grandmother's pasture. So when

Emmy decides she wants a mimosa tree of her own for her birthday, she is saddened to learn many garden stores only sell ornamental trees like plum or pear or tulip trees. Emmy is crushed—until she discovers that the answer to her problem is growing right before her eyes! Mary Ann Rodman's joyful story—packed with environmental, independence, and problem-solving themes—will appeal to nature- and tree-lovers as well as those seeking great spring read alouds. Illustrator Tatjana Mai-Wyss's whimsical watercolor and collage artwork captures Emmy's exuberant personality and the story's hopeful ending.
