DALTON BURGESS

Sealed Brothers Yale University Press
One dark and stormy night in 1956, a stranger named Fludd mysteriously turns up in the dismal village of Fetherhoughton. He is the curate sent by the bishop to assist Father Angwin-or is he? In the most unlikely of places, a superstitious town that understands little of romance or sentimentality, where bad blood between neighbors is ancient and impenetrable, miracles begin to bloom. No matter how

copiously Father Angwin drinks while he confesses his broken faith, the level of the bottle does not drop. Although Fludd does not appear to be eating, the food on his plate disappears. Fludd becomes lover, gravedigger, and savior, transforming his dull office into a golden regency of decision, unashamed sensation, and unprecedented action. Knitting together the miraculous and the mundane, the dreadful and the ludicrous, Fludd is a tale of alchemy and transformation told with astonishing art, insight, humor, and wit. *You Don't Have to Live Like This* Batsford
In this book, "the opulent, brutal world of

the Tudors comes to glittering, bloody life. It is the backdrop to the rise and rise of Thomas Cromwell: lowborn boy, charmer, bully, master of deadly intrigue, and, finally, most powerful of all Henry VIII's courtiers."--Page 4 of cover.

The Man on a Donkey is an enthralling, panoramic historical novel that brings to life one of the most tumultuous times in British history-the reign of King Henry VIII. In Part 1, readers are introduced to the world of the Tudors

through the lives of five individuals. When King Henry VIII takes his mistress as his new wife, seizes Church property, and declares himself the only supreme head of the Church of England, the lives and fortunes of these five people are shaken--setting the stage for the momentous events in Part 2 of *The Man on a Donkey*.

The long-awaited biography of the genius who masterminded Henry VIII's bloody revolution in the English government, which reveals at last Cromwell's role in the downfall of Anne Boleyn "This a book that -

and it's not often you can say this - we have been awaiting for four hundred years." --Hilary Mantel, author of *Wolf Hall*
Since the sixteenth century we have been fascinated by Henry VIII and the man who stood beside him, guiding him, enriching him, and enduring the king's insatiable appetites and violent outbursts until Henry ordered his beheading in July 1540. After a decade of sleuthing in the royal archives, Diarmaid MacCulloch has emerged with a tantalizing new understanding of Henry's mercurial chief minister, the inscrutable and utterly compelling Thomas Cromwell. History has not been kind to the son of a Putney brewer who became the architect of England's split with Rome. Where past biographies portrayed him as a scheming operator with blood on his hands, Hilary Mantel reimagined him as a far more sympathetic figure buffered by the whims of his master. So which was he--the villain of history or the victim of her creation? MacCulloch sifted through letters and court records for answers and found Cromwell's fingerprints on some of the most transformative decisions of Henry's turbulent reign. But he also found Cromwell the man, an administrative

genius, rescuing him from myth and slander. The real Cromwell was a deeply loving father who took his biggest risks to secure the future of his son, Gregory. He was also a man of faith and a quiet revolutionary. In the end, he could not appease or control the man whose humors were so violent and unpredictable. But he made his mark on England, setting her on the path to religious awakening and indelibly transforming the system of government of the English-speaking world. Henry Holt and Company

Hilary Mantel's *Wolf Hall* trilogy is like a sixteenth-century tapestry: we all wonder at its beauty and skill, but many will want to turn it over and distinguish between the fictional warp and the historical weave. For

those curious minds, Lauren Mackay's learned, eminently readable, and gorgeously illustrated *Wolf Hall Companion* neatly helps pick apart the threads.

