Germany is often

considered the birthplace

of the automobile, so it

makes sense that some of the greatest supercars are produced there. This high-interest volume introduces readers to these cars and presents them with fun facts and stats regarding each vehicle. This information is presented in a visually appealing way that allows readers to compare and contrast each featured car. Colorful photographs are paired with helpful captions and labels that provide deeper insight. Various graphic elements appeal to visual learners, while exciting text and

subject matter engages all readers.

### **You & Your Audi TT** Dundurn

First shown as the TT coupe concept at the 1995 Frankfurt Motor Show and then soon afterward as the TT convertible at the Tokyo Motor Show, the cars heralded a new design language from Audi - the Bauhaus style from the 1930s that looked a little brutal at first, but has proven to have a long and successful production life. It finally arrived on the European market for the

1999 model year, with America following a little later. Senior Audi models, the A4, A6, and A8, have their engine and transmission sited longitudinally in the car, but the TT was based on the smaller A3 platform, which meant that the mechanical components were sited transversely. After a slow start, sales picked up and have remained strong ever since. The media loved the Audi TT and continued to write glowing reports about it even though it was six years old in the

marketplace, outlasting the Mercedes-Benz SLK, BMW Z3, and Porsche Boxster by quite some time.

*GOLDEN SHANA THE CHASE* Crowood Press (UK)

Fourteen miles east of Peachtree, Alabama, a secret is hidden. That secret's name is Annabel Lee Truckson, and even she doesn't know why her mysterious uncle has stowed her deep underground in a military-style bunker. He's left her with a few German words, a barely-controlled guard

dog, and a single command: "Don't open that door for anybody, you got it? Not even me." Above ground, a former Army sniper called The Mute and an enigmatic "Dr. Smith" know about the girl. As the race begins to find her, the tension builds. Who wants to set her free? Why does the other want to keep her captive forever? Who will reach her first? Private investigators Trudi Coffey and Samuel Hill need to piece together the clues and stay alive long enough to retrieve

the girl--before it's too late. With its stunning writing and relentless pace, Annabel Lee will captivate readers from the first page.

*Annabel Lee (Coffey & Hill Book #1)* Grand Central Publishing

It's goalie vs. goalie in this enemies-to-lovers hockey romance. Ryu Mori has had a stellar season as goalie for the Atlanta Venom. So when he's called into management's office, he's expecting to hear he's the new starting goalie for the team, not that some new guy—an

incredibly hot, annoyingly bratty rookie—is here to compete for his spot. Not everyone gets to play in the best league in the world. Emmitt Armstrong knows that, and he’s not about to waste the opportunity after grinding his way from the bottom to the top. If the Venom are looking for a meek, mild-mannered pushover, they’ve got the wrong guy. Ryu doesn’t want to admit the other goalie’s smart mouth turns him on. Beating Armstrong at practice feels good, sure, but there are other, more

fun ways to shut his rival up. In this league, it’s winner takes all. But there’s more to life than winning, and if Emmitt and Ryu can get past their egos and competitive natures, they might just discover they work better as partners than they ever imagined possible.

professional hockey, these players know how to score. But will the love they find off the ice be any match for their love for the game? Or is someone bound to lose? Off the Ice Tristan Holt may be at the top of his game, but hitting the books in the off-season means he'll have a business degree to fall back on when it's time to hang up his hockey skates. What seems to be a straightforward plan is complicated by his undeniable attraction to his sexy sociology

professor, Sebastian Cruz. Impressed by Tristan's brain as well as his brawn, Sebastian can't help lusting after the gorgeous jock. With tenure on the line, Sebastian won't break the rules by becoming involved with one of his students—at least, not until the end of term. Once final grades are posted, though, their naughty mutual fantasies can become reality. Tristan's not sure he's up for being the poster boy for openly gay hockey players, but Sebastian's never been the type of

man to keep his sexuality—or his relationships—in the closet. For Tristan, being with Sebastian might mean risking more than just his heart. Goalie Interference After a stellar season as goalie for the Atlanta Venom, Ryu Mori is expecting to hear he's the new starting goalie for the team when he's called into management's office. Instead, Emmitt Armstrong—the incredibly hot, annoyingly bratty rookie—is here to compete for his spot. Emmitt Armstrong is not

about to waste the opportunity after grinding his way from the bottom to the top. If the Venom are looking for a meek, mild-mannered pushover, they've got the wrong guy. natures, they might just discover they work better as partners than they ever imagined possible. Trade Deadline Daniel “Bellzie” Bellamy should be on top of the world—a Stanley Cup is the perfect topper to his fourteen-year NHL career. But despite the post-win high, something’s missing. When the chance to play for his hometown team, the Miami Thunder, comes along, he’s open to it. And when he runs into an old friend from his past soon after he makes the move, he wonders if it might be

