Chapter 3

Research

DesignChapter 3

Research Design and

Methodology 3.1 Aims

This investigation was
concerned generally to
see how new

technologies come into

the everyday lives of

different people, and

how in turn these

people engage with

theseChapter 3

Research Design and

MethodologyCHAPTER

3 - RESEARCH DESIGN

AND METHODOLOGY

3.1 Introduction: The

purpose of this chapter

is to discuss the

research methodology

which is followed by

researcher for this

research study. The

research design

adopted is a sandwich

of descriptive and

causal research design.

The study comprises a

cross sectional analysis

by collecting data at

once ...CHAPTER 3 -

RESEARCH DESIGN

AND METHODOLOGYa

type of research design

involving a fixed

sample of population

elements that is

measured repeatedly.

The sample remains

the same over time,

thus providing a series

of pictures that, when

viewed together,

portray a vivid

illustration of the

situation and the

changes that are

taking place over

time.Chapter 3:

CHAPTER 3
RESEARCH DESIGN
AND METHODOLOGY

3.1 INTRODUCTION

According to Brink (1999), the aim of data analysis is to reduce and synthesise information to make sense out of it and to allow inference about a population, while the aim of interpretation is to combine the results of data analysis with value statements,

CHAPTER 3

AND
METHODOLOGY

Chapter 3 Research design and methodology

3.1 INTRODUCTION

This chapter covers an overview of methodology used in the study. The discussion in the chapter is structured around the research design, population

sampling, data collection and data analysis. Ethical considerations and measures to provide trustworthiness are also discussed.

Chapter 3 Research design and methodology

Chapter 3: Research design. STUDY. PLAY. Research design. A framework or blueprint for conducting the marketing research project that specifies the procedures necessary to obtain the information needed to structure and/or solve the marketing problem. Exploratory research.
