WILSON VALENTINA

Game, Set and Match

Villard
When Sir Alex
Ferguson

retired at the
end of the
2013 season,
he was the
most
successful
football
manager
Britain had
ever seen,
having won
twice as many

trophies as his
nearest rival.
But that
success had
not come
easily. Thirty-
five years
previously he
had arrived at
the rain-swept
training
ground at

Aberdeen F.C. as the recently sacked manager of St Mirren; a hothead with a troublesome reputation and a lot to prove. Not for nothing, many thought he was a risky choice. Fergie Rises returns to a time when Ferguson was lucky to get Aberdeen, not the other way around. It's the story of an eight-year revolution that saw the Dons and their ambitious young manager knock the Old Firm off their perch, taste victory in Europe for the first time, and electrify Scottish football. When Ferguson finally left the club for Manchester United, in 1986, fans and rivals were unanimous in believing he had engineered one of the most astonishing upheavals in the game's history. Taking a view from inside the dug-out, and with the guidance of the giants of that Aberdeen team - including Willie Miller, Jim Leighton and Gordon Strachan - Michael Grant lays bare the full story of this remarkable but little known period of Ferguson's career, revealing it as the crucible in which Britain's greatest football manager was forged. Along the way he examines the personal tragedies Ferguson overcame - the deaths of his father and his mentor

Jock Stein – and the rivalries, setbacks and triumphs that shaped a sporting genius.

The Telegraph Book of Champions

Random House
The new edition of this bestseller in hardcover features never-before-published, all-new inside info on the money, personalities and politics of pro-tennis: Jimmy, Monica, Boris, Martina, et al. Now in paper.

The Good,

the Bad and the Infamous

Eckhartz Press
In the French open in 1989, a 17-year-old, Michael Chang, worked his way through the groups to the fourth round and to playing number one-seeded and three-times champion, Ivan Lendl. As the game progressed, the outlook was bleak for Chang, who lost the first two sets. However, he won back the second two to find himself serving at 4-3 in the fifth.

Then he did the unthinkable. He served underhand. Lendl was flustered, lost concentration, the crowd roared, and Chang went on to win the game. This is just one of many amazing on-court stories of bravery, skill, luck and much much more that keeps us watching our tennis stars time and again. And here, for the first time, is a fascinating collection of true stories from courts across the

world, from outrageous outbursts to extraordinary events such as an unexpected death, and involving a host of characters from Authur Ashe to Lindsay Davenport and everyone in between including Borg, Connors, Navratilova, Nastase and Cash. Humorous, gripping and surprising by turns, 101 Incredible Moments in Tennis is packed full of fascinating stories, and

often happy memories, for die-hard tennis fans and casual followers alike and will always serve up an ace. Joshua Shifrin is a tennis coach for nearly twenty years and is a member of the United States Professional Tennis Association. He continues to play, watch and write about tennis. **Pure Sport** Aurum New York magazine was born in 1968 after a run as an insert of the New York

Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

TIMES

NOTABLE
BOOK A

“thoroughly
captivating
biography”

(The San
Francisco

Chronicle) of

Arthur
Ashe—the

Jackie
Robinson of

men’s
tennis—a

pioneering
athlete who,

after breaking
the color

barrier, went
on to become

an influential
civil rights

activist and

public
intellectual.

Born in

Richmond,
Virginia, in

1943, by the
age of eleven,

Arthur Ashe
was one of the

state’s most
talented black

tennis players.
He became

the first
African

American to
play for the

US Davis Cup
team in 1963,

and two years
later he won

the NCAA
singles

championship.
In 1968, he

rose to a
number one

national
ranking.

Turning
professional in

1969, he soon

became one
of the world’s

most

successful

tennis stars,
winning the

Australian
Open in 1970

and

Wimbledon in
1975. After

retiring in
1980, he

served four
years as the

US Davis Cup
captain and

was inducted
into the

International
Tennis Hall of

Fame in 1985.
In this “deep,

detailed,
thoughtful

chronicle”
(The New York

Times Book
Review),

Raymond
Arsenault

chronicles

Ashe's rise to stardom on the court. But much of the book explores his off-court career as a human rights activist, philanthropist, broadcaster, writer, businessman, and celebrity. In the 1970s and 1980s, Ashe gained renown as an advocate for sportsmanship, education, racial equality, and the elimination of apartheid in South Africa. But from 1979 on, he was forced to deal with a serious heart condition that

