winner of the National Book Critics Circle Award in Criticism. More than 140 pieces, written over a 14-year period, are brought together for the first time in this superb collection of essays, reviews, and articles. *Weather Bird* is a celebration of jazz, with illuminating commentary on contemporary jazz events, today's top musicians, the best records of the year, and on leading

figures from jazz's past. Readers will find extended pieces on Louis Armstrong, Erroll Garner, Benny Carter, Sonny Rollins, Dave Brubeck, Ornette Coleman, Billie Holiday, Cassandra Wilson, Tony Bennett, and many others. Giddins includes a series of articles on the annual JVC Jazz Festival, which offers a splendid overview of jazz in the 1990s. Other highlights include an astute look at

avant-garde music ("Parajazz") and his challenging essay, "How Come Jazz Isn't Dead?" which advances a theory about the way art is born, exploited, celebrated, and sidelined to the museum. Four Parts, No Waiting investigates the role that vernacular, barbershop-style close harmony has played in American musical history, in American life, and in the

American imagination. Starting with a discussion of the first craze for Austrian four-part close harmony in the 1830s, Averill traces the popularity of this musical form in minstrel shows, black recreational singing, vaudeville, early recordings, and in the barbershop revival of the 1930s. In his exploration of barbershop, Averill uncovers a rich musical tradition--a hybrid of black and white cultural forms, practiced by amateurs, and part of a mythologized vision of small-town American life. Barbershop harmony played a central -- and overlooked -- role in the panorama of American music. Averill demonstrates that the barbershop revival was part of a depression-era neo-Victorian revival, spurred on by insecurities of economic and social change. Contemporary barbershop singing turns this nostalgic vision into lived experience. Arguing that the "old songs" function as repositories of idealized social memory, Averill reveals ideologies of gender, race, and class. This engagingly-written, often funny book critiques the nostalgic myths (especially racial myths) that have surrounded the barbershop revival, but also celebrates the

civic-minded, participatory spirit of barbershop harmony. The contents of the CD have been replaced by a companion website with helpful links, resources, and audio examples. Oxford University Press (Easy Guitar). Swingin' Jazz Guitar is designed for your total enjoyment. Each song is arranged in a fun and lively way with a strum-and-sing approach. The chords are simple,