kismet. Micah Kelly never thought he’d reunite with his childhood crush—and first kiss—again. Danny Bellamy moved on to bigger and better things when they were teenagers, and the idea that Micah’s relationship with the professional hockey player could be anything more than one-sided Instagram thirst seems too good to be true. As the season goes on, Micah teaches Daniel to surf, and Daniel introduces Micah to his lovable pack of rescue dogs and the world of

being a hockey boyfriend. Life is good. But when things on the ice don’t go as planned, they’ll have to decide if their rediscovered romance is built to last.

Audi TT utzverlag GmbH Jeremy Clarkson gets really riled in Round the Bend What's it like to drive a car that's actively trying to kill you? This and many other burning questions trouble Jeremy Clarkson as he sets out to explore the world from the safety of four wheels. Avoiding the legions of power-crazed traffic

wombles attempting to block highway and byway, he: • Shows how the world of performance cars may be likened to Battersea Dogs' Home • Reveals why St Moritz may be the most bonkers town in all of the world • Reminds us that Switzerland is so afraid of snow that any flakes falling on the road are immediately arrested • Argues that washing a car is a waste of time Funny, globe-trotting, irreverent and sometimes downright rude, Round the Bend is packed with curious and

fascinating but otherwise hopelessly useless stories and facts about everything under the sun (and just occasionally cars). It's Jeremy Clarkson at his brilliant best. Round the Bend is a collection of Jeremy's motoring journalism from his column in the Sunday Times. Praise for Jeremy Clarkson: 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller Jeremy Clarkson writes on cars, current affairs and

Hat Trick Complete Collection Jazen Ink Press More than 120 authors from science and industry have documented this essential resource for students, practitioners, and professionals. Comprehensively covering the development of the internal combustion engine (ICE), the information presented captures expert knowledge and serves as an essential resource that

illustrates the latest level of knowledge about engine development. Particular attention is paid toward the most up-to-date theory and practice addressing thermodynamic principles, engine components, fuels, and emissions. Details and data cover classification and characteristics of reciprocating engines, along with fundamentals about diesel and spark ignition internal combustion engines, including insightful perspectives about the

history, components, and complexities of the present-day and future IC engines. Chapter highlights include: • Classification of reciprocating engines • Friction and Lubrication • Power, efficiency, fuel consumption • Sensors, actuators, and electronics • Cooling and emissions • Hybrid drive systems Nearly 1,800 illustrations and more than 1,300 bibliographic references provide added value to this extensive study. “Although a large number of technical books deal

with certain aspects of the internal combustion engine, there has been no publication until now that covers all of the major aspects of diesel and SI engines." Dr.-Ing. E. h. Richard van Basshuysen and Professor Dr.-Ing. Fred Schäfer, the editors, "Internal Combustion Engines Handbook: Basics, Components, Systems, and Perspectives" *Hindsight* The Rosen Publishing Group, Inc This book tells the fascinating, and sometimes frustrating,

story of the journey from the iconic Jaguar E-type to its successor, the F-type. With nearly 300 photographs, it documents the evolution of the F-type from the Pininfarina XJ Spider through Jaguar's own XJ41/42, XX and XK180. It reviews the whole range of F-type convertible and coupe models and discusses the wild Project 7 and the latest turbo-charged four-cylinder cars. The special vehicles produced for Team Sky and Bloodhound SSC are included along with a

useful chapter on buying an F-type. Finally, the book considers the F-type's future in a changing automotive world.

Why would a grown man uproot his life and move two states over at the urging of Jo's momma? How did he and Ma even meet? And he's raising a daughter by himself. Where is the child's momma and how does she fit into his plans? When Jo first sees him standing on the front porch, staring like a deer

caught in the headlights and seemingly unable to speak, she pegs him as a shy one. But then he walks in with a confident swagger and mingles with her family like he's been there all his life. Jo finds herself falling for the stranger and his adorable little girl. A dream that had been tucked away and forgotten about suddenly seems within her grasp. Then her worst sin is exposed, and it all turns to ash. She's not the woman she once was, but does that even matter? Micah seems willing to set

her mistakes aside, but can she forgive herself? *Lemon-Aid New and Used Cars and Trucks 1990-2015 Harlequin This Essential Buyer's Guide* leads you through the process of buying an Audi TT Mk 2, from whether this is the right car for you and what it's like to live with, to which version and engine is best for you, and what you should be paying for it.