led to multiple surgeries and blood transfusions, one of which left him HIV-positive. After devoting the last ten months of his life to AIDS activism, Ashe died in February 1993 at the age of forty-nine, leaving an inspiring legacy of dignity, integrity, and active citizenship. Based on prodigious research, including more than one hundred interviews, Arthur Ashe puts Ashe in

the context of both his time and the long struggle of African-American athletes seeking equal opportunity and respect, and "will serve as the standard work on Ashe for some time" (Library Journal, starred review). [New York Magazine](#) Harper Collins When Andy Murray finally overcame Novak Djokovic in a five-set thriller to secure the 2012 US Open, it was a dream fulfilled

for the man from Dunblane. After four previous defeats in Grand Slam finals, Murray had finally achieved what no British man had managed since the 1930s. But the story of how he got there was just as compelling as the final itself, with as many twists and turns along the way. Writer Mark Hodgkinson has been covering that story since the start - he was actually the first person to interview

Murray for a national newspaper back in 2004, and has worked closely with Judy Murray in the past. In Andy Murray: Champion, Hodgkinson explains how Murray first emerged as a tennis player of true quality, and how his rivalry with his brother Jamie spurred him on. He looks at the close relationship Murray has with his mother, and the various coaches who have worked with him to assess their

influence on his game. In a hugely competitive era of tennis, with Federer, Nadal and Djokovic all counted to be among the greatest tennis players of all time, Murray has earned the right to be ranked alongside them all - and this book explains how and why he has done so, becoming a true national sporting icon in the process. **The Winning Mindset** Phoenix Books, Inc. In the golden

age of tennis, when players were just learning how to become media personalities, men like John McEnroe, Jimmy Connors, Björn Borg and Ivan Lendl ruled the court. Now in a tell-all memoir, former top 10 seeded tennis star and chief McEnroe rival, Bill Scanlon, presents an unfettered look at the good old days of tennis when some of the most colorful (and infamous) players in history went

head-to-head and the game was changed forever. Bad News For McEnroe is in part a revelation of the feud between McEnroe and the author that began when they were teenagers, but the essence of this book are the wonderful and surprising on- and off-the-court high jinks of such notable players as Guillermo Vilas, Borg, McEnroe, Ilie Nastase and Connors, all of whom Scanlan played and

knew intimately, from locker room fights to on-court breakdowns and blow-ups. A story that could not have come from anyone but a true insider, Scanlon's tale of life on the pro tennis circuit will shock and delight tennis fans everywhere. *New York Magazine* Pan Macmillan
A NEW YORK TIMES BESTSELLER
John McEnroe's long-awaited follow-up to his #1 bestseller He

is one of the most controversial and beloved athletes in history, a tennis legend and a volcanic, mesmerizing presence. But after reaching the top of his game - what came next? Fifteen years after his international number-one bestseller *You Cannot Be Serious*, John McEnroe is back and ready to talk. Now the undisputed elder statesman of tennis, McEnroe has won over his

critics as a brilliant commentator at the US Open, Wimbledon, and other Grand Slam tournaments - with outspoken views on the modern game, its top players, and the world of 21st century sport and celebrity. Who are the game's winners and losers? What's it like playing guitar onstage with the Rolling Stones, hitting balls with today's greats, confronting

his former on-court nemeses, getting scammed by an international art dealer, and raising a big family while balancing McEnroe-sized expectations? In *But Seriously*, John McEnroe confronts his demons and reveals his struggle to reinvent himself from champion and tennis legend to father, broadcaster, and author. The result is a richly personal account, blending anecdote and

reflection with razor sharp and brutally honest opinions, all in McEnroe's signature style. This is the sports book of the year: wildly entertaining, very funny, surprisingly touching, and 100% McEnroe.

Conquest of Mind Penguin

A guide to help managers prepare for whatever comes over the net In tennis, the player with the fewest unforced errors usually wins. The

same is true in business- all too often, the mistakes that sabotage a career are completely avoidable, if you can anticipate them early enough. Bestselling management writer Jeffrey Krames adopts the metaphor of tennis to show how to spot and sidestep the types of faults that do the most damage. He shows how businesspeople can develop and practice good habits so they'll be ready for an

unusually fast serve or wicked backhand. Drawing on stories about famous CEOs like Jack Welch, Robert Goizueta, and Lou Gerstner, Krames shows how to avoid some of the biggest "career killers." His advice includes: Never say, "The ball was out by a mile"; face reality at all times. Choose your doubles partner carefully; bad people decisions (hiring, firing, promoting)

can be fatal. Keep practicing your best shot; enhancing your strengths is more effective than trying to fix your weaknesses. *An Anthology of the Greats Throughout the Sporting Year* Phoenix Books 'A wonderful literary trompe l'oeil: a book about friendship, writing and the boundary between reality and fantasy ... Dark, smart, strange, compelling' Harriet Lane,

bestselling author of *Her Overwhelmed* by the huge success of her latest novel, exhausted and suffering from a crippling inability to write, Delphine meets L. L. embodies everything Delphine admires; sophisticated and unusually intuitive, she slowly but deliberately carves herself a niche in the writer's life. However, as she makes herself indispensable to Delphine, the intensity

of this unexpected friendship manifests itself in increasingly sinister ways. And as their lives become further entwined, L. begins to threaten Delphine's identity and her safety.

