NYT & USAT BESTSELLING AUTHOR Cat-shifter Prince Quinn isn't looking for a serious relationship. In fact, he's never even considered it. He's content to enjoy life to the fullest, never taking anything but his royal duties seriously. However, when a new scientist arrives to test for biological weapons, he can't seem to stay away from her. Dr. Tori Elliot is at the palace to do a job and no matter what she's going to act like a professional...which means not succumbing to the seductively sexy playful prince.

The Playful Prince Penguin

In this acclaimed memoir, Mezeleka recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

 As most of you are aware, the road to a successful career in Software starts with a series of Written Technical Tests conducted by most IT companies in India. These companies test you fundamental skills in programming and

design in three major areas- C Programming, Data Structures and C++ Programming. Most of you may have prepared for that "dream test" without knowing the exact pattern, the level and the difficulty of questions that appear in such tests. As a result, you are not able to give your best performance in these tests. This "Interview Questions" series addresses these concerns and is aimed at giving you the necessary practice and confidence to help you crack these tests. This series presents a whole gamut on questions on different topics in each of these three subjects- C. DS and C++.

This volume is dedicated to topics like :

Around the world, populist parties have sprung up in formerly and formally liberal-democratic polities, challenging their existing political parties and leaders, and frequently overwhelming them. These challenges and successes were rarely predicted, arriving so soon after the wave of liberal democratic and constitutional enthusiasms, proclamations and institution-building which peaked in the 1990s. Bringing together scholars from law, political science and philosophy, this collection explores the character of contemporary populisms and their relationships to constitutional democracy. With contributors from around the world, it offers a diverse range of nuanced perspectives on populism as a global phenomenon. Using comparative and multi-disciplinary techniques, this book considers the specifics and similarities of populisms, and raises general questions

about their nature and potential futures.

My Anxious Heart Picador

The End of Chiraq: A Literary Mixtape is a collection of poems, rap lyrics, short stories, essays, interviews, and artwork about Chicago, the city that came to be known as "Chiraq" ("Chicago" + "Iraq"), and the people who live in its vibrant and occasionally violent neighborhoods. Tuned to the work of Chicago's youth, especially the emerging artists and activists surrounding Young Chicago Authors, this literary mixtape unpacks the meanings of "Chiraq" as both a vexed term and a space of possibility. "Chiraq" has come to connote the violence—interpersonal and structural—that many Chicago youth regularly experience. But the contributors to *The End of Chiraq* show that Chicago is much more than Chiraq. Instead, they demonstrate how young people are thinking and mobilizing, engaged in a process of creating a new and safer world for themselves, their communities, and their city. In true mixtape fashion, the book is an exercise in "low end theory" that does not just include so-called underground and marginal voices, but foregrounds them. Edited by award-winning poets, writers, and teachers Javon Johnson and Kevin Coval, *The End of Chiraq* addresses head-on the troublesome relationship between Chicago and Chiraq and envisions a future in which both might be transformed.

Ultimately, it is an incredibly moving story of a mother and a daughter separated by society, but united in the dreams they shared for her future. Previously published as *Mixed Blessings From A Cambridge Union*, this is a revised and updated edition * * *

This is a powerful and compelling story of dual heritage, how an Irish girl became a Nigerian woman, and how discovering a true and total sense of identity brought acceptance, peace and joy. This story will inspire many people who have Irish and African (and other) roots and should be read by all who are interested in the history and culture of those lands. It is a unique and deeply personal account of the triumph of character, spirit and endeavour in the face of much adversity and considerable bigotry, beautifully written with a complete absence of bitterness. I felt in equal measure humbled and privileged to read it. I never cry but the concluding reflection on the mother and daughter relationship made me cry unashamedly. - PATRICK GAUL, Chair, Liverpool Irish Centre

"The greatest part about your role in leadership is that it matters. The hardest part is that it matters every day. For years, Emmy Award winning speaker Clint Pulver has been the Undercover Millennial, gathering the secrets of great management from companies of all sectors and sizes. Now, he is ready to reveal the insights he has from his undercover interviews with more than 10,000 employees across the country, and show you exactly what you can do

to generate higher staff engagement and retention--and build true loyalty that lasts. *I Love It Here* is not another leadership book written by a self-proclaimed leadership expert; rather, it's the data-driven product of intensive research with employees who knew exactly when their leaders were getting it right--and getting it wrong. By pulling back the cover on tired, "too tried and not true" leadership strategies that just aren't cutting it anymore, Clint will open your eyes to the mentorship qualities that are earning genuine employee loyalty in the world of today, along with the behaviors that--whether you know it or not--are triggering a rush for the door. By reading this book, you'll learn what one shocking factor is the number one driver of employee turnover (spoiler: it has everything to do with you!), what you can do to stop the leak, and how you can start building a team that works, right from the moment a prospective employee walks through the door. Using real-world examples from companies he has visited as an undercover retention agent, Clint will reveal in detail the best, most proven methods he has seen for identifying talent, building a sense of ownership, and developing staff in a way that helps them recognize and realize their own individual dreams. Through thoughtful and engaging chapter-by-chapter exercises, he'll guide you through each strategy, moving you seamlessly toward building an authentic culture of valuing and empowering the individual in your own workplace. Soon, you'll be recognizing possibility where others see problems, and capturing the power of small moments to create a meaningful legacy. *I Love It Here* is a vision of leadership that reaches beyond career to become almost like a calling: a day-by-day, moment-to-moment journey

toward becoming the best for the world. Let Clint's inspiring personal stories, deep knowledge, and unique challenges help you become that beloved Mentor Manager who is remembered forever, and who knows how to bring out true passion and commitment in the people on your team. This book is your key to the solutions-based principles behind every organization that people never want to leave. Your company can be

more than simply a fancy facade. It can be a place that has an authentic core built on valuing the individual--a place where people don't just survive, but thrive. I Love It Here will show you how."--
