*A History of Norway from
the Earliest Time to 1885*
U of Minnesota Press

Since its original publication in Oslo in 1971 and through two revisions, Nil Grinde's history of the music of Norway from antiquity to the present has become the standard on its subject. This translation, the first in English, has been updated by Grinde to include the most recent Norwegian musicians and compositions. *A History of Norwegian Music* is compact, comprehensive, and chronological in its approach except for a major excursion into Norway's folk music. Included in that section are descriptions of indigenous Sami (Lapp) music and of the instruments—among them the Hardanger fiddle and the langeleik—used in the Norwegian folk-music tradition. Grinde bases his survey of Norwegian music on archaeological and literary evidence: surviving instruments; wood carvings depicting musicians; ancient poems and sagas; and rolls and account books of troupes, theaters, and

associations. His focus is always on the part music has played in Norwegian culture, from the calls to war on the ancient lurs through church music to the development of music societies, choral festivals, and public concerts. Although a recurring theme is the influence of indigenous folk music on Norwegian composers, flag-waving nationalism does not intrude; Grinde takes full account of the contributions of other countries, especially Germany, to Norway's music. This work will please music lovers everywhere.

This volume presents a comprehensive exposition of both the prehistory and medieval history of the whole of Scandinavia. The first part of the volume surveys the prehistoric and historic Scandinavian landscape and its natural resources, and tells how man took possession of this landscape, adapting culturally to changing natural conditions and developing various types

of community throughout the Stone, Bronze and Iron Ages. The rest - and most substantial part of the volume - deals with the history of Scandinavia from the Viking Age to the end of the Scandinavian Middle Ages (c. 1520). The external Viking expansion opened Scandinavia to European influence to a hitherto unknown degree. A Christian church organisation was established, the first towns came into being, and the unification of the three medieval kingdoms of Scandinavia began, coinciding with the formation of the unique Icelandic 'Free State'.
History of Norway Alpha Edition
Surveying the past two decades of scholarship on the medieval historiography of Norway, this book provides a critical appraisal of the principal issues involved in the study of the primary sources and the key areas of scholarship and future research.

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

A Brief History of Norway U of Minnesota Press

Undertit.: A History from the Vikings to Our Own Times. Dette er en fremstilling av Norges historie, opprinnelig skrevet for studenter i historie. Den er nå oversatt til engelsk for å

gi interesserte som ikke behersker norsk mulighet til å få et innblikk i norsk historie. Boken har fire hoveddeler, den første går fra vikingtiden og frem til 1536, den andre strekker seg fra 1536 til 1814, tredje fra 1814 til 1945 og fjerde del tar for seg etterkrigstiden. Bak i boken finnes en kronologisk oversikt over Norges historie, litteraturliste og forklaringer på en del spesielle norske ord og uttrykk. Noen illustrasjoner.

Bidragstere er Rolf Danielsen, Ståle Dyrvik, Tore Grønlie, Knut Helle og Edgar Hovland. Oversatt til engelsk: Michael Drake. 486 s., ill., ib., 1998.

History of Norway
Museum Tusculanum Press

In this seminal work, Sverre Bagge provides a detailed account of Norwegian state formation in the period from c. 950 to 1350, widening his perspective to include a discussion of the emergence of the medieval state and state formation in the Middle Ages in general. The primary objective is to examine Norway as a case that may serve to illuminate some general problems of European state formation in the period, problems related both to the formation of the European system of independent kingdoms within a common cultural framework and to the inner development of these kingdoms.

The volume furthermore examines the changes that took place in the military, social-economical, ideological, legal and administrative fields between the first formation of the kingdom and the early fourteenth century which, according

to common opinion, represents a peak in the development of a Norwegian state. The volume constitutes a vivid and compelling feat, offering a fresh and innovative approach to an important chapter in the history of Norway, while also casting new light on developments in the larger context of European history.

Sverre Bagge is

Professor of Medieval History at the Centre for Medieval Studies at the University of Bergen.

