 Considering this, it seems pretty obvious that I would be excited about Melissa Brayden's debut novel, *Waiting in the Wings* (Bold Strokes). It tells the story of Jenna McGovern and her journey from recent college graduate to up-and-coming new star to famous leading lady. Jenna is young, talented, and ambitious.

 In the real world is hard for me to believe they exist so I kept sneaking away on my daily life to be able to dive into "Waiting in wings" world, where being a contemporary lesbian dancer is not a big deal. If you are looking for a girly f/f love story this is it. Is good, is easy and lovely. Perfect for summer read.

 Okay, don't kill me now but the reason I gave 4 stars (more like 3.5) was that I didn't realize this was Melissa Brayden's first novel. I actually ready her other novel "How Sweet It Is" first and I ended up loving it more because I felt like her style developed more finesse overtime.