The future of fiction is neither global nor national. Instead, Matthew Hart argues, it is trending extraterritorial. Extraterritorial spaces fall outside of national borders but enhance state power. They cut across geography and history but do not point the way to a borderless new world. They range from the United Nations headquarters and international waters to CIA black sites and the departure zones at international airports. The political geography of the present, Hart shows, has come to resemble a patchwork of such spaces. Hart reveals extraterritoriality's centrality to twenty-first-century art and fiction. He shows how extraterritorial fictions expose the way states construct "global" space in their own interests. Extraterritorial novels teach us not to mistake cracks or gradations in political geography for a crisis of the state. Hart demonstrates how the unstable character of many twenty-first-century aesthetic forms can be traced

to the increasingly extraterritorial nature of contemporary political geography. Discussing writers such as Margaret Atwood, J. G. Ballard, Amitav Ghosh, Chang-rae Lee, Hilary Mantel, and China Miéville, as well as artists like Hito Steyerl and Mark Wallinger, Hart combines lively critical readings of contemporary novels with historical and theoretical discussions about sovereignty, globalization, cosmopolitanism, and postcolonialism. *Extraterritorial* presents a new theory of literature that explains what happens when dreams of an open, connected world confront the reality of mobile, elastic, and tenacious borders.

MIKE POULTON'S TWO-PART STAGE ADAPTATION OF HILARY MANTEL'S ACCLAIMED NOVELS WOLF HALL AND BRING UP THE BODIES Hilary Mantel's Thomas Cromwell novels are the most formidable literary achievements of recent

times, both recipients of the Man Booker Prize. Adapted by Mike Poulton, the plays were premiered by the Royal Shakespeare Company at the Swan Theatre, Stratford-upon-Avon, in December 2013, directed by Jeremy Herrin. This edition contains a substantial set of notes by Hilary Mantel on each of the principal characters, offering a unique insight into the plays and an invaluable resource to any theater companies wishing to stage them. *Wolf Hall* begins in England in 1527. Henry has been King for almost twenty years and is desperate for a male heir; but Cardinal Wolsey cannot deliver the divorce he craves. Yet for a man with the right talents, this crisis could be an opportunity. Thomas Cromwell is a commoner who has risen in Wolsey's household—and he will stop at nothing to secure the King's desires and advance his own ambitions. In *Bring Up the Bodies*, the volatile Anne Boleyn is now Queen, her career seemingly entwined with that of Cromwell. But when the King begins to fall in love with plain Jane Seymour, the ever-pragmatic Cromwell must negotiate within an increasingly perilous Court to satisfy Henry, defend the nation, and above all, to

secure his own rise in the world. *The Mirror and the Light* Hachette UK
As it enters its sixtieth year of independence, India stands on the threshold of superpower status. Yet India is strikingly different from all other global colossi. While it is the world's most populous democracy and enjoys the benefits of its internationally competitive high-tech and software industries, India also contends with extremes of poverty, inequality, and political and religious violence. This accessible and vividly written book presents a new interpretation of India's history, focusing particular attention on the impact of British imperialism on Independent India. Maria Misra begins with the rebellion against the British in 1857 and tracks the country's advance to the present day. India's extremes persist, the author argues, because its politics rest upon a peculiar foundation in which traditional ideas of hierarchy, difference, and privilege coexist to a remarkable degree with modern notions of equality and democracy. The challenge of India's leaders today, as in the last sixty years, is to weave together the disparate threads of the nation's

ancient culture, colonial legacy, and modern experience.

"In this sweeping, immersive novel, Clare McHugh draws readers into the mesmerizing world of the eldest daughter of Queen Victoria - Princess Vicky - as she emerges into a powerful force in her own right and ascends to become the first German Empress." —Marie Benedict, New York Times bestselling author of *The Only Woman in the Room* Perfect for fans of the BBC's *Victoria*, Alison Pataki's *The Accidental Empress*, and Daisy Goodwin's

