 "With God's help, I shall become myself." Soren Kierkegaard
 Get ready for Transformation with a tool

that can help you become your best self. The Enneagram of Personality Styles is a psychological-spiritual system for mapping the nine personalities. We all take reality in through a filter. It is said that "we don't see things as they are but see them as we are." Our brand of seeing can bring us clarity and also, blind us to what keeps us from fully becoming ourselves. The Enneagram is a psychological explanation of what the Bible describes "the fall of man" although it is not primarily

psychological. It is a holistic Christ-centered approach to discipleship, health, wholeness and transformation. Although you will discover your "style" or "type," the system is not intended to put anyone in a box. You can have the same number as another person and unique. No individual is one type alone. We are made up of a dominant type, and two numbers on either side called "wings." "The Harmony Triangles" on the Enneagram point to the way of stress, decline, and

disintegration or integration and growth. This system, therefore, is very individual based on the individual journey of each person and their willingness to yield to God. We will describe many characteristics of the personality in detailing the "types" style. In describing the journey of the soul, we will use the true self/false self-terminology. True Self (giftedness) emerges from union with God and has nothing to do with performance. It was the non-acquired self. It is our

essence, our reflection of the God-image. The virtues describe the true self. False Self (woundedness) is the psychological self that is made up of past and present, the family of origin issues, nature, nurture, free will. It is your coping style of self. The vices describe the false self. Transformation (redemption) is bringing the wounded false self to God and being healed by the same thing that has wounded you (much like inoculation).

The definitive guide to using this ancient psychological system to gain self-knowledge and achieve personal growth—now expanded and revised. The Enneagram is an extraordinary framework for understanding more

about ourselves. No matter from which point of view we approach it, we discover fresh conjunctions of new and old ideas. So writes Don Riso in this expanded edition of his classic interpretation of the Enneagram, the ancient psychological system used to understand the human personality. In addition to updating the descriptions of the nine personality types, *Personality Types, Revised* greatly expands the accompanying guidelines and, for the

first time, uncovers the Core Dynamics, or Levels of Development, within each type. This skeletal system provides far more information about the inner tension and movements of the nine personalities than has previously been published. This increased specificity will allow therapists, social workers, personnel managers, students of the Enneagram, and general readers alike to use it with much greater precision as they unlock the secrets of self-understanding, and

thus self-transformation. “No Enneagram teachers I’ve come across offer such a rich and dynamic picture of how each personality type expresses itself in the world, and the process by which we can move through progressive stages of psychological and spiritual growth.”—Tony Schwartz, author of *What Really Matters: Searching for Wisdom in America*

How the mysterious nine-

pointed symbol of the enneagram illuminates the worst pitfalls and highest virtues of our psyches. The Enneagram of Passions and Virtues elucidates human experience beyond the personality structure. In the tradition of the enneagram, the Virtues are said to be the affective atmosphere that replaces the compulsive and reactive emotional patterns-called the Passions-as one becomes freer of the ego. Sandra Maitri shows how the shift in our consciousness, or

soul, from being informed by the Passions to being informed by the Virtues, is one of the hallmarks of inner development. In this book, Maitri explores how our awareness of the Passions, in turn, leads to the manifestation of the Virtues. This shift supports growth on the level of personality as well as on the level of what is beyond-Being, or True Nature. Maitri is widely known as one of the most literate and in-depth writers and teachers on the uses of the enneagram as a tool of

inner development. In this book she provides what can be for some an entry into inner work, and for others, who have been engaged in the journey for a longer time, a uniquely incisive explication of concepts they may have missed.

Author A. J. Sherrill still remembers the moment when his life was forever changed by a word he didn't even understand at the time: Enneagram. A personality theory that includes nine different "types," the Enneagram has become a popular tool for self-awareness and improvement. But in this

book, Sherrill goes deeper, exploring with Christians how the Enneagram can be a pathway to profound spiritual transformation. Sherrill reveals the Enneagram as a tool to unlock new ways of viewing identity, personality, discipleship, spiritual practices, evangelism, and the Bible. Using this fresh approach, Sherrill shows how our true identity is that of a beloved child of God. Recognizing that, we can move confidently into the world expressing this

identity through our unique personality. Through Sherrill's detailed spiritual exploration of each type, readers will emerge viewing the Enneagram as a precious gift to following Jesus more closely. Foreword by Chuck DeGroat.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Enneagram is a geometric figure that maps out the nine fundamental

personality types of human nature and their complex interrelationships. It is a development of modern psychology that has roots in spiritual wisdom from many different ancient traditions. #2 The Enneagram can be extremely valuable in today's world to show white and black, male and female, Catholic and Protestant, Arab and Jew, straight and gay, rich and poor that if they search beneath the surface differences that separate them, they will find a new

level of common humanity. #3 The Enneagram is not a religion, but it does concern itself with one element that is fundamental to all spiritual paths: self-knowledge. Without self-knowledge, we will not get very far on our spiritual journey. #4 The Enneagram works best when you identify your type and begin to understand its dominant issues. You will find a questionnaire to help you narrow down your basic type, and between these

two tests and the descriptions and exercises in the type chapters, you should be able to discover your type with a high degree of certainty.
