Twisted Games; Book 1 of the Twisted Trilogy The familiar rush of adrenaline danced through my veins as I breathed in the heartbreak on my last victim's face. She'd been far too easy to seduce, but still, the devastation in her eyes excited me. For a moment, I dropped my carefully sculpted mask and ashed her a smile. My real smile. Her heart broke all over again as I shattered her beautiful illusion of me. She would never trust again. Oh, how it enthralled me. Their pain was addicting and I just couldn't get enough. But who to play with next? - TRIGGER WARNING: This book is a dark lesbian romance with a lot of sensitive and harsh topics. Be mindful when you read if you're triggered by: Violence \* Non-consensual sex \* Blood \* Death Please read with caution!

**The Inheritance Games** Harper Collins

Olivia Twist is an innovative reimagining of Charles Dickens' classic tale *Oliver Twist*, in which Olivia was forced to live as a boy for her own safety until she was rescued from the streets. Now eighteen, Olivia finds herself at a crossroads: revealed secrets threaten to destroy the "proper" life she has built for herself, while newfound feelings for an arrogant young man she shouldn't like could derail her carefully laid plans for the future. Olivia Brownlow is no damsel in distress. Born in a workhouse and raised as a boy among thieving London street gangs, she is as tough and cunning as they come. When she is taken in by her uncle after a caper gone wrong, her life goes from fighting and stealing on the streets to lavish dinners and soirees as a debutante in high society. But she can't seem to escape her past ... or forget the teeming slums where children just like her still scabble to survive. Jack MacCarron rose from his place in London's East End to become the adopted "nephew" of a society matron. Little does society know that MacCarron is a false name for a boy once known among London gangs as the Artful Dodger, and that he and his "aunt" are robbing them blind every chance they get. When Jack encounters Olivia Brownlow in places he least expects, his curiosity is piqued. Why is a society girl helping a bunch of homeless orphan thieves? Even more intriguing, why does she remind him so much of someone he once knew? Jack finds himself wondering if going legit and risking it all might be worth it for love.

In this heart-pounding follow-up to *Tangled* by New York Times bestseller Emma Chase, Kate reveals that there is trouble in paradise, when unexpected circumstances force her and Drew to "renegotiate" their relationship. There are two kinds of people in this world: the ones who look first, and the ones who leap. I've always been more of a looker. A planner. Cautious. Then I met Drew Evans. He was so persistent. So sure of himself. He made it easy to leap with him. Did you think Drew and I were going to ride off into the sunset and live happily

ever after? So did I. But life is about choices, and Drew already made his. In fact, he tried to decide for the both of us—but you know that's not my style.