How Britain's Greatest Football Manager Was Made At Aberdeen

Simon & Schuster Limited
Written by Mats Holm and Ulf Roosvald, Björn Borg and the

Super-Swedes explains how a small country with 8 million inhabitants like Sweden could become the leading nation in tennis and an example to imitate worldwide. It starts with the legend of Björn Borg, the taciturn and mysterious Swede who became an icon of the '70s and turned tennis into a global sport, and ends with the Kings of Tennis, the nostalgic senior event

part of the Champions Tour held each year in Stockholm. The 1985 Australian Open final, the first (and only, so far) all-Swedish Grand Slam final in the history of tennis, between Stefan Edberg and Mats Wilander, is a prominent focus of the book. The classic Davis Cup encounters between USA and Sweden in 1982 and 1984 and the Borg-John McEnroe rivalry are

also key story lines. The book also includes off the court details about the players, painting a well-rounded picture of their personalities, as well as context on the politics of Sweden at the time, including the impact of the social Democratic party. The perfect gift for tennis aficionados and history buffs alike! "My experience working with Skyhorse is always a positive

collaboration. The editors are first-rate professionals, and my books receive top-shelf treatment. I truly appreciate our working relationship and hope it continues for years to come." –David Fischer, author

Diversion Books
The tennis star offers a candid account of his athletic career that reveals

his rise to fame on the court, his most dramatic on-court moments, his famed rivalry with Andre Agassi, and the pressures of and lessons learned about success.

The Athletes Who Wore Them and Delightful Pop Culture Nuggets

Crestwood House
A biography of tennis star Ivan Lendl, the number one player in men's tennis in 1986 and 1987.

Why Some Managers Get

Promoted While Others Get Eliminated

Ivan Lendl- The Man Who Made Murray Serena Williams is the most successful tennis player – male or female – of the modern, professional era, with more Grand Slams than either Steffi Graf or Roger Federer. Always a fierce competitor, her story – which began on the cracked public courts of Compton, L.A. – is also one of

overcoming challenges through sheer determination, drive and talent. In this innovative illustrated biography, Serena's tennis is explored like never before: stunning graphics explore her serving patterns, signature power groundstrokes, and her movement - as well as showcasing her astonishing records, spanning over two decades in the tennis elite. Drawing

on conversations with Serena over the course of her career, and on interviews with those closest to her, this is the ultimate celebration of arguably the greatest tennis player of all time and, without question, a true global icon.

Andy Murray, Champion
Routledge
When Andy Murray broke the news in March 2014 that he was parting company with Ivan Lendl it caused shock

waves across the world. In just over two years Lendl had turned Murray from a perennial runner-up into the most successful British tennis player since Fred Perry - a winner of the US Open, Olympic Gold and Wimbledon Champion. However, when Murray - a 4 times Grand Slam finalist - announced, in 2011, that he was teaming up with the man they called the 'chokoslovakian' for the

number of times he had lost a Slam final, there was widespread consensus that whoever had made the decision was either a genius or taking a huge gamble. Lendl, who had fled from behind the Iron Curtain at the height of the Cold War to move to America in order to pursue his tennis dreams, was everything that his contemporaries – McEnroe, Becker, Connors –

were not. And yet, after falling at the final hurdle 4 times, he went on to win 8 Grand Slams. But there was one title missing – Wimbledon. And he was obsessed by it. So what did Lendl and Murray see in each other that no one else did? What did Lendl do to turn Murray from a perennial runner-up to US Open Champion and the first Briton to lift the Wimbledon trophy in 77 years? Going back to

Lendl's roots and through extensive interviews and analysis of the Murray-Lendl axis seen at close quarters, Mark Hodgkinson reveals the magic formula that Lendl used to turn Murray into a champion. In so doing he lifts the lid on their relationship, and how it came to an end, which made this left-field combination the most successful in British tennis history.

