## HOBBS MELTON

**Elijah of Buxton (Scholastic Gold)** Penguin

The dramatic story of fugitive slaves and the antislavery activists who defied the law to help them reach freedom. More than any other scholar, Eric Foner has influenced our understanding of America's history. Now, making brilliant use of extraordinary evidence, the Pulitzer Prize-winning historian once again reconfigures the national saga of American slavery and freedom. A deeply entrenched institution, slavery lived on legally and commercially even in the northern states that had abolished it after the American Revolution. Slaves could be found in the streets of New York well after abolition, traveling with owners doing business with the city's major banks, merchants, and manufacturers. New York was also home to the North's largest free black community, making it a magnet for fugitive slaves seeking refuge. Slave catchers and gangs of kidnappers roamed the city, seizing free blacks, often children, and sending them south to slavery. To protect fugitives and fight kidnappings, the city's free blacks worked with

white abolitionists to organize the New York Vigilance Committee in 1835. In the 1840s vigilance committees proliferated throughout the North and began collaborating to dispatch fugitive slaves from the upper South, Washington, and Baltimore, through Philadelphia and New York, to Albany, Syracuse, and Canada. These networks of antislavery resistance, centered on New York City, became known as the underground railroad. Forced to operate in secrecy by hostile laws, courts, and politicians, the city's underground-railroad agents helped more than 3,000 fugitive slaves reach freedom between 1830 and 1860. Until now, their stories have remained largely unknown, their significance little understood. Building on fresh evidence—including a detailed record of slave escapes secretly kept by Sydney Howard Gay, one of the key organizers in New York—Foner elevates the underground railroad from folklore to sweeping history. The story is inspiring—full of memorable characters making their first appearance on the historical stage—and significant—the controversy over fugitive slaves inflamed the sectional crisis of the 1850s. It eventually took a civil war to destroy American slavery, but here at last is the story of the courageous effort to fight slavery by "practical abolition," person by person, family by family.

[Henry's Freedom Box](#) Harper Paperbacks

Describes the Underground Railroad and the historical events surrounding it and presents the stories of some of its conductors.

**Stories in American History** The Underground History of American Education, Volume I An Intimate Investigation Into the Prison of Modern Schooling In the late nineteenth century, as cities like Boston and New York grew more congested, the streets became clogged with plodding, horse-drawn carts. When the great blizzard of 1888 crippled the entire northeast, a solution had to be found. Two brothers from one of the nation's great families—Henry Melville Whitney of Boston and William Collins Whitney of New York—pursued the dream of his city digging America's first subway, and the great race was on. The competition between Boston and New York played out in an era not unlike our own, one of economic upheaval, life-changing innovations, class warfare, bitter political tensions, and the question of America's place in the world. The Race Underground is peopled with the famous, like Boss Tweed, Grover Cleveland and Thomas Edison, and the not-so-famous, from brilliant engineers to the countless "sandhogs" who shoveled, hoisted and blasted their way into the earth's crust, sometimes losing their lives in the construction of the tunnels. Doug Most chronicles the science of the subway, looks at the centuries of fears people overcame about traveling underground and tells a story as exciting as any ever ripped from the pages of U.S. history. The Race Underground is a great American saga of two rival American cities, their rich, powerful and sometimes corrupt interests, and an invention that changed the lives of millions.

**1940 Edition** Odysseus Group

The definitive chronicle of underground music in the 1980s tells the stories of Black Flag, Sonic Youth, The Replacements, and other seminal bands whose DIY revolution changed American music forever. Our Band Could Be Your Life is the never-before-told story of the musical revolution that happened right under the nose of the Reagan Eighties -- when a small but sprawling network of bands, labels, fanzines, radio stations, and other subversives re-energized American rock with punk's do-it-yourself credo and created music that was deeply personal, often brilliant, always challenging, and immensely influential. This sweeping chronicle of music, politics, drugs, fear, loathing, and faith is an indie rock classic in its own right. The bands profiled include: Sonic Youth Black Flag The Replacements Minutemen Husker Du Minor Threat Mission of Burma Butthole Surfers Big Black Fugazi Mudhoney Beat Happening Dinosaur Jr.

Informative, fact-filled captions complete this coloring book about the plight of African American slaves and their struggle for freedom.

