What others in sports are saying about The Best-Laid Plans... "Randy and Matt have put together a great book for building a high school basketball program. ...This book would be an excellent read not only for high school basketball coaches, but also for coaches of all sports and all leaders of young people." from the Foreword by Bob Huggins "This book is a great source of information for any coach or interested reader about how to properly run a basketball program and lead young people. I personally have observed many of the ideas in this book, especially during Randy's career. In my years of high school and professional sports, I have not found a better blueprint for success than that which is presented in The Best-Laid Plans of a High School Basketball CEO." Dean Chance 1964 Cy Young Award Winning Pitcher All-Ohio and State Champion Basketball Player "I came to know Randy very well while recruiting one of his players. He runs as good a program as I have seen throughout the country. Randy and Matt Kramer have put together a great tool for design and example in how to lead a high school basketball program from top to bottom. The Best-Laid Plans comes to you with my highest recommendation. Brad Brownell Head Men's Basketball Coach Clemson University A leadership book, a book that offers tips on how to run a sports program from kindergarten through high school, an inspirational underdog story-The Best-Laid Plans of a High School Basketball CEO is all of the above and more. Here's a sample: Matt Kramer's boys' basketball team from Navarre Fairless High School was perhaps the worst in the Canton (Ohio) area, finishing 3-19 in 2004; in 2005, he was sitting on a coaching "hot seat" at 0-12 in the middle of January. His program and his career were left for dead... ...Twenty-six months later, Coach Kramer was standing

on a ladder in the Canton Memorial Field House cutting down the nets after his Fairless team won the prestigious Canton Division-II District Championship Game in overtime and earned a spot in Ohio's Division-II "Sweet-16." Miracle? No, it happened with hard work, a little luck, and the mentoring of a legendary 500-win coach, Randy Montgomery-ideas that are now shared here in The Best-Laid Plans of a High School Basketball CEO. Matt Kramer Born the son of a basketball coach on July 16, 1969, Matt Kramer spent his childhood in a gym by Dan Kamer's side watching him run the program at Archbishop Hoban High School in Akron (Ohio). Kramer went on to play at Hoban, graduating in 1987, then went on to a two-year career as an NCAA Division-III collegiate basketball player at The College of Wooster for legendary coach Steve Moore. After transferring to Mount Union College in the fall of 1989, he incurred a back injury that ended his playing career and sent him down a career path in coaching and education. Married to his wife Christine since 1996 and father of three-sons Luke and Landon, and daughter Olivia-Matt Kramer shares ideas and stories here that range from being inspirational to heart-breaking, illustrating the roller-coaster ride a twenty-one-year career in coaching can be. Randy Montgomery A Hall-of-Fame high school basketball coach, and a disciple and close friend of West Virginia University head coach Bob Huggins, Randy Montgomery has spent over three decades using his innovative approach to lead two high school programs-Wooster Triway and North Canton Hoover-to elite status."

Numerous coaching books cover the skills and drills of basketball, but very few hit on the tactical skills of the game—the situational decisions players and coaches make that often determine the outcome of games. That's where Coaching Basketball Technical and Tactical Skills, an American Sport Education Program (ASEP) publication, stands out. Written by Kathy McGee, the winningest high school girls' basketball coach in Michigan, in consultation with USA Basketball's Don Showalter, this book will prepare you to be a better teacher and tactician of the game whether you coach men's or women's basketball. Technical skills (such as dribbling, shooting, and rebounding) are examined in depth, as are the tactical skills (such as the give-and-go, backdoor cut, and trapping). More than 195 photos and illustrations bring the basic to intermediate skills to life, while sample season and practice plans will help you in your preparation. You'll find quick tips on how to detect and correct errors in both male and female athletes, cues they need to be aware of in various tactical situations, and key information they need in order to make the appropriate on-court decisions. Produced by ASEP and endorsed by the Women's Basketball Coaches Association (WBCA), this book serves as a resource for the Coaching Basketball Technical and Tactical Skills online course, a part of ASEP's Bronze Level Professional Coaches Education Program. Numerous state high school associations,

colleges and universities, national sport organizations, and national governing bodies of Olympic sports use the Bronze Level in whole or in part to qualify coaches. The Bronze Level prepares coaches for all aspects of coaching and is a recognized and respected credential for all who earn it. *Youth Coach Planning And Schedule Organizer Notebook* Lulu.com

In basketball, as in most sports, a large part of a coach's responsibility is to prepare his or her team for games. Yet, little time in practice is typically devoted to readying the players and coaches for specific game situations. For instance, what are the various ways to use dead ball moments to maximum advantage? What adjustments should be made to launch a comeback in particular circumstances? When is it favorable to purposefully miss a foul shot? In *Odds-On Basketball Coaching: Crafting High-Percentage Strategies for Game Situations*, Michael J. Coffino presents an innovative system for coaches to prepare for specific game scenarios. Coffino challenges coaches to think differently about what they emphasize in practice, placing greater value on preparing for recurring game situations, crafting strategies by assessing the odds, and creating a culture that elevates how players think about the game. Each chapter begins with an actual game scenario that illustrates the chapter's content and includes discussions of notable college and professional basketball games in order to demonstrate specific points. *Odds-On Basketball Coaching* provides a framework for making game decisions beyond instincts and habits. It is intended, more than anything, to stimulate coaches and players to think comprehensively and realistically about how to approach games and practices, fostering an environment where everyone can more incisively make game-time decisions. While high school and youth basketball coaches will find this book most helpful, coaches at all levels will benefit from this novel approach to the game.
