My name is Dovey Coe and I reckon it do't matter if you like me or not. I'm here to lay the record straight, to let you know them folks saying I done a terrible thing are liars. I aim to prove it, too. I hated Parnell Caraway as much as the next person, but I didn't kill him. Dovey Coe says what's on her mind, so it's no secret that she can't stand Parnell Caraway. Parnell may be the son of the richest man in town, but he's mean and snobby, and Dovey can't stand the fact that he's courting her sister, Caroline, or the way he treats her brother, Amos, as if he were stupid just because he can't hear. So when Parnell turns up dead, and Dovey's in the room where his body is discovered, she soon finds herself on trial for murder. Can the outspoken Dovey sit still and trust a city slicker lawyer who's still wet behind the ears to get her out of the biggest mess of her life?

Speakout Pre Intermediate Workbook Pearson ELT

Speaking is a dynamic, interpersonal process and one that strongly influences how we are perceived by others in a range of formal and everyday contexts. Despite this, speaking is often researched and taught as if it is simply writing delivered in a different mode. In Teaching and Researching Speaking, Rebecca Hughes suggests that we have less understanding than we might of important meaning-making aspects of speech such as prosody, gaze, affect, and the ways speakers collaborate and negotiate with one another in interaction. This thoroughly revised and

updated second edition looks to the future of the field, offering: A new chapter on assessment, discussing 'high stakes' oral language testing contexts such as immigration New material considering access to spoken data via the worldwide web and new technologies that allow neurolinguistic insights formerly hidden from view Summaries and case studies to help the reader understand how to approach researching speaking and encourages practitioners to question the models of speaking that they are using in their classrooms. Reviewing materials and assessment practices in the light of current knowledge about spoken language, and highlighting areas for new work and collaboration between researchers and practitioners, this book will be a valuable resource for anyone involved in language teaching.