**1492-Present** Basic Books

Few things have defined America as much as slavery. In the wake of emancipation the story of the Underground Railroad has become a seemingly irresistible part of American historical consciousness. This stirring drama is one Americans have needed to tell and retell and pass on to their children. But just how much of the Underground Railroad is real, how much legend and mythology, how much invention? *Passages to Freedom* sets out to answer this question and place it within the context of slavery, emancipation, and its aftermath. Published on the occasion of the opening of the National Underground Railroad Freedom Center in Cincinnati, Ohio, *Passages to Freedom* brings home the reality of slavery's destructiveness. This distinguished yet accessible volume offers a galvanizing look at how the brave journey out of slavery both haunts and inspires us today.

*A Novel* Colchis Books

True stories drawn from the inspirational and heartrending history of the Underground Railroad It is estimated that by 1850 over one hundred thousand slaves had escaped to freedom in the North via a network of safe houses and secret routes known collectively as the Underground Railroad. First published in 1879, *Sketches in the History of the Underground Railroad* chronicles the perilous journeys and thrilling adventures of nearly two-dozen escaped slaves and the brave souls who helped them along the way. Compiled by a conductor on the Railroad, these sketches bring the horrors of slavery to vivid life and serve as an enduring testament to the power of the human spirit. This ebook has been professionally proofread to ensure accuracy and readability on all devices.

**The Underground Railroad** Valor Academy

This historical exploration of the Green Book offers “a fascinating [and] sweeping story of black travel within Jim Crow America across four decades” (The New York Times Book Review). Published from 1936 to 1966, the Green Book was hailed as the “black travel guide to America.” At that time, it was very dangerous and difficult for African-Americans to travel because they couldn’t eat, sleep, or buy gas at most white-owned businesses. The Green Book listed hotels, restaurants, gas stations, and other businesses that were safe for black travelers. It was a resourceful and innovative solution to a horrific problem. It took courage to be listed in the Green Book, and *Overground Railroad* celebrates the stories of those who put their names in the book and stood up against segregation. Author Candacy A. Taylor shows the history of the Green Book, how we arrived at our present historical moment, and how far we still have to go when it comes to race relations in America. A New York Times Notable Book of 2020

*An Introduction to the American Underground Film* Random House

The bestselling book that asks the question: what would present-day America look like if the Civil War never happened? A New York Times bestseller; a Goodreads Choice finalist; named one of the Best Books of the Year by NPR, Slate, Publishers Weekly, Hudson Bookseller, St. Louis Post-Dispatch, Kirkus Reviews, AudioFile Magazine, and Amazon A young black man calling himself Victor has struck a bargain with federal law enforcement, working as a bounty hunter for the US Marshall Service in exchange for his freedom. He's got plenty of work. In this version of America, slavery continues in four states called "the Hard Four." On the trail of a runaway known as Jackdaw, Victor arrives in Indianapolis knowing that something isn't right—with the case file, with his work, and with the country itself. As he works to infiltrate the local cell of a abolitionist movement called the Underground Airlines, tracking Jackdaw through the back rooms of churches, empty parking garages, hotels, and medical offices, Victor believes he's hot on the trail. But his strange, increasingly uncanny pursuit is complicated by a boss who won't reveal the extraordinary stakes of Jackdaw's case, as well as by a heartbreaking young woman and her child—who may be Victor's salvation. Victor believes himself to be a good man doing bad work, unwilling to give up the freedom he has worked so hard to earn. But in pursuing Jackdaw, Victor discovers secrets at the core of the country's arrangement with the Hard Four, secrets the government will preserve at any cost. *Underground Airlines* is a ground-breaking novel, a wickedly imaginative thriller, and a story of an America that is more like our own than we'd like to believe.

*Tales of Hacking, Madness and Obsession on the Electronic Frontier* Houghton Mifflin

#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • NATIONAL BOOK AWARD LONGLIST • “An instant American classic and almost certainly the keynote nonfiction book of the American century thus far.”—Dwight Garner, The New York Times The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR • Bloomberg • Christian Science Monitor • New York Post • The New York Public Library • Fortune • Smithsonian Magazine • Marie Claire • Town & Country • Slate • Library Journal • Kirkus Reviews • LibraryReads • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

**Underground America** Little, Brown

Suelette Dreyfus and her co-author, WikiLeaks founder Julian Assange, tell the extraordinary true story of the computer underground, and the bizarre lives and crimes of an elite ring of international hackers who took on the establishment. Spanning three continents and a decade of high level infiltration, they created chaos amongst some of the world's biggest and most powerful organisations, including NASA and the US military. Brilliant and obsessed, many of them found themselves addicted to hacking and phreaking. Some descended into drugs and madness, others ended up in jail. As riveting as the finest detective novel and meticulously researched, *Underground* follows the hackers through their crimes, their betrayals, the hunt, raids and investigations. It is a gripping tale of the digital underground.

