RISHI BRYCE

Reading These United States Vintage

Written by a Pulitzer Prize winning author, this "concise" survey explores the many and varied threads of American history--social, intellectual, cultural political, diplomatic, economic, and military--from the Reconstruction after the Civil War through the crisis following the terrorist attacks on New York and Washington on September 11, 2001. Inclusive of all the diverse groups that are and have been part of the American fabric, it shows how the story of America is a human story revealing the imperfections, as well as the triumphs of human endeavor and the human spirit. Using a unique "inquiry approach," each chapter is built around a

specific question or theme designed to challenge readers to consider the complexity of America's past. Considers questions such as: What Went Wrong in Reconstruction? What Were the Causes, What Were the Costs of Industrialization? What Did Cities Offer? and to Whom? How "Gilded" Was the Gilded Age? Why Did the United States Look Abroad? What Were the Roots and What Were the Accomplishments of Progressivism? World War I: Idealism, National Interest, or Neutral Rights? The Twenties: Happy Adolescence or Decade of Stress? The New Deal: Too Far or Not Far Enough? World War II: Blunder, or Decision in the National Interest? Why Protest in the "Great Society"? Why Did the Right Fail in the Seventies? The "Reagan Revolution" What Was It? What Did It Accomplish? Would Diversity and the Cold War's End Change America? For anyone interested in American history.

A Search for Common Ground Univ of California Press

This “important and timely” (Drew Faust, Harvard Magazine) #1 New York Times bestseller examines the legacy of slavery in America—and how both history and memory continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be. Winner of the National Book Critics Circle Award for Nonfiction Winner of the Stowe Prize Winner of 2022 Hillman Prize for Book Journalism A New York Times 10 Best Books of 2021

81 Questions for Parents Little, Brown

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S “BOOKS THAT HELP ME THROUGH” • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as “required reading,” a bold and personal literary exploration of America's racial history by “the most important essayist in a generation and a writer who changed the national political conversation about race” (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son.

Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

Study Guide to Accompany Irwin Unger's *These United States* Legare Street Press

"Learn About the United States" is intended to help permanent residents gain a deeper understanding of U.S. history and government as they prepare to become citizens. The product presents 96 short lessons, based on the sample questions from which the civics portion of the naturalization test is drawn. An audio CD that allows students to listen to the questions, answers, and civics lessons read aloud is also included. For immigrants preparing to naturalize, the chance to learn more about the history and government of the United States will make their journey toward citizenship a more meaningful one.

Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

The Nebraska Question, Comprising Speeches in the United States Senate by Mr. Douglas, ... Mr. Seward, and Mr. Sumner. Together with the History of the Missouri Compromise, Daniel Webster's Memorial in Regard to It-History of the Annexation of Texas-the Organization of Oregon Territory and the Compromise of 1850 Legare Street Press

In June 1776, colonial delegates to the Continental Congress began writing a document to set up a new country—with a government independent from Britain. The Articles of Confederation created a limited centralized government, with states keeping most of the power. After sixteen months of debate, delegates finally passed the Articles on November 15, 1777. But afterward, many conflicts arose. It became clear that the country needed—but also feared—a stronger central government. The states sent delegates to another meeting called the Constitutional Convention, out of which came the U.S. Constitution. So who attended the Continental Congress? How did the Articles of Confederation hold the country together during the Revolutionary War? What was Shay's Rebellion? Discover the facts about the Articles of Confederation and learn how this document influenced the formation of the U.S. government.

These United States: No specific title Harper Collins

"At a time of bitter national polarization, there is a critical need for leaders who can help us better communicate with one another. Written as a series of back-and-forth exchanges, this engaging book illustrates a model of civil debate between those with substantial, principled differences. It is also a powerful meditation on where 21st-century school improvement can and should go next"--

From the bestselling author of *A More Beautiful Question*, hundreds of big and small questions that harness the magic of inquiry to tackle challenges we all face--at work, in our relationships, and beyond. When confronted with almost any demanding situation, the act of questioning can help guide us to smart decisions. By asking questions, we can analyze, learn, and move forward in the face of uncertainty. But "questionologist" Warren Berger says that the questions must be the right ones; the ones that cut to the heart of complexity or enable us to see

an old problem in a fresh way. In *The Book of Beautiful Questions*, Berger shares illuminating stories and compelling research on the power of inquiry. Drawn from the insights and expertise of psychologists, innovators, effective leaders, and some of the world's foremost creative thinkers, he presents the essential questions readers need to make the best choices when it truly counts, with a particular focus in four key areas: decision-making, creativity, leadership, and relationships. The powerful questions in this book can help you: - Identify opportunities in your career or industry - Generate fresh ideas in business or in your own creative pursuits - Check your biases so you can make better judgments and decisions - Do a better job of communicating and connecting with the people around you Thoughtful, provocative, and actionable, these beautiful questions can be applied immediately to bring about change in your work or your everyday life.

Combining common sense, research, and a little humor, *81 Questions for Parents* helps to ensure each child gets the most out of their education.

Congressional Record W. W. Norton & Company

Reading *These United States* explores the relationship between early American literature and federalism in the early decades of the republic. As a federal republic, the United States constituted an unusual model of national unity, defined by the representation of its variety rather than its similarities. Taking the federal structure of the nation as a foundational point, Keri Holt examines how popular print—including almanacs, magazines, satires, novels, and captivity narratives—encouraged citizens to recognize and accept the United States as a union of differences. Challenging the prevailing view that early American print culture drew citizens together by establishing common bonds of language, sentiment, and experience, she argues that early American literature helped define the nation, paradoxically, by drawing citizens apart—foregrounding, rather than transcending, the regional, social, and political differences that have long been assumed to separate them. The book offers a new approach for studying print nationalism that transforms existing arguments about the political and cultural function of print in the early United States, while also offering a provocative model for revising the concept of the nation itself. Holt also breaks new ground by incorporating an analysis of literature into studies of federalism and connects the literary politics of the early republic with antebellum literary politics—a bridge scholars often struggle to cross.

