Emily Morrison was never a social girl. So it made little impact when her father moved her family from New Mexico to the island of Lune de Sang, South Carolina. Emily has a dark secret. She's a teenage werewolf. Emily soon discovers she's not the only one with a secret on the "Island of the Blood Moon." She

reluctantly befriends two other outcasts, Morgan Bassett and Sophie Broussard. One a powerful teenage witch. The other, a 200 year-old vampire with the body and attitude of a 19-year-old. When they discover their "chance" meeting was orchestrated by a powerful enemy, the trio realizes they must band together if they are going to defeat this ancient evil from taking over the world. And Emily thought just surviving high school would be scary.

Most people understand homeopathy as a treatment for people, but as this book shows, our four-legged friends can benefit from it as well. First published in

1999, *Homeopathic Care for Cats and Dogs* quickly became a bestseller and an important resource for anyone looking for a more organic approach to caring for their cats and dogs. Using accessible language, author Don Hamilton gives readers an authoritative overview of animal homeopathy, covering history, treatment principles, homeopathic disease theory, and simple methods for using homeopathic remedies.

Homeopathic Care for Cats and Dogs offers expert guidance on home care and diet, how to obtain the information needed to choose a homeopathic remedy, how to dose remedies, how to choose the potency, and when to repeat remedies if necessary. The book lists organ systems by chapter, providing concise descriptions of symptoms,

including how to evaluate patients' illnesses and when to seek veterinary care. Remedy and supplement suggestions follow disease descriptions. Each section contains the principal remedies needed for treatment. The book ends with a materia medica, which gives more comprehensive remedy information for each medicine listed in the book. This updated edition contains a new chapter on the human-animal relationship, timely information on vaccines, as well as new remedy information in every chapter.

In all history, there is no drama of more terrible interest than that which terminated with the total destruction of Jerusalem. Had the whole Jewish nation joined in the desperate resistance made, by a section of it, to the overwhelming strength of Rome, the world would have had no record of truer patriotism than that displayed, by this small people, in their resistance to the forces of the mistress of the world. Unhappily, the reverse of this was the case. Except in the defense of Jotapata and Gamala, it can scarcely be said that the Jewish

people, as a body, offered any serious resistance to the arms of Rome...
