and industry expert Ann Chambers addresses what industry professionals need to know and understand about merchant power plants—including how they differ from "regular" plants, who's building merchants (and where and why), and who's considering trying their hand at merchant power. Merchant Power: A Basic Guide - PennWell Books While one of the few books on this intriguing topic, "Merchant Power: A Basic Guide" is by now so dated as to be practically useless. As I see it, its only real use now is as an artifact documenting the unchecked optimism over merchant power generation that arose during the 1990s. Merchant Power: A Basic Guide: Chambers, Ann ...
