CHRISTINE AMARIS

The Substance of Style Penguin UK

Whether it's sleek leather pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying, radically changing how Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts, that aesthetic value is real.

Drawing from fields as diverse as fashion, real estate, politics, design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-looking society. Intelligent, incisive, and thought-provoking, *The Substance of Style* is a groundbreaking portrait of the democratization of taste and a brilliant examination of the way we live now.

Ghettoside Faith Library Publications

"Discusses the hundreds of murders that occur in Los Angeles each year, and focuses on the story of the dedicated group of detectives who pursued justice at any cost in the killing of Bryant Tennelle"--Publisher's description.

Marriage, Divorce, and Remarriage One World/Ballantine

Organizations are a part of everyday life, whether in schools, hospitals, police stations or commercial companies. In this classics text, Charles Handy argues that the key to successful organizations lies in a better understanding of the needs and motivations of the people within them. *Understanding Organizations* offers an extended 'dictionary' of the key concepts -- culture, motivations, leadership, role-playing, co-ordinating and consultation -- and then shows how this 'language' can help us find new solutions to familiar problems. Few management writers have been as consistently challenging and influential as Charles Handy. Firmly established as one of the core business texts, this book is essential reading for anyone interested in organizations and how to make them work better.