The Heimskringla Рипол Классик

The History of Norway - From Brutal Battle of World War II To Present Day Most of Scandinavia has been covered by ice at least three times, and the last ice melted about 14,000 years ago. The first traces of man in Norway dates back to sometime after 10,000 BC and they came both from the South and the North East. The Viking Age (793-1066 AD) For more than three centuries, the Vikings voyaged and invaded neighboring countries. Little by little they acquired national identities and became Swedes, Danes and Norwegians. Local chieftains were

administering their own areas of the country until Harald Hårfagre united Norway into one kingdom and became the first king around 885. The fundamental element for the Vikings was the ships, the instrument and symbol of Viking expansion. Due to the exceptional qualities and navigational skills, they spread across Europe, down the Caspian Sea, to Greenland and Iceland, and in the year 1000 to North America, where Leif Eriksson reached the American continent - about five hundred years earlier than Christopher Columbus. At that time Norway became a Christian country and the ruling king oppressed the Viking religion, but many people continued to hold on to the old beliefs. Traces of this Nordic mythology can still be seen in the names of the days of the week and in Norwegian holiday celebrations. To be continued... This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1900 edition. Excerpt: ... XXXVII THE RECENT HISTORY OF NORWAY Since the great crisis which terminated in the impeachment of Prime Minister Selmer, the history of Norway has continued somewhat turbulent, although within the bounds of legality; and the contest between the nation and the crown has not yet been decided. Howbeit certain other matters have intervened alongside of the strictly constitutional agitation. Norway has followed the precedent of all other nations which tend towards democracy in associating attacks upon the Church with attempts to limit the power of the crown. The position of the country parson in Norway is one of considerable power and influence. He is, of course, a better educated man than the peasants by whom he is surrounded. Through his glebe he is a landowner; and where all estates are small he may be reckoned a considerable one. He is

ex-officio chairman of the District Board School; and he is very frequently chosen to represent his electoral district in the Storting. It is this last fact which makes the Norwegian clergyman a more powerful person than his English colleague. We have not a pleasant picture of this pastor (praest) in Ibsen's writings; in the Straamand of "Love's Comedy," or the Dean (Provost) of "Brand." In fact, as we might guess, the literary class and the scientific {the illuminati} are his natural enemies. That he has his fair share of formalism and insincerity we may well suppose. But in any case it was inevitable that the new democracy, impatient of every kind of restraint, should begin a war against the influence of the Church. 1 By C. F. Keary, author of "The Vikings in Western Christendom," "Norway and the Norwegians," &c. For now the Liberal party began to split itself up; and democracy, as in other...

The History of Norway BRILL

History of the Norwegian Settlements provides an engaging and enthusiastic depiction of the struggles as well as the triumphs of

pioneer life. The 63-chapter non-fiction book lets readers trace the trails of 3,800 indexed immigrants through Illinois, Wisconsin, Iowa, Minnesota and the Dakotas as they explore new frontiers and build new communities. Along the way lurk killer diseases, grasshopper plagues, prairie fires and loneliness.

[History of Norway from 1814](#) Cambridge University Press

A political and economic history of Norway from the Viking Age through World War II.

History Of The Norwegian People In America Taylor & Francis

A concise record of the struggles and achievements of the early settlers together with a narrative of what is now being done by the Norwegian-Americans of Illinois in the development of their adopted country

Norway Litres
HISTORY OF NORWAY AFTER 1814 is the tale of modern Norway's growth from dependence and poverty to sovereignty and wealth - from the Eidsvoll Constitution to

the Second World War, the evolvement of the welfare state, the oil finds in the North Sea, and the complex relationship to the EU. NORWEGIAN HERITAGE is a series of books about our most important and best-known national icons. The respective titles introduce major personalities from the worlds of art and literature, science and sports, but also the many natural wonders of the country, as well as significant historical periods and cultural expressions. Each book offers an updated introduction to readers who wish to familiarize themselves with a given subject.

A History of Norway from the earliest times : The Story of Nations U of Minnesota Press
