HAAS BRIA

Modern Welfare States

Contemporary Worlds
Uses both historical and contemporary case studies to examine how race and ethnicity affect the places we live, work, and visit. This book examines major Hispanic, African, and Asian diasporas in the continental United States and Puerto Rico from the nineteenth century to the present, with particular attention on the diverse ways in which these immigrant groups have shaped and reshaped American places and landscapes. Through both historical and contemporary case studies, the contributors examine how race and ethnicity affect the places we live, work, and visit, illustrating along the way the behaviors and concepts that comprise the modern ethnic and racial geography of immigrant and minority groups. While primarily addressed to students and scholars in the fields of racial and ethnic geography, these case studies will be accessible to anyone interested in race-place connections,

race-ethnicity boundaries, the development of racialization, and the complexity of human settlement patterns and landscapes that make up the United States and Puerto Rico. Taken together, they show how individuals and culture groups, through their ideologies, social organization, and social institutions, reflect both local and regional processes of place-making and place-remaking that occur within and beyond the continental United States.

Liberal Parties in Europe
Manchester University Press

An up-to-date account of Britain's uneasy relationship with the EU and of its impact upon British government and politics.

Irish Politics Today Taylor & Francis

This text provides a comprehensive account of the most salient political issues in world politics and explains their significance in a way that is accessible to students and non-specialists alike. The end of the Cold War led to a widespread feeling of relief and talk of a new world order. Optimism however was short-lived and a whole range of difficult new

issues, including ethnic conflict, refugees, terrorism and world security, have come to the fore. A number of ethical and moral issues such as poverty, human rights and religion has moved up the agenda of world politics. A new set of problems--involving the environment, technology, and health care--has impacted on the policy systems of states and international organizations. The contributors to this collection provide a basis for understanding emerging issues on the global stage.

The Politics Today Companion to West European Politics NYU Press

This is the ideal instant reference book on British politics.

Debates in British Politics Today St. Martin's Press

The political structures of the Scandinavian nations have long stood as models for government and public policy. This comprehensive study examines how that "Nordic model" of government developed, as well as its far-reaching influence. Respected Scandinavian historian Mary Hilson surveys the political bureaucracies of the five Nordic

countries—Denmark, Finland, Iceland, Norway, and Sweden—and traces their historical influences and the ways they have changed, individually and as a group, over time. The book investigates issues such as economic development, foreign policy, politics, government, and the welfare state, and it also explores prevailing cultural perceptions of Scandinavia in the twentieth century. Hilson then turns to the future of the Nordic region as a unified whole within Europe as well as in the world, and considers the re-emergence of the Baltic Sea as a pivotal region on the global stage. The Nordic Model offers an incisive assessment of Scandinavia yesterday and today, making this an essential text for students and scholars of political science, European history, and Scandinavian studies. Negotiating Flexibility in the European Union Manchester University Press

This volume represents a unique study of contemporary politics and policy-making in the five nation-states and three Home Rule territories of the Nordic region. Written in a lively and readable

style by an expert in the field, its approach is systematically thematic and comparative. Chapters deal with current political science issues such as nation-building and state-building, party system change, semi-presidentialism and post-corporatism, as well as addressing intrinsically important regional questions such as whether or not there is a Nordic model of government, a distinctively Scandinavian form of parliamentarianism and a superior welfare system. There is also detailed discussion of the Nordic states in their strategic external environment, focusing on the post-war security configuration in northern Europe and the impact of European integration on Scandinavia. Politics Today (Hardcover) A comprehensive study which looks at the politics of legislative debates in 33 liberal democracies in Europe, North America and Latin America, Africa, Asia, and Oceania. This book offers an account of the rules and practices determining floor access, with a particular focus on gender, seniority, and legislative party positions.

Third edition

Manchester University Press
Complements Collins and Cradden's 1997 Irish Politics Today with a dozen essays for college students of Irish politics or general readers. Scholars in a number of disciplines from both jurisdictions examine such topics as local and regional reforms, recent cases of corruption, The European Union, health policy, the growth performance of Northern Ireland and the Republic of Ireland from 1960 to 1995, women's issues, and the Good Friday Agreement. No date is mentioned for the first edition.

Scandinavian Unexceptionalism Manchester University Press

This fully revised third edition of Swedish: An Essential Grammar incorporates changes proposed to Swedish grammar by Svenska Akademiens grammatik. Examples have been fully updated and the bibliography has been expanded. Swedish: An Essential Grammar provides a fresh and accessible description of the language. Explanations are free of jargon and emphasis has been placed on areas of

Swedish that pose a particular challenge for English-speaking learners. The book offers: • a clear, accessible format; • authentic examples of language use, taken from a range of media; • clear, jargon-free explanations of grammar. Suitable for independent study or for class-based tuition, Swedish: An Essential Grammar continues to be an invaluable source to all learners looking to improve their knowledge of Swedish grammar.

