problems and solutions ...Management accounting does not create a business management utopia. Management accountants may create inaccurate cost allocations that can over-cost the individual goods and services a company produces. Consumer products with artificially high production costs will lead to higher than average consumer prices and potentially lower sales. Problems of Management Accounting | Bizfluent In this article we have compiled various cost accounting problems along with its relevant Solutions. After reading this article you will learn about cost accounting problems on: 1. Cost Sheet 2. Economic Ordering
