much more. Reinforce what you've learned with key topic exam essentials and chapter review questions. This latest edition of the Official Practice Tests provides an updated, endorsed set of practice questions for the Systems Security Certified Practitioner (SSCP). This book's first seven chapters cover each of the seven domains on the SSCP exam with sixty or more questions per domain, so you can focus your study efforts exactly where you need more review. When you feel well prepared, use the two complete practice exams from Sybex's online interactive learning environment as time trials to assess your readiness to take the exam.

*CMA Review Book and Practice Test Questions for the Certified Medical Assistant Exam* Elsevier Health Sciences

There's no better way to get ready for your Medical Assisting certification exam! With some 2,500 practice questions and customized online tests, Elsevier's Medical Assisting Exam Review, 5th Edition provides complete preparation for all six certification exams — the CMA, RMA, CMAS, CCMA, CMAA, and CMAC. An illustrated, outline

format makes it easy to review key medical assisting concepts and competencies, including anatomy and physiology, medical terminology, diseases and disorders, and administrative and clinical tasks. Written by medical assisting educator Deborah Holmes, this review includes answers and rationales for each question to help you strengthen any weak areas and prepare effectively for your certification exam. UNIQUE! Six certification exams are covered: the CMA (AAMA), RMA (AMT), CMAS (AMT), CCMA (NHA), CMAA (NHT), and CMAC (AMCA). Convenient, easy-to-follow outline format provides at-a-glance review of the subject areas typically found on certification exams for Medical Assisting. Complete test preparation includes three pretests — administrative, clinical, and general — as well as a comprehensive posttest, with answers and rationales for all questions. Study tips and test-taking strategies provide advice and insight into preparing effectively for your certification exam. Hundreds of additional practice questions are included on

the Evolve companion website, along with flash cards and A&P animations, to boost your exam readiness and test-taking confidence. NEW! 2,500 questions — including 550 all-new questions — include answers, rationales, and mapping to six exam blueprints (CMA, RMA, CMAS, CCMA, CMAA, and CMAC). NEW content includes coverage of the Affordable Care Act, ICD-10, electronic office systems, vaccination updates, and more. NEW! Online test generator allows you to focus your practice on any topic and to create timed simulated exams. NEW! Records Management chapter tackles both paper management and Electronic Health Records, emphasizing the most up-to-date electronic ways to manage records. UPDATED! High-quality illustrations reinforce your understanding of medical assisting content and include photos of clinical equipment and supplies. **CMA Study Guide and Practice Test Questions [Updated for New Outline]** John Wiley & Sons Features the most comprehensive review of all tested concepts. The subjects are easy to

understand and fully-explained example questions ensure that you master the material. Shows how this information will be applied on the real exam.
