ARELLANO BRAYDON

A Companion to Ancient Thrace BRILL
The first English-language monograph on ancient Macedonia in almost thirty years, Carol J. King's book provides a detailed narrative account of the rise and fall of Macedonian power in the Balkan Peninsula and the Aegean region during the five-hundred-year period of the Macedonian monarchy from the seventh to the second century BCE. King draws largely on ancient literary sources for her account, citing both contemporary and later classical authors. Material evidence from the fields of archaeology, epigraphy, and numismatics is also explored. Ancient Macedonia balances historical evidence with interpretations—those of the author as well as other historians—and encourages the reader to engage closely with the source material and the historical questions that material often raises. This volume will be of great interest to both under- and post-graduate students, and those looking to understand the fundamentals of the period.

Brill's Companion to Ancient Macedon John Wiley & Sons

The Blackwell Companion to Greek Tragedy provides readers with a fundamental grounding in Greek tragedy, and also introduces them to the various methodologies and the lively critical dialogue that characterize the study of Greek tragedy today. Comprises 31 original essays by an international cast of contributors, including up-and-coming as well as distinguished senior scholars Pays attention to socio-political, textual, and performance aspects of Greek tragedy All ancient Greek is transliterated and translated, and technical terms are explained as they

appear Includes suggestions for further reading at the end of each chapter, and a generous and informative combined bibliography

A Companion to Greek and Roman Sexualities John Wiley & Sons

Drawing on the latest archaeology, epigraphy and historical interpretation, this major volume presents a survey of ancient Macedon, important parts of which are published by their excavators for the first time, including the palace of King Philip II. Archaeologists and historians of the ancient Greek worlds will welcome this milestone in the study of this rapidly changing field, packed with new information, interpretations and essential bibliography.

King and Court in Ancient Macedonia John Wiley & Sons

Alexander the Great is probably the most famous ruler of antiquity, and his spectacular conquests are recounted often in books and films. But what of his father, Philip II, who united Macedonia, created the best army in the world at the time, and conquered and annexed Greece? This landmark biography is the first to bring Philip to life, exploring the details of his life and legacy and demonstrating that his achievements were so remarkable that it can be argued they outshone those of his more famous son. Without Philip, Greek history would have been entirely different.

Taking into account recent archaeological discoveries and reinterpreting ancient literary records, Ian Worthington brings to light Philip's political, economic, military, social, and cultural accomplishments. He reveals the full repertoire of the king's tactics, including several polygamous diplomatic marriages, deceit, bribery, military force, and a knack for playing off enemies against one another. The author also

inquires into the king's influences, motives, and aims, and in particular his turbulent, unraveling relationship with Alexander, which may have ended in murder. Philip became in many ways the first modern regent of the ancient world, and this book places him where he properly belongs: firmly at the center stage of Greek history.

A Companion to Ancient History

Routledge

A Companion to Vergil's Aeneid and its Tradition presents a collection of original interpretive essays that represent an innovative addition to the body of Vergil scholarship. Provides fresh approaches to traditional Vergil scholarship and new insights into unfamiliar aspects of Vergil's textual history Features contributions by an international team of the most distinguished scholars Represents a distinctively original approach to Vergil scholarship

A Reader John Wiley & Sons

The book deals with central issues of Alexander's reign including his depiction in ancient literature and art, his treatment of Greeks, Macedonians, and Asians, the military, political, social and cultural aspects of his campaign, and his legacy in ancient philosophy as well as in modern Balkan communities.

Rivalry, Treason and Conspiracy John Wiley & Sons

This complete guide to ancient Greek rhetoric is exceptional both in its chronological range and the breadth of topics it covers. Traces the rise of rhetoric and its uses from Homer to Byzantium Covers wider-ranging topics such as rhetoric's relationship to knowledge, ethics, religion, law, and emotion Incorporates new material giving us fresh insights into how the Greeks saw and used rhetoric Discusses the idea of rhetoric and examines the

status of rhetoric studies, present and future All quotations from ancient sources are translated into English

John Wiley & Sons

A Companion to Ancient Thrace presents a series of essays that reveal the newly recognized complexity of the social and cultural phenomena of the peoples inhabiting the Balkan periphery of the Classical world. • Features a rich and detailed overview of Thracian history from the Early Iron Age to Late Antiquity

