HUGHES HUFFMAN

Rules for Being a Girl McClelland & Stewart

A young man's political awakening takes shape in the aftermath of Castro's Revolution in this "prayer of a novel" by the grandson of Che Guevara (Clever Magazine). At the dawn of Communist Cuba, our unnamed hero, a young black Cuban man, loses his father to death and his mother to emigration. Now he spends much of his time with his Russian neighbor, discovering the pleasures of reading. The books he reads gradually open his eyes to the incongruity between party slogans and the oppressive reality that surrounds him: the office routine; the daily complaints of his colleagues; his own obsessive thoughts which circulate around his mind like a broken record. Every day he photographs the spontaneous eruptions of dissent on the streets and witnesses the sad spectacle of young people crowding onto makeshift rafts to escape the island. His frustration grows until a day when he declares his unwillingness to become an informer. And this is when his real troubles begin. "Not since Reinaldo Arenas has a Cuban literary voice arrived on American shores with such beaten madness, and sense of personal desperation." —Clever Magazine

A National Bestseller Have you ever wondered what it would be like talk to Parker Posey? On an airplane, with Parker as your seat companion,

perhaps? Parker's irreverent, hilarious, and enchanting memoir gives you the opportunity. Full of personal stories, whimsical how-tos, recipes, and beautiful handmade collages created by the author herself, You're On an Airplane is a delight in every way. In her first book, actress and star of movies such as Dazed and Confused, Party Girl, You've Got Mail, The House of Yes, and so many more, Posey opens up about the art of acting, life on the set, and the realities of its accompanying fame. A funny and colorful southern childhood prepared Posey for a life of creating and entertaining, which not only extends to acting but to the craft of pottery, sewing, collage, yoga, and cooking, all of which readers will find in this whimsical, hilarious, always entertaining book. Parker takes us into her childhood home, behind the scenes of the indie film revolution in the 90s, the delightful absurdity of the big-budget genre thrillers she's turned into art in a whole new way, and the creativity that will always be part of both her acting and her personal life. With Posey's memorable, hilarious, and poignant voice, her book gives the reader a feeling of traveling through not only a memoir, but an exploration, meditation, and celebration of what it means to be an artist. Buckle up and enjoy the journey.

Exploring Cuba: Erasing Fears Through Multicultural Education details the cultural and professional exchanges to Cuba organized by the National Association of Multicultural Education (NAME) between 2015 and 2019, with additional reflections on the impact of the coronavirus pandemic on Cuba—U.S. relations. Because of the long-imposed U.S. embargo, or blockade, access to information about life in Cuba can be limited in the U.S. This book chronicles first-hand account of NAME's trips to Cuba over a 5-year period. Interspersed with insights from U.S.-based multicultural educators, authors and Cuban delegates, it documents what NAME members learned about Cuba's people, history, health care system, culture, arts, and education systems. It also explores the effects of the coronavirus global pandemic on Cuba and its vital tourist industry, as well as the July 2021 protests and aftermath, including a new wave of immigration to the U.S. The book argues for the end of the U.S. embargo with Cuba and the normalization of diplomatic relations between the two countries, so that unrestricted tourism and trade can benefit both countries. Combining travelogue observations with statistics and scholarly accounts, this volume will be useful reading for scholars and students of Multicultural Education, International Education and Comparative Education. It will also be beneficial to educators and Cuba solidarity activists.

"I had more or less resolved not to write a book about my parents. But I'm a writer, and when the universe hands you material like this, not writing about it amounts either to waste or a conscious act of evasion." So begins award-winning satirist Christopher Buckley in the most personal and transcendent work of his life, the tragicomic true story of the year in which both of his parents died. In twelve months between 2007 and 2008, Buckley coped with the passing of his father, William F. Buckley, the father of the modern conservative movement, and his mother, Patricia Taylor Buckley, one of New York's most glamorous and colorful socialites. He was their only child and their relationship was close and complicated. Writes Buckley: "They were not — with respect to every other set of loving, wonderful parents in the world — your typical mom and dad." As Buckley tells the story of their final year together, he takes readers on a surprisingly entertaining tour through hospitals, funeral homes, and memorial services, capturing the heartbreaking and disorienting feeling of becoming a fifty-five-year-old orphan. Buckley maintains his sense of humor by recalling the words of Oscar Wilde: "To lose one parent may be regarded as a misfortune. To lose both looks like carelessness." Christopher Buckley offers consolation, wit, and warmth to those coping with the death of a parent, while telling a unique personal story of life with legends.

From Katie Cotugno and author of *Sex and the City* Candace Bushnell comes this fierce and feisty exploration of feminism: standing up, speaking out and rewriting the rules. Don't be easy. Don't give it up. Don't be a prude. Don't be cold. Don't put him in the friendzone. Don't act desperate. Don't let things go too far. Don't give him the wrong idea. Don't blame him for trying. Don't walk alone at night. But calm down! Don't worry so much. Smile! Marin is a smart, driven, popular girl – she's headed for Brown when she graduates and has a brilliant career as a journalist ahead of her. Especially in the eyes of English teacher Mr Beckett. He spends a lot of time around Marin, and she thinks it's harmless . . . until he kisses her. No one believes Marin when she tells them what happened, so she does the only thing she can: she writes an article called 'Rules for Being a Girl' for the school paper to point out the misogyny and sexism that girls face every day. As things heat up at school and in her personal life, Marin must figure out how to take back the power and rewrite her own rules.

The average American knows little or nothing of the great service rendered by Admiral de Grasse, a French admiral, to the cause of American independence in the battle off Cape Henry in 1781. The battle off Cape Henry had ultimate effects more important than those of Waterloo. De

Grasse's action entailed upon the British the final loss of the thirteen colonies in America. This biography by Charles Lee Lewis places this supremely important naval battle off the Virginia Capes in its proper historical perspective, and gives de Grasse the full credit for rendering the aid which made possible the capture of Cornwallis at Yorktown. Washington fully recognized this aid, when he wrote to de Grasse following the surrender of Cornwallis and expressed his gratitude "in the name of America for the glorious event for which she is indebted to you." Without de Grasse's victory all the military efforts on land made by Rochambeau, Lafayette, and Washington would have been in vain. The battle off Cape Henry was only one of numerous battles fought by this dashing Gallic sea captain. Over fifty years of his long life, 1722-1788, were spent in the service of Louis XV and Louis XVI, in the Mediterranean, in India, on the North American coast, and in the West Indies. He fought in all the wars of his day, the War of the Austrian Succession, the Seven Years' War, and the War of the American Revolution which developed into a general European struggle.
