It's no wonder that well-intentioned professionals doing their best to be good organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Her challenging and controversial concepts illustrated with poignant stories suggest common-sense and immediately applicable alternatives more suitable in today's workplace"--Back cover.

Have you ever thought about what your life would be like if it revolved around you? Me First: A Deliciously Selfish Take on Life is an unapologetic and hilarious perspective on what it takes to get to the top and to live life on your own terms. Before making any big decision such as getting into a

relationship or choosing a career path-you will start with the most important question: What do I want? The second question you will ask is: How does this decision, action, or choice benefit me directly? If it's not what you want or does not benefit you directly, don't do it. At the heart of Me First is the belief that YOU deserve to be happy and fulfilled. Its "Delish-isms" will show you how to become the number one priority in your life and become smarter and more strategic about your

relationships, career, health, and finances. Every chapter also contains "Kick Starters" to help you get moving in the right direction. How selfish, right? Absolutely! A deliciously selfish life means taking a step back from the craziness to figure out who you are and what you want, and once you do, to own it. Because the only person holding you back from getting what you want is you.
