Look for Robyn's new book, *The Best of Us*, a story about family, second chances and choosing to live your best life—order your copy today! Celebrate another Virgin River holiday, only from #1

New York Times bestselling author Robyn Carr. While the Riordan brothers have a reputation for being rough-and-tumble, Patrick has always been the gentle, sweet-natured one. But his easygoing manner is tested by his high-octane career as a navy pilot, and for the Riordan men, when the going gets tough the tough find the love of a

good woman. Angie LeCroix wants to spend Christmas in Virgin River relaxing, away from her well-intentioned but hovering mother. Yet instead of freedom, she gets her uncle, Jack Sheridan. If he had his way, she'd never go out at all. And certainly not with Patrick Riordan. But Angie has her own idea of the kind of Christmas she wants and the kind of man. Patrick and Angie thought they wanted to be left alone this Christmas until they met each other. Now they want to be left alone together. But the Sheridan and Riordan families have different plans for Patrick and Angie and for Christmas, Virgin River style! Originally published in 2012

A Hundred Hours of Night Penguin

"The Psychology and Sociology of Literature" is a collection of 25 chapters on literature by some of the leading psychologists, sociologists, and literary scholars in the field of the empirical

study of literature. Contributors include Ziva Ben-Porat, Gerry Cupchik, Art Graesser, Rachel Giora, Norbert Groeben, Colin Martindale, David Miall, Willie van Peer, Kees van Rees, Siegfried Schmidt, Hugo Verdaasdonk, and Rolf Zwaan. Topics include literature and the reading process; the role of poetic language, metaphor, and irony; cathartic and Freudian effects; literature and creativity; the career of the literary author; literature and culture; literature and multicultural society, literature and the mass media; literature and the internet; and literature and history. An introduction by the editors situates the empirical study of literature within an

academic context. The chapters are all invited and refereed contributions, collected to honor the scholarship and retirement of professor Elrud Ibsch, of the Free University of Amsterdam. Together they represent the state of the art in the empirical study of literature, a movement in literary studies which aims to produce reliable and valid scientific knowledge about literature as a means of verbal communication in its cultural context. Elrud Ibsch was one of the pioneers in Europe to promote this approach to literature some 25 years ago, and this volume takes stock of what has happened since. "The Psychology and Sociology of Literature" presents an

invaluable overview of the results, promises, gaps, and needs of the empirical study of literature. It addresses social scientists as well as scholars in the humanities who are interested in literature as discourse.

THE UNPREDICTABLE
CONSEQUENCES OF
LOVE is an
unforgettable tale of
sunny days on the
beach, Cornwall in the
summer and secrets
about to be revealed.
Perfect for readers of
Lucy Diamond and
Veronica Henry. In the
idyllic seaside town of
St Carys, Sophie is
putting the past firmly
behind her. When Josh
arrives in St Carys to
run the family hotel, he
can't understand why
Sophie has zero

interest in letting any
man into her life. He
also can't understand
how he's been duped
into employing
Sophie's impulsive
friend Tula, whose
crush on him is
decidedly unrequited.
St Carys has more than
its fair share of
characters, including
the charming but
utterly feckless surfer
Riley Bryant, who has a
massive crush on Tula.
Riley's aunt is
superstar author
Marguerite Marshall.
And Marguerite has
designs on Josh's
grandfather...who in
turn still adores his
glamorous ex-wife,
Dot... Just how many
secrets can one
seaside town keep?

Weekly A novel is a story transmitted from the novelist to the reader. It offers distraction, entertainment, and an opportunity to unwind or focus. But it can also be something more powerful—a way to learn about how to live. Read at the right moment in your life, a novel can—quite literally—change it. The Novel Cure is a reminder of that power. To create this apothecary, the authors have trawled two thousand years of literature for novels that effectively promote happiness, health, and sanity, written by brilliant minds who knew what it meant to be human and wrote their life lessons into their fiction. Structured like a reference book,

readers simply look up their ailment, be it agoraphobia, boredom, or a midlife crisis, and are given a novel to read as the antidote. Bibliotherapy does not discriminate between pains of the body and pains of the head (or heart). Aware that you've been cowardly? Pick up *To Kill a Mockingbird* for an injection of courage. Experiencing a sudden, acute fear of death? Read *One Hundred Years of Solitude* for some perspective on the larger cycle of life. Nervous about throwing a dinner party? Ali Smith's *There but for The* will convince you that yours could never go that wrong. Whatever your condition, the prescription is simple: a novel (or two), to be read at regular