• Includes contributions from leading scholars in the archaeology, art history, and general history of Thrace • Balances consideration of material evidence relating to Ancient Thrace with more traditional literary sources • Integrates a study of Thrace within a broad context that includes the cultures of the eastern Mediterranean, southwest Asia, and southeast Europe/Eurasia • Reflects the impact of new theoretical approaches to economy, ethnicity, and cross-cultural interaction and hybridity in Ancient Thrace

Fire from Heaven University of Oklahoma Press

"As a commander of men of many races, Alexander was and is incomparable. As a statesman he envisaged, and to some extent created, an ecumenical kingdom which rose above race and nation and which enjoyed peace and prosperity, extending from his birthplace in Macedonia to the borders of Kashmir. His intellect and charismatic personality so fascinated those he conquered that they served in his army and administration and adopted him as the hero of their quasi-mythical romances. We have much to learn today from this genius of a man who died having achieved so much at the age of thirty-two."--BOOK JACKET.

A Companion to Sport and Spectacle in Greek and Roman Antiquity Univ

of California Press

A Companion to Greek and Roman Sexualities presents a comprehensive collection of original essays relating to aspects of gender and sexuality in the classical world. Views the various practices and discursive contexts of sexuality systematically and holistically. Discusses Greece and Rome in each chapter, with sensitivity to the continuities and differences between the two classical civilizations. Addresses the classical influence on the understanding of later ages and religion. Covers artistic and literary genres, various social environments of sexual conduct, and the technical disciplines of medicine, magic, physiognomy, and dream interpretation. Features contributions from more than 40 top international scholars.

A Companion to Ancient Macedonia John Wiley & Sons

From antiquity until now, most writers who have chronicled the events following the death of Alexander the Great have viewed this history through the careers, ambitions, and perspectives of Alexander's elite successors. Few historians have probed the experiences and attitudes of the ordinary soldiers who followed Alexander on his campaigns and who were divided among his successors as they fought for control of his empire after his death. Yet the veterans played an important role in helping to shape the character and contours of the Hellenistic world. This pathfinding book offers the first in-depth investigation of the Macedonian veterans' experience during a crucial turning point in Greek history (323–316 BCE). Joseph Roisman discusses the military, social, and political circumstances that shaped the history of Alexander's veterans, giving special attention to issues such as the soldiers'

conduct on and off the battlefield, the army assemblies, the volatile relationship between the troops and their generals, and other related themes, all from the perspective of the rank-and-file. Roisman also reexamines the biases of the ancient sources and how they affected ancient and modern depictions of Alexander's veterans, as well as Alexander's conflicts with his army, the veterans' motives and goals, and their political contributions to Hellenistic history. He pays special attention to the Silver Shields, a group of Macedonian veterans famous for their invincibility and martial prowess, and assesses whether or not they deserved their formidable reputation.

Brill's Companion to Ancient Macedonia
John Wiley & Sons

The two-volume *A Companion to Sparta* presents the first comprehensive, multi-authored series of essays to address all aspects of Spartan history and society from its origins in the Greek Dark Ages to the late Roman Empire. Offers a lucid, comprehensive introduction to all aspects of Sparta, a community recognised by contemporary cities as the greatest power in classical Greece. Features in-depth coverage of Sparta history and culture contributed by an international cast including almost every noted specialist and scholar in the field. Provides over a dozen images of Spartan art that reveal the evolution of everyday life in Sparta. Sheds new light on a modern controversy relating to changes in Spartan society from the Archaic to Classical periods.

A Companion to Greek Tragedy

Gerald Duckworth

A Companion to the Punic Wars offers a comprehensive new survey of the three wars fought between Rome and Carthage between 264 and 146 BC.