American**

Athletes in Sport and Society

Bloomsbury Publishing
No sport has gone through the seismic changes that rocked tennis when the game, long a holdout against professionalism and creeping commercialism, abandoned its roots as a genteel, amateurs-only enterprise and became a pro sport, vying for the heart of the public with rivals like soccer, NFL football, or NBA basketball.

Peter Bodo, who has covered tennis since the dawn of this "Open" era as the chief writer for TENNIS magazine, was there to witness this transition and what it promised, what it delivered. He has covered the game on every continent since the early 1970s. THE COURTS OF BABYLON is more than a collection of essays, most of them growing out of a deep familiarity

and, often, relationship with subjects that include Bjorn Borg, Chris Evert, John McEnroe, Evonne Goolangong, Jimmy Connors, Tracy Austin, van Lendl and Martina Navratilova. It is also a commentary on what was lost and what was gained by the transition to professionalism, and how the new, "Open" era delivered—or failed to make good—on the promise that professionalism would make

tennis a more inclusive, egalitarian, accessible game. Relying heavily on formal, in-depth interviews conducted over two decades and his status as an "insider" in an insular game, Bodo's book is both a meditation and expose, a polemic and a tribute to the players who dragged tennis, often kicking and screaming, to the forefront of the public's imagination—even when those players got it all too

fast and too young. Bodo delves into the darkest and most controversial areas of the game, chronicling the follies of overzealous parents and pampered athletes. He fearlessly wades into sensitive issues stemming from sex and gender, politics and commercialism. He celebrates the game while holding it to task, all the while acknowledging the reality of the demands

and distortions that come with a way of life that is both difficult but glamorous, and eagerly embraced by athletes who, in some cases, are no older than fourteen.

The Unforced Error New Chapter Press
Pete Sampras is a central figure in the history of tennis, the dominant force in the game during the 1990's, and the greatest American male player of all time.

<p>Gradually, after a fairytale finish to his career when he won the 2002 U.S. Open, Sampras was somewhat forgotten by fans who were exhilarated by the exploits of Roger Federer, Rafael Nadal and Novak Djokovic. In this career biography of the redoubtable Sampras, Hall of Fame author and historian Steve Flink recaptures the magic of the man, recalling the supreme hold he had</p>	<p>on his era, bringing this singularly gifted player vividly back to life. Flink portrays Sampras as a rare champion who was in many ways larger than the game he played. <u>Fedegraphica: A Graphic Biography of the Genius of Roger Federer</u> Little, Brown The tennis champion, Ivan Lendl, describes his playing techniques and explains how to develop powerful serves and forehand and</p>	<p>backhand shots <i>Bad News for McEnroe</i> Aurum In The Winning Mindset, Professor Damian Hughes, the acclaimed author of <i>Liquid Thinking and How to Think Like Sir Alex Ferguson</i>, draws on both his lifetime experience and academic background within sport, organization and change psychology to reveal the best ways to create a winning mindset in</p>
---	---	--

both personal and professional life. Having worked with some of the top teams in the UK, and watched some of the best coaches in the country at work, Hughes distils the five keys principles that separate the best coaches and teams from the rest: Simplicity; Tripwires; Emotions; Practical; Stories: STEPS. The role of a sports-team leader is fascinating, complex and tough.

Fantasy football leagues may convince us that success is all about buying players and selecting a team. In reality, it is about creating winning environments - recruiting, developing and nurturing talent, effectively communicating a shared vision with a diverse collection of individuals, delivering on enormous expectations from a range of stakeholders, overcoming significant

challenges, handling pressure and staying focused throughout: a set of challenges familiar to leaders in all sectors.

iUniverse
FEDERER is almost universally recognised as the greatest tennis player of all time; he might also be the greatest athlete. Adored around the world, Federer has become one of sport's most iconic and popular figures. In this

innovative graphic biography, Federer's genius is explored and celebrated like never before, with beautiful infographics looking at his serving patterns, the speed of his shots, the spin he generates, his movement, as well as his performance in high-pressure situations such as tiebreaks and Grand Slam finals. Federer's astonishing records - no man has won more majors,

or spent more weeks as the world number one - are also showcased against his rivals and the legends of the game. Drawing on his conversations with Federer, as well as exclusive interviews with those close to the Swiss, Mark Hodgkinson tells the story of how a young hothead from Basel transformed himself into a calm and poised athlete who came to dominate tennis. And

who, while deep in his thirties, has continued to seek improvements, to challenge men many years younger than him and to contend for the sport's biggest prizes. The infographics, stunning photography and insight and analysis - from Federer's rivals, idols, coaches and members of his inner circle - will give you a new appreciation of his greatness and how his tennis has moved so many people.
