and Joel Bartow convert their lifelong experiences and unparalleled knowledge into a concise, well-written book. They provide the essential tools to take aspirational goals for fraud prevention and compliance and build them into concrete and effective programs." —From the Foreword by Bradley J. Bondi, Partner, Caldwater, Wickersham & Taft LLP

The authors – both experienced fraud investigators and federal law enforcement agents – lay out the history and major milestones of corporate fraud, and discuss with precision the key issues facing today's executives and compliance leaders. The book provides a valuable overview for business leaders

looking to develop and implement effective compliance programs and instill a culture of integrity in order to help their organizations defeat the challenges posed by today's sophisticated fraudsters." —Jeffrey Eglash, Senior Counsel, Litigation & Legal Policy, GE "Biegelman and Bartow provide great insight into not just how fraud occurs inside of companies, but why.

Preventing fraud requires a solid understanding of both, making this book a must read for any executive who is serious about creating the compliance mechanisms and the corporate culture needed for effective fraud prevention."

—Aaron G. Murphy, Partner, Latham & Watkins LLP

and business litigation, Snell & Wilmer LLP "Executive Roadmap to Fraud Prevention and Internal Control: Creating a Culture of Compliance is a truly phenomenal book. Martin Biegelman and Joel Bartow have accomplished an incredible achievement: they have flawlessly bridged the chasm between the theoretical/academic and practical/tangible. This is a volume that should not be

on the bookshelf of every manager interested in compliance and fraud prevention (which should be every manager); it should be dog-eared and open on the desktop of every such manager! Kudos to Messrs. Biegelman and Bartow!"
—William J. Kresse, M.S., J.D., CPA, CFF, CFE; Associate Professor, Graham School of Management; Director, Center for the Study of Fraud

and Corruption, Saint Xavier University, Chicago "Biegelman and Bartow have again provided an invaluable resource for leaders in the corporate world who have responsibility for fraud, integrity, and compliance. They send a clear message that addressing fraud is a two part process—establishing robust controls and detection measures; and creating a culture of

compliance and integrity. This work provides a detailed tour through the world of fraud controls while keeping the importance of culture at the forefront."
—Ronald C. Petersen, Executive Director, Global Security, Ally Financial "From the perspective of an ethics and compliance practitioner, Martin Biegelman's and Joel Bartow's new offering is a Thanksgiving feast. Too often,

companies and organizations get caught up in the moment, and don't stand back to examine the cultural, organizational and historic reasons that fraud exists. Biegelman and Bartow plow that road, and use their insights to offer invaluable tips in the design of effective anti-fraud programs." —James D. Berg, Vice President, Chief Ethics and Compliance Officer, Apollo

Group Inc. "Biegelman and Bartow have indeed produced a functional roadmap for the executive to follow in fraud prevention and internal control. This book is a great asset for those engaged in the seemingly endless struggle to control fraud. A 'must read' for the industry." —Raymond L. Philo, MPA, Executive Director, Economic Crime Institute, Utica College "As if

Executive Roadmap to Fraud Prevention and Internal Control wasn't a powerful enough tool for fraud fighters, now Biegelman and Bartow have added fresh insight and advice to the second edition. With compelling updates on costly internal and external fraud and corruption, together with easy-to-read descriptions of latest fraud-fighting technologies, this is a must-read for fraud examiners,

auditors, attorneys and others—whether they've read the first edition or not." —Peter Goldmann, President, White-Collar Crime 101 LLC/FraudAware "Fraud borders on the ubiquitous in contemporary corporate culture. This book provides a rich and comprehensive guide to crafting a state of the art fraud deterrence program. While the book is sure to better equip corporate executives

Fisher, PhD, CPA, Associate Professor and Chair of the Department of Accounting and Law, The University at Albany-SUNY "The book's exploration of fraud theories ranging from 'rotten apple' to the 'potato chip' (can't eat just one!),

provides useful examination of the psychology of corporate fraud that explains its recurring nature and offers clues to creating a fraud resistant culture." —Zachary W. written by noted practitioner, author and lecturer Michael Schlesinger. This new Fourth Edition contains extensive discussion of the changes brought about by the Pension Protection Act of 2006 and the Small Business and Work Opportunity Tax Act of 2007. It also covers Treasury regulations related to the Code Sec. 199 manufacturing deduction, as well as cases, rulings and

pronouncements issued since the Third Edition. Comprised of fifteen chapters, this book starts by considering the tax advantages of electing S corporation status. The middle chapters, Chapters 2-12, detail the operations of S corporations, discussing statutory requirements, taxpayers who qualify as shareholders, and considerations when converting a C corporation to S status.

Chapter 13 provides a comparison of S corporations to other business entities such as limited liability companies, partnerships, and C corporations. Chapter 14 discusses S corporation subsidiaries, and Chapter 15 covers employee stock ownership plans (ESOPs) for S corporations. The book also includes detailed reference material. The Index provides the best
