Teacher's Resource

Book Oxford English for Careers Tourism 1 Student's book OXFORD University Press

Technology 2 OXFORD A pre-intermediate course for students studying for a career in the oil and gas industries, who will need English to communicate at work. A new, up-to-date course where students learn the English they need for a career in commerce, tourism, nursing, medicine, or technology. Oxford English for Careers is a series which prepares pre-work students for starting their career. Everything in each Student Book is vocation specific, which means students get the language, information, and skills they need to help them get a job in their chosen career.

English for Negotiating
 OXFORD

A new, up-to-date course where students learn what they need to know for a career in commerce, tourism, nursing, or technology.

Oil and Gas Tourism 1 Student's book This book explores the

phenomenon of suicide tourism. As more countries legally permit assisted suicide and do not necessarily bar the participation of non-residents, suicide tourism is becoming a larger and more complex global issue. The book sets out the parameters for future debate by first contextualizing the practice and identifying its treatment under international and domestic law. It then analyses the ethical ramifications, weighing up where the state's responsibilities lie, and addressing the controversial roles of accompanying persons. The book goes on to offer a sociological and cultural analysis of suicide tourism, including interviews with the various stakeholders: policy makers, assisted suicide associations, and medical and patients' organizations, in Switzerland, Germany, France, Italy, and the UK. The book concludes with a summary of the legal, ethical, political, and sociological dimensions of suicide tourism.

Teacher's Resource Book OXFORD Teaching English for Tourism initiates a sustained academic

discussion on the teaching and learning of English to tourism professionals, or to students who aspire to build a career in the tourism industry.

Responding to a gap in the field, this is the first book of its kind to explore the implications of research in English for tourism (EFT) within the field of English for specific purposes. This edited volume brings together teachers and researchers of EFT from diverse national and institutional contexts, focusing on connecting current research in EFT contexts to classroom implications. It considers a wide range of themes related to the teaching of EFT, including theoretical concepts, methodological frameworks, and specific teaching methods. The book explores topics relating to the impact of changing technologies, the need for cultural understanding, and support for writing development, among others. Teaching English for Tourism explores this growing area of English for specific purposes and allows for researchers and practitioners to share their findings in an academic context. This unique book is ideal

reading for researchers, post-graduate students, and professionals working in the fields of English language teaching and learning.

Going International Bright Sparks

As part of *The Cave*, Beth L. Rodgers provides a collection of Internet resources on nursing. The collection includes organizations and associations, publications and databases, clinical information, research and funding information, and government publications.

Student's Book Oxford

University Press, USA

Tourism 1 is ideal for pre-work students, studying at pre-intermediate to upper-intermediate levels, who will need to use English in work situations.

Tourism is divided into three levels: Provision, Encounters, and Management. Each of these levels develops the vocabulary, language, and skills that students will need to communicate effectively with customers and colleagues, whether working in an administrative or managerial role. Each unit includes grammar tests and communication activities. A student book, teacher book and class CD is included in the set. Table of contents: * What

is tourism? * World destinations * Tour operations * Tourist motivations * Travel agencies * Transport in tourism * Accommodation * Marketing and promotion * The airline industry * Holidays with a difference * Reservations and sales * Airport departures.
