Persian is one of the great lingua francas of world history. Yet despite its recognition as a shared language across the Islamic world and beyond, its scope, impact, and mechanisms remain

underexplored. A world historical inquiry into pre-modern cosmopolitanism, *The Persianate World* traces the reach and limits of Persian as a Eurasian language in a comprehensive survey of its geographical, literary, and social frontiers. From Siberia to Southeast Asia, and between London and Beijing, this book shows how Persian gained, maintained, and finally surrendered its status to imperial and vernacular competitors. Fourteen essays trace Persian's interactions with Bengali, Chinese, Turkic, Punjabi, and other languages to identify the forces that extended "Persograpia," the domain of written Persian. Spanning the ages expansion and contraction, *The Persianate World* offers a critical survey of both the supports and constraints of one of history's key languages of global exchange.

This book addresses computer-supported collaborative learning (also known as CSCL) particularly within a tertiary education environment. It includes articles on theory and practice in this area including topics such as: how can groups with shared goals work collaboratively using the new technologies? What problems can be expected, and what are the benefits? In what ways does

online group work differ from face-to-face group work? And what implications are there for both educators and students seeking to work in this area?

Joining the Police, offers a well paid and secure occupation. However, both the competition and process are difficult with only about 5-10% of those that apply securing a position. This book is the most up to date recruitment guide from a serving police officer involved in recruitment. The book takes you through the whole process from the application form, through to the assessment centre, final interview and fitness tests. Each of the latest six core competencies - used throughout the process are described in detail with techniques on how best to use them along with examples to aid in your understanding. Know how to write your competency questions on the application form and go from a grade D or C to an overall B which is a pass. Understand the marking scheme, process and what the assessors are looking for - you can increase your assessment centre score by 10%. The key to success is understanding the process and expectations along with preparation. Finally, showing the assessors what they need to read in the application form or see during the

assessment centre phase. Just remember the three Ps - Prepare, Practice and Pass!!

Do we see the real personality of people or is there more lurking behind the surface? Sometimes the ones we trust the most might be playing a role contrary to their character. In his timeless fables, Aesop whispers from the past knowledge which we think we know, but very often forget. Aesop's fables feature animals, legendary creatures, plants, inanimate objects, or forces of nature that speak, solve problems, and generally have human characteristics. All the stories story lead to a particular moral lesson. Aesop (620-564 BCE) was a storyteller that was believed to have lived in Ancient Greece. He is celebrated for a number of fables now collectively known as Aesop's Fables. In the few scattered sources about his life, Aesop was described as a slave who by his cleverness acquires freedom and becomes an adviser to kings and city-states. Although Aesop's existence remains unclear, numerous tales credited to him were gathered across the centuries and in many languages in a storytelling tradition that continues to this day.

Between Sex and Power Jossey-Bass

Is it true that the ancient Indians had no sense of History? The book begins with this question, and points out how the ways of perceiving the past could be culture-specific and how the concept of historical traditions can be useful in studying the various ways of memorising and representing the past, even if those ways do not necessarily correspond to the methodology of the Occidental discipline called 'History'. Ancient India had several historical traditions, and the book focuses on one of them, the itihasa. It also shows how the Mahabharata is the best illustration of this tradition, and how a historical study of the contents of the text, with comparison with and corroboration from other contemporary sources and traditions, may help us restore the text in its original context in the bardic historical tradition about the Later Vedic Kurus. Is the Mahabharata then an authentic history? This book does not claim so. However, it shows how the text had originated as a critical reflection on a great period of transition, how it dealt with the conflicting philosophies of the transitional period, how it propounded its thesis by creating new kinds of heroes such as Yudhishthira and Krsna, and how the text was reworked when it was canonized by the brahmanas.

Kashmir Under Sultans introduces the reader to a subject that begins with the foundation of the Sultanate and ends with the conquest of Kashmir by Akbar. During the Sultanate period, Kashmir had achieved a high standard of culture, but with the disappearance of her independence, her culture gradually declined. Poets, painters, and scholars had to leave the Valley and seek their livelihood elsewhere owing to the absence of local patronage. They then entered the service of the Mughal emperors and were added to the court, thereby lessening the cultural impoverishment of Kashmir. The book encloses political, social, economic and cultural activities that had a lasting influence on the Kashmir Valley in that period. It is of considerable value to social historians as Professor Mohibbul Hasan offers insights into political and cultural currents and crosscurrents in Kashmir. This title is co-published with Aakar Books. Print editions not for sale in South Asia (India, Sri Lanka, Nepal, Bangladesh, Pakistan and Bhutan)

Gunter Grass and his wife, Ute, spent six months in Calcutta, 1987-1988. Throughout, Grass kept a diary in words and drawings that record everyday sights: the poverty, the heat, the resigned anxiety of those who no longer have anything to wait for. Showing one's tongue in Bengali is an expression of shame. And shame is what Grass, as a man and as a citizen of one of the most prosperous countries in the world, feels about the human condition in India. -- taken from p. 4 of cover.