These United States Teachers College Press

Something is dreadfully wrong in America. You can feel it. A storm of trials has beaten upon our house for so long that those of us now living have never known the warmth of true liberty. We now stand amid a crisis that has been present for decades but will not much longer endure indecision. This crisis demands a choice be made. Our choices? Succumb to tyranny, or reclaim true liberty. Having veered so far off course for so long, we now live under the velvet-iron fist of a rogue government that bears

little resemblance to the federal government defined in the United States Constitution. How did this happen? And what, if anything, can we do? These questions, and more, are answered in the book *THESE UNITED STATES: The Founders' Blueprint for Restoring America*. Drawing from the experience, courage, and wisdom of our founding fathers and the example they provided for us, there is a clear path to the restoration of our constitutional republic.

Studyguide for *These United States the Questions of Our Past* Prentice Hall

2020 L.A. Times Book Prize Finalist, History A provocative examination of how the U.S. military has shaped our entire world, from today's costly, endless wars to the prominence of violence in everyday American life. The United States has been fighting wars constantly since invading Afghanistan in 2001. This nonstop warfare is far less exceptional than it might seem: the United States has been at war or has invaded other countries almost every year since independence. In *The United States of War*, David Vine traces this pattern of bloody conflict from Columbus's 1492 arrival in Guantanamo Bay through the 250-year expansion of a global U.S. empire. Drawing on historical and firsthand anthropological research in fourteen countries and territories, *The United States of War* demonstrates how U.S. leaders across generations have locked the United States in a self-perpetuating system of permanent war by constructing the world's largest-ever collection of foreign military bases—a global matrix that has made offensive interventionist wars more likely. Beyond exposing the profit-making desires, political interests, racism, and toxic masculinity underlying the country's relationship to war and empire, *The United States of War* shows how the long history of U.S. military expansion shapes our daily lives, from today's multi-trillion-dollar wars to the pervasiveness of violence and militarism in everyday U.S. life. The book concludes by confronting the catastrophic toll of American wars—which have left millions dead, wounded, and displaced—while offering proposals for how we can end the fighting.

These United States ^b***The questions of our past*** Viking

The United States of America stands on the precipice of a New American Revolution which will either end our nation as we currently know it or propel us to new heights. Living among us is a remarkable group of revolutionaries, all Millennials, who are tasked with saving and restoring this great nation. Reminiscent of Founding Fathers George Washington, Thomas Jefferson and John Adams, these God-called young men and women also share commonalities with Martin Luther and Bible heroes Moses, Gideon, David, Daniel, Esther and Nehemiah. Phill Bettis reveals how these emerging leaders will challenge and question almost everything as they begin an incredible journey toward reemergence of personal responsibility, genuine leadership and discovering God again. These unexpected leaders will face daunting challenges as many in the United States are close to giving up on our economy and political environment. Negativity abounds in the media, and instead of being united, citizens are rapidly choosing sides and asking if there is any way to turn America back to the great nation she once was. Full of encouragement and unabashed reality, *The Little Book of Annoying Questions* seeks to inject a healthy dose of optimism into our public discourse. Bettis pulls no punches, asking difficult questions that force one to confront the issues of our day. Questions posed to our institutions and to us are simultaneously uncomfortable and inspiring. Those questions reveal a remarkable path to preserve our legacy of freedom and American exceptionalism. Timely and compelling, *The Little Book of Annoying Questions* opens the door to conversations necessary to save the heart and soul of the United States.

What Are the Articles of Confederation? Prentice Hall

This insightful collection of primary sources sheds new light on some of the most important debates in American history, with a particular focus on issues of economic and social justice. From the populist uprising of the Robber Barons to the New Deal reforms of Franklin D. Roosevelt, this book offers a fascinating glimpse into our nation's past. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Tell Me How It Ends Rowman & Littlefield Publishers

Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

These United States Questions of the Past Coffee House Press

About the struggle to create a national myth for the United

States, one that could hold its rival regional cultures together and forge, for the first time, an American nationhood. Tells the dramatic tale of how the story of America's national origins, identity, and purpose was intentionally created and fought over in the nineteenth and early twentieth centuries

This Republic of Suffering Republic Publishing

President Franklin Roosevelt told Americans in a 1936 fireside chat, "I do not look upon these United States as a finished product. We are still in the making." *These United States* builds on this foundation to present a readable, accessible history of the United States throughout the twentieth century—an ongoing and inspiring story of great leaders and everyday citizens marching, fighting, voting, and legislating to make the nation's promise of democracy a reality for all Americans. In the college edition of *These United States*, Gilmore and Sugrue seamlessly weave insightful analysis with all of the support tools needed by students and instructors alike, including paired primary source documents, review questions, key terms, maps, and figures in a dynamic four-color design.

These United States Government Printing Office

"Nothing short of a masterpiece." —NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In the most ambitious one-volume American history in decades, award-winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation. Widely hailed for its "sweeping, sobering account of the American past" (New York Times Book Review), Jill Lepore's one-volume history of America places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore wrestles with the state of American politics, the legacy of slavery, the persistence of inequality, and the nature of technological change. "A nation born in contradiction... will fight, forever, over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. With *These Truths*, Lepore has produced a book that will shape our view of American history for decades to come.
