 Salivary Gland Disorders Guide: Causes, Symptoms and ...
 Other salivary gland conditions Sjögren's syndrome is chronic disease. White blood cells attack the moisture-producing glands such as the salivary glands, the tear-producing glands, and sometimes the sweat and oil glands. Middle-aged women are most affected.
 Salivary Gland Disease

and Tumors | Cedars-Sinai
 Causes of salivary gland problems include infections, obstruction, or cancer. Problems can also be due to other disorders, such as mumps or Sjogren's syndrome.
 Salivary Gland Disorders - MedlinePlus
 Salivary gland diseases (SGD) are multiple and varied in cause. There are three paired major salivary glands in humans - (the parotid glands, the submandibular glands, and the sublingual glands), and about 800-1000 minor salivary glands in the mucosa of the mouth.
 Salivary gland disease - Wikipedia
 Sialadenitis refers to inflammation of a salivary gland and may be acute or chronic, infective or autoimmune. Sialolithiasis refers to stone-related disease within the ductal systems of a gland. Sialectasis refers to the dilation of a duct due to stones or strictures.
 Salivary Gland Disorders. What are Gland Disorders? | Patient
 Salivary gland disorders include inflammatory, bacterial, viral, and neoplastic etiologies. The presentation can be acute, recurrent, or chronic. Acute suppurative sialadenitis presents as rapid-onset pain and swelling and is treated with antibiotics, salivary massage, hydration, and sialogogues such as lemon drops or vitamin C lozenges.
 Salivary Gland Disorders - American Family Physician
 Signs and symptoms of a salivary gland tumor may include: A lump or swelling on or near your jaw or in your neck or mouth. Numbness in part of your face. Muscle weakness on one side of your face. Persistent pain in the area of a salivary gland. Difficulty swallowing. Trouble opening your mouth widely.
 Salivary gland tumors - Symptoms

and causes - Mayo Clinic
 Sjögren's syndrome. This is a chronic autoimmune disease in which cells of a person's immune system attack the salivary and other moisture-producing glands, leading to dry mouth and eyes. For...
 Salivary Glands & Salivary Problems: Location, Causes ...
 Xerostomia (the subjective feeling of oral dryness) is often associated with salivary gland hypofunction and may severely affect nutritional intake, social interaction and quality of life. Local or systemic disorders and diseases are common causes of compromised saliva secretion.
 Salivary Gland Disorders and Diseases | SpringerLink
 A salivary mucocele (or sialocele) is an accumulation of saliva in the submucosal or subcutaneous tissues after damage to the salivary duct or gland capsule. This is the most common salivary gland disorder of dogs. Although any of the salivary glands may be affected, the ducts of the sublingual and mandibular glands are involved most commonly.