Political Ideology Today
Manchester University Press

The terms 'Nordic' and 'Scandinavian' are widely used to refer to the politics, society and culture of Denmark, Finland, Iceland, Norway and Sweden. But why have people felt the need to frame things as Nordic and why has the adjective Nordic become so prominent? This book adopts a rhetorical approach, analysing the speech acts which have shaped the meanings of the term. What do the different terms Nordic and Scandinavian have in common, and how have the uses of these terms changed in different historical periods? What accounts for the apparent upsurge in uses of the

rhetoric of Nordicness in the 2010s? Drawing on eight case studies of the uses of Nordic and Scandinavian from the nineteenth century to the present day, the book explores the appeal and the flexibility of the rhetoric of Nordicness, in relation to race, openness, gender equality, food, crime fiction, Nordic co-operation and the Nordic model. Arguing that 'Nordic' and 'Scandinavian' are flexible and contested concepts that have been used in different, often contradictory and inherently political ways, the book suggests that the usage of the term has evolved from a means of creating a cultural community, to forging political co-operation and further to marketing models in politics and popular culture. The rhetorical approach also shows how many of the hallmarks of Nordic political culture, such as the Nordic model, Nordic gender equality or Nordic openness are more recent conceptualisations than usually assumed. As such, the book argues for the need to turn attention away from analysing the different components of Nordicness into studying

how, when, and for what purpose different features were made Nordic.

Third Edition Routledge

"This book is an essential reference guide for students of West European politics and West European area studies. A perfect companion to European politics today (by the same authors), it contains details of major events, political leaders, important dates, organisations and recent elections, all in an accessible, easy-to-read format. A comprehensive reference work, the book also provides a sound historical background for students of contemporary Europe. It covers the information and terms of reference students need to know to understand developments in European politics from the Second World War to the present day. Much of the book is devoted to those European countries most often featured in comparative courses in colleges and universities: the United Kingdom, France, Germany, Italy and Spain as well as the European Union. Also included are details of personalities and events which have proved decisive for smaller and less familiar European

democracies. From Resistance leaders to presidents, civil wars to scandals, the forces shaping the Europe of today are detailed in this book. This book is ideal for undergraduate students on politics, European studies and area studies courses"-- Publisher's description.

Culture, Markets and the Failure of Third-Way Socialism

Politics Today (Hardcover)

Examines the tenets of liberalism, socialism, conservatism, Marxism, anarchism, and fascism.

The Return of a Tradition

Manchester University Press

The third edition of US Politics Today provides a concise, up-to-date and accessible introduction to US government and politics. It offers a survey of core institutions such as the Presidency, Congress and the US Supreme Court, assesses the electoral system and considers the part played by organised interests and political parties. The book includes coverage of the 2008 presidential election and the Obama administration's record in office. The book also introduces some of the most important debates and arguments within American political

science. These include theories of voting behaviour, different approaches to presidential power, competing perspectives on the changing nature of the political parties, and contrasting representations of the lobbying process. The book is of particular relevance to undergraduate and A-level students but is also valuable for the general reader.

Ideology and Politics in Britain Today Greenwood Publishing Group

A comprehensive overview of the structures and influences of politics in Germany, which covers both historical and recent events

Scandinavian Politics

Today Manchester

University Press

A number of important changes have occurred since the first edition, and these are covered fully in the book. They include the introduction of the Euro, the reform of the Commission, the Amsterdam Treaty, the elections of 1999 and Agenda 2000.

Britain in the European Union Today

Manchester University Press

Alexander Stubb, a participant in the 1996-97 and 2000

Intergovernmental Conferences analyzes the evolution of flexible integration from the early 1970s to the present day and beyond. He focuses in the process of negotiations which led to the institutionalisation of flexibility in the Amsterdam and Nice Treaties. This book provides a valuable insider's view on historical decisionmaking in the European Union.

Third Edition

Manchester University Press

This book analyzes contemporary changes in immigration and integration policy in the wake of populism and rise of right-wing parties across the world. It examines how, in the face of substantial migratory flows, rising security concerns regarding immigration, and a refugee crisis of unprecedented levels, member states of the European Union have responded by calling for restrictive immigration policies, border patrolling, and intensified integration programs. Focusing on Denmark and Sweden, the volume employs a unified theoretical framework to look at how internal political debates, institutional patterns,

constitutional frameworks, and political competition are key to a systematic explanation of immigration and integration policy changes in Europe. This volume will be of great interest to scholars and researchers of migration and diaspora studies, public policy, politics and international relations, sociology, and social anthropology, as well as government officials, think tanks, and policymakers.

Political Issues in the World Today Oxford University Press
Focusing on paradoxes and tensions of European

legal integration, this book investigates four complex and inherently contradictory processes to offer a new framework for understanding contemporary European integration. The volume features contributions from some of the biggest names in European legal philosophy, to include Neil McCormick, Yves Dezalay and Bryant Garth, Pierre Legrand, Heikki Mattila and David Nelken. Second edition Politics Today
Local Government Today provides a comprehensive analysis of the structure, finance, management, and democratic

framework for local government in Britain. This new edition includes the changes made by Tony Blair's government and an evaluation in a comparative context of the value and effectiveness of the system. A new feature is a running commentary that puts the British system in comparative context and provides basic information on how local government operates in the European Union and the United States.