Offers a broad survey of the Punic Wars from a variety of perspectives Features contributions from an outstanding cast of international scholars with unrivalled expertise Includes chapters on military and naval techniques, strategies, logistics, and Hannibal as a charismatic general and leader Gives balanced coverage of both Carthage and Rome

Ancient Greece from Homer to Alexander Oxford University Press, USA

A Companion to Ancient Education presents a series of essays from leading specialists in the field that represent the most up-to-date scholarship relating to the rise and spread of educational practices and theories in the ancient Greek and Roman worlds. Reflects the latest research findings and presents new historical syntheses of the rise, spread, and purposes of ancient education in ancient Greece and Rome Offers comprehensive coverage of the main periods, crises, and developments of ancient education along with historical sketches of various educational methods and the diffusion of education throughout the ancient world Covers both liberal and illiberal (non-elite) education during antiquity Addresses the material practice and material realities of education, and the primary thinkers during antiquity through to late antiquity *Studies in the Archaeology and History of Macedon, 650 BC - 300 AD* John Wiley & Sons

In this single-volume history, R. Malcolm Errington provides a modern account of the political and social framework of ancient Macedon. He places particular emphasis on the structure of the Macedonian state and its functioning in different stages of historical development from the sixth to the second century B.C. Errington's main

emphasis is not on the biographies of the great kings but rather on the flexible political interplay between king, nobility, and people; on the growth of cities and their political function within the state; and on the development of the army as a motor of military, social, and political change.

A Companion to Roman Italy John Wiley & Sons

This comprehensive volume details the variety of constitutions and types of governing bodies in the ancient Greek world. A collection of original scholarship on ancient Greek governing structures and institutions Explores the multiple manifestations of state action throughout the Greek world Discusses the evolution of government from the Archaic Age to the Hellenistic period, ancient typologies of government, its various branches, principles and procedures and realms of governance Creates a unique synthesis on the spatial and memorial connotations of government by combining the latest institutional research with more recent trends in cultural scholarship

A History John Wiley & Sons

Provides a broad and deep exploration of ancient Greek and Macedonian warfare *A Companion to Greek Warfare* is an authoritative survey of all major areas in the field of Greek and Macedonian military history, covering diverse operational, economic, social, psychological, and cultural aspects of ancient warfare. Bringing together essays by both international authorities and young scholars, this edited volume exposes readers to alternative views and original interpretations in a host of old and new topics. Wide in scope, the book presents thematically organized chapters that explore the nature of Greek warfare, military training,

discipline, and organization, the economics, pathology, and psychology of war, and depictions of war in Greek art and literature. Entire chapters deal with neglected topics such as espionage, propaganda, war crimes, emotional trauma, the role of women in warfare, Greeks in foreign service, and the armies and methods of the Greeks' and the Macedonians' opponents. Presenting a uniquely wide range of topics and contexts, this volume: Features contributions from ancient historians and scholars, including archaeologists, naval historians, and other specialists Offers broad chronological and geographical coverage, including the Bronze Age and early Greek wars, the Persian Wars, the campaigns of Alexander, and the wars in Sicily Edited by internationally recognized experts in early Greek prosopography, warfare, and military history; Macedonian warfare and military history; Greek law and customs; and the history of scholarship in the field of Greek warfare Part of the acclaimed Blackwell Companions to the Ancient World series, *A Companion to Greek Warfare* is an important resource for instructors, students, and scholars in all fields of ancient Greek history, particularly military history, and the perfect addition to the library of any general reader with interest in ancient military history.

A Companion to Ancient Agriculture John Wiley & Sons

"[A] splendid and scholarly work . . . an essential guide for all serious students of military history and warfare in the age of Alexander."—Professor Waldemar Heckel, University of Calgary The army that emerged from the reforms of Philip II of Macedon proved to be one of the most successful in the whole of the ancient period. Much has been written

on aspects of Macedonian warfare, particularly the generalship of its most famous proponent, Alexander the Great, yet many studies retread the same paths and draw conclusion on the same narrow evidential base, while leaving important aspects and sources of information untouched. David Karunanithy concentrates on filling the gaps in existing studies, presenting and studying evidence frequently overlooked or ignored. The book is divided into four sections, each presenting a wealth of detail on various aspects: Preparation (including chapters on training techniques, various aspects of arms and armor production and supply and the provision and management of cavalry mounts); Support (eg noncombatant

specialists, bridge building, field engineering, construction of field camps and little-known combat units in Asia); Dress and Battle Equipment (drawing on much neglected evidence and including such details as officers' plumes, wreaths and finger rings); Alexander's Veterans and Life on Campaign (the Silver Shields; baggage trains and personal kit, servants and families, camp life and recreation). "Karunanithy's achievement is to draw together all the available evidence—artistic, numeric, archaeological and literary—producing a thoroughly readable and coherent work . . . it should be a mandatory acquisition for anyone with an interest in the history of ancient Macedonia and its military."—Ancient Warfare
