and illustrator Walid Taher targets a wider audience with *A Bit of Air*. Inspired by the long tradition of Egyptian colloquial poetry and its relation to social and political movements in Egypt, Taher creates a unique blend of visual art, poetry, and architecture. These darkly humorous poems and their accompanying images are snapshots of a state of mind and a space of fantasy that convey the absurd, the comical, the profound, and the idiosyncratic. This illustrated, bilingual edition comes at a time of political and literary upheaval. An unprecedented number of Arab authors are producing new and noteworthy works by appropriating the language of blogs, poetry, comic strips, and film, to name a few. This mixing of media gives shape to new experiences emerging from and redefining a rapidly changing social and political reality. The Book of the Dead Penguin  
 Hatshepsut - the daughter of a general who usurped Egypt's throne - was born into a privileged position in the royal household, and she was expected to bear the sons who would legitimize the reign of her father's family. Her failure to produce a male heir was ultimately the twist of fate that paved the way for her improbable rule as a cross-dressing king. At just over twenty, Hatshepsut ascended to the rank of pharaoh in an elaborate coronation ceremony that set the tone for her spectacular reign as co-regent with Thutmose III, the infant king whose mother she out-manuevered for a seat on the throne. A master strategist, Hatshepsut successfully negotiated a path from the

royal nursery to the very pinnacle of authority, and her reign saw one of Ancient Egypt's most prolific building periods.