intervals and in nice long chunks until you finish. Some treatments will lead to a complete cure. Others will offer solace, showing that you're not the first to experience these emotions. *The Novel Cure* is also peppered with useful lists and sidebars recommending the best novels to read when you're stuck in traffic or can't fall asleep, the most important novels to read during every decade of life, and many more. Brilliant in concept and deeply satisfying in execution, *The Novel Cure* belongs on everyone's bookshelf and in every medicine cabinet. It will make even the most well-read fiction aficionado pick up a novel he's never heard

of, and see familiar ones with new eyes. Mostly, it will reaffirm literature's ability to distract and transport, to resonate and reassure, to change the way we see the world and our place in it. "This appealing and helpful read is guaranteed to double the length of a to-read list and become a go-to reference for those unsure of their reading identities or who are overwhelmed by the sheer number of books in the world."—Library Journal

 For fans of The Hazel Wood, this middle grade novel takes the dark stuff of fairytales and crafts it into a powerful story of friendship and light. "Once I picked the book up, I didn't set it

down until I finished it with tears in my eyes. . ." —The New York Times Book Review
 Every evening Lampie, the lighthouse keeper's daughter, must light a lantern to warn ships away from the rocks, but one stormy night disaster strikes. The lantern is not lit, a ship is wrecked, and someone must pay. To work off her debt, Lampie is banished to the Admiral's lonely house, where a monster is rumored to live. The terrors inside the house aren't quite what she thought they would be--they are even stranger. After Lampie saves the life of the neglected, deformed son of the admiral, a boy she calls Fish, they form a close bond. Soon they are pulled into a fairytale adventure swimming

with mermaids, pirates, and misfits. Lampie will discover the courage to fight for friendship, knowledge, and the freedom to be different.

This investigation of complex verb

formation seeks to identify and clarify the way(s) in which a base verb becomes 'complex'. The author carefully considers both the syntactic and the morphological side of this question, and in doing so brings a wealth of data from very diverse languages to bear on claims made about the relationship between syntactic and morphological structure. The work takes the radical position that most data admit of either a syntactic (Phrase Structure) or lexical analysis because both are likely to be valid — under different circumstances. Both approaches are consistently defended in an attempt to illustrate the complementarity of the two and ascertain

which is the better formulation for a given set of data. Placing his analysis firmly in the context of historical linguistics, the author shows that it is necessary to admit the possibility of lexicalization. The book pays attention to many alternative viewpoints, and its value is further enhanced by a 40-page bibliography. Miller's insightful treatment of questions of lexical decomposition, the relationship of morphology to syntax, and the encoding of argument structure on verbs make this a work of the utmost importance for syntacticians as well as morphologists. Enjoy everything you want to read the way you want to read it. Boekblad Scholastic Inc. In 1930, Bob Brown predicted that the printed book was bound for obsolescence. The time has come, he insisted, to rid the reader of the cumbersome book. He invented a machine that would allow one to read books and any text extremely fast and

in a hyper abbreviated form. He called these abbreviated texts, with em dashes replacing words: readies. He envisioned sending the condensed texts through wireless networks. The Readies, describes these eponymously named abbreviated texts and his plans for a reading machine, but since he printed only 150 copies, the volume is practically unknown outside of a small circle of scholars. Simon and Schuster Enter the dark, magical world of the House of Night series by bestselling authors P.C. Cast and Kristin Cast, a

world very much like our own, except here vampyres have always existed. One minute, sixteen-year-old Zoey Redbird is a normal teenager dealing with everyday high school stress: her cute boyfriend Heath, the school's star quarterback who suddenly seems more interested in partying than playing ball; her nosy frenemy Kayla, who's way too concerned with how things are going with Heath; her uber-tough geometry test tomorrow. The next, she's Marked as a fledgling vampyre, forcing her to leave her ordinary life behind and join the House of Night, a boarding school where she will train to become an adult vampyre. That is, if she makes it through

the Change—and not all of those who are Marked do. It sucks to begin a new life, especially away from her friends, and on top of that, Zoey is no average fledgling. She has been chosen as special by the vampyre Goddess, Nyx. Zoey discovers she has amazing powers, but along with her powers come bloodlust and an unfortunate ability to Imprint with Heath, who just doesn't know

how to take "no" for an answer. To add to her stress, she is not the only fledgling at the House of Night with special powers: when she discovers that the leader of the Dark Daughters, the school's most elite group, is misusing her Goddess-given gifts, Zoey must look deep within herself for the courage to embrace her destiny—with a little help from her new vampyre friends.