**Our Band Could Be Your Life** Verso Books

A brilliant and surprising account of the coming of the American Civil War, showing the crucial role of slaves who escaped to Mexico. The Underground Railroad to the North promised salvation to many American slaves before the Civil War. But thousands of people in the south-central United States escaped slavery not by heading north but by crossing the southern border into Mexico, where slavery was abolished in 1837. In *South to Freedom*, historian Alice L. Baumgartner tells the story of why Mexico abolished slavery and how its increasingly radical antislavery policies fueled the sectional crisis in the United States. Southerners hoped that annexing Texas and invading Mexico in the 1840s would stop runaways and secure slavery's future. Instead, the seizure of Alta California and Nuevo México upset the delicate political balance between free and slave states. This is a revelatory and essential new perspective on antebellum America and the causes of the Civil War.

**The Story of the Underground Railroad** Verso Books

Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

**A Fluid Frontier** New Society Publishers

#1 New York Times Bestseller - Winner of the Pulitzer Prize - Winner of the National Book Award - Winner of the Andrew Carnegie Medal for Excellence in Fiction - Longlisted for the Man Booker Prize One of the Best books of the Year: The New York Times, The Washington Post, NPR, The Boston Globe, The Seattle Times, HuffPost, Esquire, Minneapolis Star Tribune Look for Whitehead's acclaimed new novel, *The Nickel Boys*, available now Cora is a young slave on a cotton plantation in Georgia. An outcast even among her fellow Africans, she is on the cusp of womanhood--where greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the

next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. The Underground Railroad is both the gripping tale of one woman's will to escape the horrors of bondage--and a powerful meditation on the history we all share.

*The Underground Railroad* Scholastic Inc.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

*The Underground Railroad in History and Memory* Enslow Publishing, LLC

Winner of the 2019 Stone Book Award, Museum of African American History A remarkable intellectual history of the slave revolts that made the modern revolutionary era *The Common Wind* is a gripping and colorful account of the intercontinental networks that tied together the free and enslaved masses of the New World. Having delved deep into the gray obscurity of official eighteenth-century records in Spanish, English, and French, Julius S. Scott has written a powerful "history from below." Scott follows the spread of "rumors of emancipation" and the people behind them, bringing to life the protagonists in the slave revolution. By tracking the colliding worlds of buccaneers, military deserters, and maroon communards from Venezuela to Virginia, Scott records the transmission of contagious mutinies and insurrections in unparalleled detail, providing readers with an intellectual history of the enslaved. Though *The Common Wind* is credited with having "opened up the Black Atlantic with a rigor and a commitment to the power of written words," the manuscript remained unpublished for thirty-two years. Now, after receiving wide acclaim from leading historians of slavery and the New World, it has been published by Verso for the first time, with a foreword by the academic and author Marcus Rediker.

*The Origins of Our Discontents* Simon and Schuster

The INSTANT New York Times Bestseller A New York Times Book Review Editors' Choice A New York Times Notable Book A Best Book of the Year: Time, Wall Street Journal, and Publishers Weekly In this "stunning literary achievement," Donner chronicles the extraordinary life and brutal death of her great-great-aunt Mildred Harnack, the American leader of one of the largest underground resistance groups in Germany during WWII—"a page-turner story of espionage, love and betrayal" (Kai Bird, winner of the Pulitzer Prize for Biography) Born and raised in Milwaukee, Mildred Harnack was twenty-six when she enrolled in a PhD program in Germany and witnessed the meteoric rise of the Nazi party. In 1932, she began holding secret meetings in her apartment—a small band of political activists that by 1940 had grown into the largest underground resistance group in Berlin. She recruited working-class Germans into the resistance, helped Jews escape, plotted acts of sabotage, and collaborated in writing leaflets that denounced Hitler and called for revolution. Her coconspirators circulated through Berlin under the cover of night, slipping the leaflets into mailboxes, public restrooms, phone booths. When the first shots of the Second World War were fired, she became a spy, couriering top-secret intelligence to the Allies. On the eve of her escape to Sweden, she was ambushed by the Gestapo. At a Nazi military court, a panel of five judges sentenced her to six years at a prison camp, but Hitler overruled the decision and ordered her execution. On February 16, 1943, she was strapped to a guillotine and beheaded. Historians identify Mildred Harnack as the only American in the leadership of the German resistance, yet her remarkable story has remained almost unknown until now. Harnack's great-great-niece Rebecca Donner draws on her extensive archival research in Germany, Russia,