Victoria, this debut novel tells the gripping and tragic story of Queen Victoria's eldest daughter, Victoria, Princess Royal. To the world, she was Princess Victoria, daughter of a queen, wife of an emperor, and mother of Kaiser Wilhelm. Her family just called her Vicky...smart, pretty, and self-assured, she changed the course of the world. January 1858: Princess Victoria glides down the aisle of St James Chapel to the waiting arms of her beloved, Fritz, Prince Frederick, heir to the powerful kingdom of Prussia. Although theirs is no mere political match, Vicky is determined that she and Fritz will lead by example, just as her parents Victoria and Albert had done, and also bring about a liberal and united Germany. Brought up to believe in the rightness of her cause, Vicky nonetheless struggles to thrive in the constrained Prussian court, where each day she seems to take a wrong step. And her status as the eldest daughter of Queen Victoria does little to smooth over the conflicts she faces. But handsome, gallant Fritz is always by her side, as they navigate court intrigue, and challenge the cunning Chancellor Otto von Bismarck, while fighting for the throne—and the soul

of a nation. At home they endure tragedy, including their son, Wilhelm, rejecting all they stand for. Clare McHugh tells the enthralling and riveting story of Victoria, the Princess Royal—from her younger years as the apple of her father Albert's eyes through her rise to power atop the mighty German empire to her final months of life.

The Mirror & the Light Henry Holt and Company

The brilliant #1 New York Times bestseller Named a best book of 2020 by The New York Times, The Washington Post, TIME, The Guardian, and many more With *The Mirror & the Light*, Hilary Mantel brings to a triumphant close the trilogy she began with her peerless, Booker Prize-winning novels, *Wolf Hall* and *Bring Up the Bodies*. She traces the final years of Thomas Cromwell, the boy from nowhere who climbs to the heights of power, offering a defining portrait of predator and prey, of a ferocious contest between present and past, between royal will and a common man's vision: of a modern nation making itself through conflict, passion and courage. The story begins in May 1536: Anne Boleyn is dead, decapitated in the

space of a heartbeat by a hired French executioner. As her remains are bundled into oblivion, Cromwell breakfasts with the victors. The blacksmith's son from Putney emerges from the spring's bloodbath to continue his climb to power and wealth, while his formidable master, Henry VIII, settles to short-lived happiness with his third queen, Jane Seymour. Cromwell, a man with only his wits to rely on, has no great family to back him, no private army. Despite rebellion at home, traitors plotting abroad and the threat of invasion testing Henry's regime to the breaking point, Cromwell's robust imagination sees a new country in the mirror of the future. All of England lies at his feet, ripe for innovation and religious reform. But as fortune's wheel turns, Cromwell's enemies are gathering in the shadows. The inevitable question remains: how long can anyone survive under Henry's cruel and capricious gaze? Eagerly awaited and eight years in the making, *The Mirror & the Light* completes Cromwell's journey from self-

made man to one of the most feared, influential figures of his time. Portrayed by Mantel with pathos and terrific energy, Cromwell is as complex as he is unforgettable: a politician and a fixer, a husband and a father, a man who both defied and defined his age.

A Novel Anchor

An accessible but hugely authoritative companion to the bestselling Wolf Hall trilogy by Hilary Mantel, published after the third and final book, *The Mirror and the Light*. Giving an historian's view of what we know about Thomas Cromwell, it also works as a concise Tudor history primer, covering the key court and political characters from the books; Thomas Cromwell to Anne Boleyn, Thomas Cranmer to Jane Seymour, Henry VIII to Thomas Howard, and Cardinal Wolsey to Richard Fox. The important places in the court of Henry VIII are covered, including Hampton Court, Tower of London, Cromwell's home Austin Friars, and of course Wolf Hall. The author reveals not only the real and full history of these

people and places but also Hilary Mantel's interpretation. Family trees, plans of Tower of London and beautiful woodcut portraits are included. In addition to the history of people and places are incisive features on various aspects of Tudor life, from the court scene, the structure of government, royal hunting and hawking, rules of courtly love, Renaissance influences, Tudor executions. A beautiful and insightful book that enriches the reading of the Mantel novels but also provides the most incisive and concise understanding of the reign of Henry VIII, and the profound changes it brought to English life.
