Gregor and the Prophecy of Bane Scholastic Inc.

The New York Times Bestseller Set in the Appalachian wilderness and blending legends and folklore with high suspense, this stellar novel, *The Ballad of Frankie Silver*, is considered one of McCrumb's crowning achievements. In 1833 Frankie Silver was an eighteen-year-old girl convicted of murder in Burke County,

North Carolina. Through a detailed investigation, the local sheriff, and soon all the townsfolk, discover reason to question her guilt---but the wheels of justice were mercilessly unstoppable, and she was hanged. Now, more than a century later, another woman is convicted of murder in the lush hills of Tennessee. Her life is in the hands of Spencer Arrowood, a man who begins to discover that the convictions of these two women have deep and haunting parallels. Although Frankie's fate cannot be changed, there is still time to alter the fate of another innocent woman. In a voice that could only be Sharyn McCrumb's, the worlds of these two murders, these two women, intersect in this densely plotted and lyrical

novel—and characters, generations, and history are breathlessly painted against an Appalachian canvas.

The Promise of Rain Scholastic UK
When creating her post-apocalyptic world of The Hunger Games, author Suzanne Collins drew from various real-world history and geography, particularly from Appalachia, which is reflected in the culture and location of District 12. With the release of her 2019 prequel, *The Ballad of Songbirds and Snakes*, Collins brought readers deeper into Appalachia's extraordinary cultural diversity and its storied musical traditions. This book provides a tour of human geography, history and culture that establishes the foundation for the saga's novels and films. Told from the expertise of a geographer, it explores how place can shape culture, how social and geographical concepts intersect and how these ideas apply to The Hunger

Games. Specifically, the work explores the idea of "home," and how attachment to a place is strengthened through landscape, geography and song.

Renowned journalist Nell Frizzell explores what happens when a woman begins to ask herself: should I have a baby? We have descriptors for many periods of life—adolescence, menopause, mid-life crisis, quarter-life crisis—but there is a period of profound change that many women face, often in their late twenties to early forties, that does not yet have a name. Nell Frizzell is calling this period of flux “the panic years,” and it is often characterized by a preoccupation with one major question: should I have a baby? And from there—do I want a baby? With whom should I have a baby? How will I know when I’m ready? Decisions made during this period suddenly take on more weight, as questions of love, career, friendship, fertility, and family clash together while peers begin the process of coupling and

breeding. But this very important process is rarely written or talked about beyond the clichés of the “ticking clock.” Enter Frizzell, our comforting guide, who uses personal stories from her own experiences in the panic years to illuminate the larger social and cultural trends, and gives voice to the uncertainty, confusion, and urgency that tends to characterize this time of life. Frizzell reminds us that we are not alone in this, and encourages us to share our experiences and those of the women around us—as she does with honesty and vulnerability in these pages. Raw and hilarious, *The Panic Years* is an arm around the shoulder for every woman trying to navigate life’s big decisions against the backdrop of the mother of all questions.