England, and the U.S. as well as newly uncovered documents in her family archive to produce this astonishing work of narrative nonfiction. Fusing elements of biography, real-life political thriller, and scholarly detective story, Donner brilliantly interweaves letters, diary entries, notes smuggled out of a Berlin prison, survivors' testimony, and a trove of declassified intelligence documents into a powerful, epic story, reconstructing the moral courage of an enigmatic woman nearly erased by history.

*The Underground Railroad: from Slavery to Freedom* Wayne State University Press

A bold and original argument that upends the myth of the Fifties as a decade of conformity to celebrate the solitary, brave, and stubborn individuals who pioneered the radical gay rights, feminist, civil rights, and environmental movements, from historian James R. Gaines. In a fascinating and beautifully written series of character portraits, *The Fifties* invokes the accidental radicals—people motivated not by politics but by their own most intimate conflicts—who sparked movements for change in their time and our own. Among many others, we meet the legal pathfinder Pauli Murray, who was tortured by both her mixed-race heritage and her "in between" sexuality. Through years of hard work and self-examination, she turned her demons into historic victories. Ruth Bader Ginsberg credited her for the argument that made sex discrimination illegal, but that was only one of her gifts to 21st-century feminism. We meet Harry Hay, who dreamed of a national gay-rights movement as early as the mid-1940s, a time when the US, Soviet Union, and Nazi Germany viewed gay people as subversives and mentally ill. And in perhaps the book's unlikeliest pairing, we hear the prophetic voices of Silent Spring's Rachel Carson and MIT's preeminent mathematician, Norbert Wiener, who from their very different perspectives—she in the living world, he in the theoretical one—converged on the then-heretical idea that our mastery over the natural world carried the potential for disaster. Their legacy is the environmental movement. *The Fifties* is a dazzling and provocative work of history that transforms our understanding of a seemingly staid decade and honors the pioneers of gay rights, feminism, civil rights, and environmentalism. The book carries the powerful message that change actually begins not in mass movements and new legislation but in the lives of de-centered, often lonely individuals, who learn to fight for change in a daily struggle with themselves.

*Passages to Freedom* Anchor Books

From the bestselling author of *Public Enemies* and *The Big Rich*, an explosive account of the decade-long battle between the FBI and the homegrown revolutionary movements of the 1970s: The Weathermen. The Symbionese Liberation Army. The FALN. The Black Liberation Army. The names seem quaint now, when not forgotten altogether. But there was a stretch of time in America, during the 1970s, when bombings by domestic underground groups were a daily occurrence. The FBI combated these groups and others as nodes in a single revolutionary underground, dedicated to the violent overthrow of the American government. The FBI's response to the leftist revolutionary counterculture has not been treated kindly by history, and in hindsight many of its efforts seem almost comically ineffectual, if not criminal in themselves. But part of the extraordinary accomplishment of Bryan Burrough's *Days of Rage* is to temper those easy judgments with an understanding of just how deranged these times were, how charged with menace. Burrough re-creates an atmosphere that seems almost unbelievable just forty years later, conjuring a time of native-born radicals, most of them "nice middle-class kids," smuggling bombs into skyscrapers and detonating them inside the Pentagon and the U.S. Capitol, at a Boston courthouse and a Wall Street restaurant packed with lunchtime diners—radicals robbing dozens of banks and assassinating policemen in New York, San Francisco, Atlanta. The FBI, encouraged to do everything possible to undermine the radical underground, itself broke many laws in its attempts to bring the revolutionaries to justice—often with disastrous consequences. Benefiting from the extraordinary number of people from the underground and the FBI who speak about their experiences for the first time, *Days of Rage* is filled with revelations and fresh details about the major revolutionaries and their connections and about the FBI and its desperate efforts to make the bombings stop. The result is a mesmerizing book that takes us into the hearts and minds of homegrown terrorists and federal agents alike and weaves their stories into a spellbinding secret history of the 1970s.
