A sparkling debut from a new author we're all going to want more from."--Susan Meissner, bestselling author of *The Nature of Fragile Things* When an ambitious female artist accepts an unexpected commission at a powerful earl's country estate in 1920s England, she finds his war-torn family crumbling under the weight of long-kept secrets. From debut author Courtney Ellis comes a captivating novel about finding the courage to heal after the ravages of war. Alberta Preston accepts the commission of a lifetime when she receives an invitation from the Earl of Wakeford to spend a summer painting at His Lordship's country home, Castle Braemore. Bertie imagines her residence at the prodigious estate will finally enable her to embark on a professional career and prove her worth as an artist, regardless of her gender. Upon her arrival, however, Bertie finds the opulent Braemore and its inhabitants diminished by the Great War. The earl has been living in isolation since returning from the trenches, locked away in his rooms and hiding battle scars behind a prosthetic mask. While his younger siblings eagerly welcome Bertie into their world, she soon sees chips in that world's gilded facade. As she and the earl develop an unexpected bond, Bertie becomes deeply entangled in the pain and secrets she discovers hidden within Castle Braemore and the hearts of its residents.

Threaded with hope, love, and loss, *At Summer's End* delivers a portrait of a noble family--and a world--changed forever by the war to end all wars.

**Love, Theodosia** Springer

A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father--Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.

This book provides professionals, as well as students, with the understanding that Social Entrepreneurship and Corporate Social Responsibility (CSR) are now core business principles for sustainably. It encourages social entrepreneurs in their role as forerunners, in creating new business models that develop, facilitate or implement constructive solutions to social, cultural and environmental issues. At the same time, this book views corporate social responsibility as a means of challenging existing entities to realize and modify prior unsustainable and predatory business models; and to increase social, cultural and environmental accountability. By linking these two concepts, this book prompts a paradigmatic awakening, whereby the foundational driver of business creation and management no longer rests on profit maximization, but on improvement of the quality of life for society.

One of her greatest accomplishments is the clock tower in the town of Bellina, outside Rome. But as she is admiring it one day, a woman approaches her, asking her to watch her ten-year-old daughter. Minutes later, to Isabella's horror, the woman leaps to her death from that very clock tower. There are photos of the woman right after the suicide, taken by Roberto Falco. A propaganda photographer for Il Duce, he is expected to show his nation in the most flattering light.
