How to Become an Alpha Male All the Girls That Broke My Heart Let me make one thing very clear: you teach people how to treat you based on how you behave and your perception of your worth. Simply assume a position of status and it will be given to you.

Doubt yourself and others will question your authority. If you think that you aren't worth much then women will sense this and treat you accordingly. If you sincerely believe that you are gold then you will organically exude a sexy confidence that turns women ON. Some men have struggled with an inferiority complex for years because everyone around them treats them like a doormat, and they don't stand up for themselves. Stop being a push-over beta male who lives only to please others but doesn't make his own needs, and goals a priority. Recognize your high worth, demand respect and have clear boundaries in place Remember: if a woman treats you like shit and you allow this then she will start seeing you as shit. Don't be around people who put you down because that leads to having compromised self-esteem and confidence levels. By creating an environment that is conducive to personal growth, you tap into a massive force-amplifier. YOU ARE A KING; how much longer will you continue to behave like a peasant? YOU ARE A 10. It is beneath you to behave like a 5. YOU ARE A GOD AMONG MEN. Why would you settle for an old, unattractive, ugly and overweight woman? You deserve better! Avoid thinking negatively. The quality of your life depends on the quality of your thoughts. By focusing on what's good in your life, your strengths, talents, and gifts then you will feel inspired to make massive radical action every day towards accomplishing your goals. Don't dwell on the past and past mistakes. Focus on the present and MAKE EACH DAY COUNT! Approach women and start conversations with DOMINANCE and AUTHORITY. Command her full body-language prior to opening. Every approach that you do makes you smarter, and adds to your reference experiences. The first approach of the day is the hardest. But after you do a couple of approaches, you will be warmed up, in the zone, leveraging momentum and approaches will flow easily. Once you hit the zone, don't stop! Start conversations with women by having 100% belief that it will work. Confidence will move mountains. How you feel, is how you act. If you FEEL needy then, unattractive clingy behavior will leak. If you FEEL weak, submissive behavior will leak. FEEL LIKE YOU OWN THE ROOM. The world is your home. A woman is in your territory not the other way around. Be the most dominant man in the room. Life is short and in the end we all die. Don't wait to live life to the fullest. Be the best version of yourself starting right now. As an Alpha Male be extremely, extremely aggressive in hunting down what you want in the game of life! Set goals, and execute them like a charging bull. A man with drive, ambition and fearlessness will get far in life - whether it's having sex with a cute girl, or scoring big bucks in a business deal. There is one thing that you must understand. FUCK WHAT OTHER PEOPLE THINK!!!! LIFE IS TOO SHORT TO BE A PRISONER OF OTHER PEOPLE'S THOUGHTS. Seek that which you desire and don't be held back by worrying what other people will think of you. Let them think what they want!!! FUCK EM. What matters is what you think!! EXECUTE YOUR GOALS LIKE A MACHINE and FUCK anyone who stands in your way. I don't care what your past was. The concept of Alpha Female hasn't been so explored and referred to as what happens to Alpha Male. Therefore, isn't easy to find a common agreement about how an Alpha Woman should look like or behave. As most perspectives taken into consideration portray a negative image of what it means to be active as a woman, most end up waiting, dreaming, forgetting and giving up fighting for their rights. And, as the world evolves and changes, the gap between reality and common believes expands, leading many to despair and suffering. The need for women to be active and persistent in chasing their happiness has never been so important as now. But, in order to be fulfilled, a woman needs to become responsible for her own happiness. The role of women needs to evolve with the rest of the world, and even though women have learned this lesson well in many other areas of life, not much has changed in the field of seduction, relationships and love. But, active women take their genes into the next generation, while passive women are being drawn to extinction. The study of what it means to be an Alpha Female is not only related to behavior, appearance and relationships, or even happiness, but the whole future of mankind, because these are the women that will be ahead of their time. Nowadays, men tend to become more passive and selective, allowing their behavior to evolve with their new status, which in most cases represents a minority. And, a decrease in the number of men available leads women to problems related to competition between themselves and selection of the best available. Therefore, it becomes important to know where and how to find one, but also keep him and know which is worth choosing and having. Alpha Females have learned to be smart, quick and effective, in finding and choosing the man they want, not necessarily because they want to, but because they recognize the emergency of doing so, in order to avoid what other women reject. But, they have a clear advantage that won't share with other women, due to their typical competitive attitude, reason why a woman won't ever write a good book about this topic and all the best have been written by men, even though rarely covering a complete magnitude of the Alpha panorama, which as men they can't fully understand. This book shows the path in the most complete form possible, and many women have succeeded with its application since the first edition was published. But, it's because these same women couldn't succeed with the application of many other bestsellers, that this one in particular distinguishes itself as the most efficient available today. This is something that I have really been noticing over the past few years. I have no problem with the concept of a serious relationship but I do need a reason to fully commit and be with one woman and settle down. I'm pretty sure a lot of men feel exactly like I do on some level. Why put any effort into a boring or otherwise detached union with a member of the opposite sex when a better situation is out there and I'm still searching for something or someone better to come along? It may be a sign of the times. I hear this same comment for women all the time: They say that the guy that she is dating has no time for her and then you find out the reason why is because he is always at work. This is a part of growing up. Somebody has to be employed in order for the household bills to get paid. They seem to be more interested in the type of guy who lives off her and various other women. They will often chase of an emotionally unavailable male suiter who has no interest in being with her. Then they complain that they cannot find a good man. And when they do find a man who adores her and the ground that she walks her she will treat him like a second class citizen. This may have something to do with their biological impulse to procreate with one of those alpha

males who spread their seed without thinking about any consequences or future outcomes. It is all fun and games until children get introduced into this scenario. Then they end up fighting like hens for this irresponsible rooster's attention. Many members of the female gender will disagree with my assertions but the it is obvious to the others around them. I have also observed the relationship dynamics of many women involved with good responsible men. Many of these women put little or no romantic effort into their relations with them unless another female notices his good qualities. Then they will fight to keep him when she should have been putting more interest in her affiliation with him. This is exactly how men get entangled with a side chick or mistress. Women get too comfortable instead of putting more interest in their relationship or marriages. They will deny that this is going on in the first place. I see it all the time. I'm basically saying that if you love the man you are with show him some extra affection sometimes. Cook him a special meal. Show him some romantic interest sometimes. Continue to build on your situation and make it better. The reason for being together is to grow as a couple and endure every aspect of life as a loving unit. We all get caught up in the demands of everyday life but if you are sharing your life with someone special show them that you care. Show them the love you have for them while you build a future together.
