DK Children's Encyclopedia Penguin

Key history topics are simply explained in this friendly and informative reference book. First History Encyclopedia covers everything a child needs to know about historical events. It follows the curriculum for grades 1 through 6 and provides a strong foundation for history learning through the rest of the school years. It's the perfect homework help book to support children as they begin to learn about history.

Packed with Thousands of Facts, Stats, and Illustrations Penguin

The perfect book for young readers looking to explore some of life's biggest questions. Thousands of years ago, ancient philosophers asked some important questions: "What is real?", "What is the point of my existence?", "Why is there evil in the world?", and "What can I know?" These questions have gone on to spark passionate debates about our existence and how we understand the world around us. In this engaging and accessible introduction to philosophy, readers aged 11+ will be introduced to a variety of philosophical ideas through the teachings of Plato, Confucius, Simone de Beauvoir, and many more. Vibrant, reader-friendly illustrations bring the history of ideas and thinking to life, and provide topics for reflection and debate. With biographies of the most influential philosophers from around the world, young readers will explore the questions that have been fundamental to the development of scientific study, logical thinking, religious beliefs, freedom in society, and much more. Thought experiments peppered throughout will help to connect readers with the theories presented so they can apply them to their own lives.
