BRAUN DEMARCUS

Milkweed Abrams

Twelve-year-old Artemis is a millionaire, a genius-and above all, a criminal mastermind. But Artemis doesn't know what he's taken on when he kidnaps a fairy, Captain Holly Short of the LEPrecon Unit. These aren't the fairies of the bedtime stories-they're dangerous!

Lost Colony, The (Artemis Fowl, Book 5)

HarperCollins Children's Books

One week after their eleventh birthday, the Fowl twins--scientist Myles, and Beckett, the force of nature--are left in the care of house security (NANNI) for a single night. In that time they befriend a troll who has clawed his way through the earth's crust to the surface.

Unfortunately for the troll, he is being chased by a nefarious nobleman and an interrogating nun, who both need the magical creature for their own gain, as well as a fairy-in-training who has been assigned to protect him. The boys and their new troll best friend escape and go on the run. Along the way they get shot at, kidnapped, buried, arrested, threatened, killed (temporarily), and discover that the strongest bond in the world is not the one forged by covalent electrons in adjacent atoms, but the one that exists between a pair of twins.

Half Moon Investigations HarperCollins Children's Books

The hardship and cruelty of life in the ghettos of Warsaw during the Nazi occupation of World War II is captured through the eyes of a young Jewish orphan who must use all his wit and courage to survive unimaginable circumstances.

Donalyn Miller says she has yet to meet a child she couldn't turn into a reader.

No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. The book includes a dynamite list of recommended "kid lit" that helps parents and teachers find the books that students really like to read.

Tony Stark is known throughout the world as many things: billionaire, inventor, Avenger. But mainly for being the Invincible Iron Man. Just when Tony is about to add his pizzazz to an international eco-summit in Ireland, someone close to him forces him to question his role in making the world a more dangerous place with his high-tech weaponry. But Stark doesn't have much time to reflect before an old enemy presents him with an even greater challenge: the assassination of all the eco-ministers, and Iron Man himself. Just how invincible Iron Man is when he is stripped of everything remains to be seen in this breathless adventure by the best-selling author of *Artemis Fowl*.

Riley, an orphan boy living in Victorian London, has achieved his dream of becoming a renowned magician, the Great Savano. He owes much of his success to Chevie, a seventeen-year-old FBI agent who traveled from the future in a time pod and helped him defeat his murderous master, Albert Garrick. But it

is difficult for Riley to enjoy his new life, for he has always believed in his heart of hearts that Garrick will someday, somehow, return to seek vengeance. Chevie has assured Riley on numerous occasions that Garrick was sucked into a temporal wormhole, never to emerge. The full nature of the wormhole has never been understood, however, and just as a human body will reject an unsuitable transplant, the wormhole eventually spat him out. By the time Garrick makes it back to Victorian London, he has been planning his revenge on Riley for half a century. But even the best-laid plans can go awry, and when the assassin decides to include Chevie in his retaliation, the three are tossed once more into the wormhole with no idea where—or when—they will end up.

Iron Man: The Gauntlet Random House Digital, Inc.

From the New York Times bestselling author of the Artemis Fowl series comes a hilarious and high-octane adult novel about a vodka-drinking, Flashdance-loving dragon who lives an isolated life in the bayous of Louisiana—and the raucous adventures that ensue when he crosses paths with a fifteen-year-old troublemaker on the run from a crooked sheriff. In the days of yore, he flew the skies and scorched angry mobs—now he hides from swamp tour boats and rises only with the greatest reluctance from his Laz-Z-Boy recliner. Laying low in the bayou, this once-magnificent fire breather has been reduced to lighting Marlboros with nose sparks, swilling Absolut in a Flashdance T-shirt, and binging Netflix in a fishing shack. For centuries, he struck fear in hearts far and wide as Wyvern, Lord Highfire of the Highfire Eyrie—now he goes by Vern. However...he has survived, unlike the

rest. He is the last of his kind, the last dragon. Still, no amount of vodka can drown the loneliness in his molten core. Vern's glory days are long gone. Or are they? A canny Cajun swamp rat, young Everett "Squib" Moreau does what he can to survive, trying not to break the heart of his saintly single mother. He's finally decided to work for a shady smuggler—but on his first night, he witnesses his boss murdered by a crooked constable. Regence Hooke is not just a dirty cop, he's a despicable human being—who happens to want Squib's momma in the worst way. When Hooke goes after his hidden witness with a grenade launcher, Squib finds himself airlifted from certain death by...a dragon? The swamp can make strange bedfellows, and rather than be fried alive so the dragon can keep his secret, Squib strikes a deal with the scaly apex predator. He can act as his go-between (aka familiar)—fetch his vodka, keep him company, etc.—in exchange for protection from Hooke. Soon the three of them are careening headlong toward a combustible confrontation. There's about to be a fiery reckoning, in which either dragons finally go extinct—or Vern's glory days are back. A triumphant return to the genre-bending fantasy that Eoin Colfer is so well known for, *Highfire* is an effortlessly clever and relentlessly funny tour-de-force of comedy and action.

The Wish List Candlewick Press
Eoin Colfer has made millions of fans around the world with his much-loved character, Artemis Fowl, the star of his hugely best-selling series. Now, in a beautifully written novel that is already breaking records in his native Ireland, Colfer introduces readers to a lovable but troubled heroine, who has been given the opportunity for a special kind of redemption. Meg Finn is in trouble-

unearthly trouble.

The Fowl Twins John Wiley & Sons
Ten thousand years ago, humans and fairies fought a great battle for the magical island of Ireland. When it became clear to the fairy families that they could never win, they decided to move their civilization underground and keep themselves hidden from the humans. All the fairy families agreed on this, except the 8th family, the demons. The demons planned to lift their small island out of time until they had regrouped and were ready to wage war on the humans once more. However the time spell went wrong, and the island of Hybras was catapulted into Limbo, where it has remained for ten thousand years.

The Wild Swans at Coole Scholastic Inc.
The Matrix meets Oliver Twist! WARP: The Hangman's Revolution is the second book in a major new series by Eoin Colfer, the bestselling author of Artemis Fowl. F.B.I. agent Chevie Savano is trapped in a nightmare future. Unless she can return to 19th-century London and change the course of history, millions will die. Luckily she has Riley the boy magician and a Victorian gangster with lovely hair to help her battle two crazed villains, who have brought the military technology of the future back in time - with potentially disastrous consequences. The stakes are higher than the hangman's noose and only Chevie can save the day. Assuming she can avoid being killed by a couple of psycho warrior-nuns first . . . 'Colfer has the ability to make you laugh twice over: first in sheer subversive joy at the inventiveness of the writing, and again

at the energy of the humour' - Sunday Times 'Readers mourning the end of the Artemis Fowl series can take heart...the time-bending WARP series is an all-out blast.' - Publishers Weekly

Daniel McEvoy has a problem. Well, really, he has several, but for this Irish ex-pat bouncer at a seedy, small-time casino the fact that his girlfriend was just murdered in the parking lot is uppermost in his mind. That is until lots of people around him start dying, and not of natural causes. Suddenly Daniel's got half the New Jersey mob, dirty cops and his man-crazy upstairs neighbor after

him and he still doesn't know what's going on. Bullets are flying, everybody's on the take and it all may be more than Daniel's new hair plugs can handle. And Daniel's got to find the guy who put in those hair plugs--or at least his body--and fast, or else he'll never get that voice out of his head. Head-spinning plot twists, breakneck pacing and some of the best banter this side of Elmore Leonard's Detroit, will keep you on the edge of your seat and itching for more.
