Schocken
Hannah
Arendt was

born in
Germany in
1906 and
lived in
America from
1941 until her
death in 1975.
Thus her life
spanned the
tumultuous
years of the
twentieth
century, as
did her

thought. She
did not
consider
herself a
philosopher,
though she
studied and
maintained
close
relationships
with two great
philosophers--
Karl Jaspers
and Martin

Heidegger-- throughout their lives. She was a thinker, in search not of metaphysical truth but of the meaning of appearances and events. She was a questioner rather than an answerer, and she wrote what she thought, principally to encourage others to think for themselves. Fearless of the consequences of thinking, Arendt found courage woven in each and every strand of

human freedom. In 1951 she published *The Origins of Totalitarianism*, in 1958 *The Human Condition*, in 1961 *Between Past and Future*, in 1963 *On Revolution and Eichmann in Jerusalem*, in 1968 *Men in Dark Times*, in 1970 *On Violence*, in 1972 *Crises of the Republic*, and in 1978, posthumously, *The Life of the Mind*. Starting at the turn of the twenty-first century, Schocken Books has published a

series of collections of Arendt's unpublished and uncollected writings, of which *Thinking Without a Banister* is the fifth volume. The title refers to Arendt's description of her experience of thinking, an activity she indulged without any of the traditional religious, moral, political, or philosophic pillars of support. The book's contents are varied: the essays,

lectures, reviews, interviews, speeches, and editorials, taken together, manifest the relentless activity of her mind as well as her character, acquainting the reader with the person Arendt was, and who has hardly yet been appreciated or understood. (Edited and with an introduction by Jerome Kohn) Hannah Arendt Houghton Mifflin Harcourt

David Hume is one of the most provocative philosophers to have written in English. His Dialogues ask if a belief in God can be inferred from what is known of the universe, or whether such a belief is even consistent with such knowledge. The Natural History of Religion investigates the origins of belief, and follows its development from polytheism to dogmatic

monotheism. Together, these works constitute the most formidable attack upon religious belief ever mounted by a philosopher. This new edition includes Section XI of The Enquiry Concerning Human Understanding and a letter by Hume in which he discusses Dialogues. **The Predicament of Common Responsibility** SIU Press Essays on Karl Jaspers, Rosa Luxemburg, Pope John

 (starred
 review) Life
 comes down
 to a series of
 choices. To
 hold on... To
 let go...to
 forget...to
 forgive...
 Which road
 will you take?
 For eighteen
 years, Jude
 Farraday has
 put her
 children's
 needs above
 her own, and
 it shows—her
 twins, Mia and
 Zach, are
 bright and
 happy
 teenagers.
 When Lexi

Baill moves
 into their
 small, close-
 knit
 community,
 no one is
 more
 welcoming
 than Jude.
 Lexi, a former
 foster child
 with a dark
 past, quickly
 becomes Mia's
 best friend.
 Then Zach
 falls in love
 with Lexi and
 the three
 become
 inseparable.
 Jude does
 everything to
 keep her kids
 out of harm's
 way. But
 senior year of
 high school
 tests them all.
 It's a
 dangerous,
 explosive

season of drinking, parties, and kids who want to let loose. And then on a hot summer's night, one bad decision is made. In the blink of an eye, the Farraday family will be torn apart and Lexi will lose everything. In the years that follow, each must face the consequences of that single night and find a way to forget...or the courage to forgive. Vivid, universal, and emotionally complex, *Night Road*

raises profound questions about motherhood, identity, love, and forgiveness. It is a luminous, heartbreaking novel that captures both the exquisite pain of loss and the stunning power of hope. This is Kristin Hannah at her very best, telling an unforgettable story about the longing for family, the resilience of the human heart, and the courage it takes to forgive the

people we love. "You cannot read *Night Road* and not be affected by the story and the characters. The total impact of the book will stay with you for days to come after it is finished."

Why Read Hannah Arendt Now?

Rowman & Littlefield Publishers
Five leading thinkers on the concept of 'rights' in an era of rightlessness
Sixty years

ago, the political theorist Hannah Arendt, an exiled Jew deprived of her German citizenship, observed that before people can enjoy any of the “inalienable” Rights of Man—before there can be any specific rights to education, work, voting, and so on—there must first be such a thing as “the right to have rights.” The concept received little attention at the time, but

in our age of mass deportations, Muslim bans, refugee crises, and extra-state war, the phrase has become the center of a crucial and lively debate. Here five leading thinkers from varied disciplines—including history, law, politics, and literary studies—discuss the critical basis of rights and the meaning of radical democratic politics today. Cultural Sutures University of

Toronto Press
The architectural historian and critic Kenneth Frampton 'never recovered' from the force of Hannah Arendt's teaching at The New School in New York. The philosopher Richard J. Bernstein considers her the most perceptive political theorist and observer of 'dark times' (a concept which, drawing from Brecht, she made her own). Building on the revival

of interest in Hannah Arendt, and on the increasing turn in design towards the expanded field of the social, this unique book uses insights and quotations drawn from Arendt's major writings (The Human Condition; The Origins of Totalitarianism, Men in Dark Times) to assemble a new kind of lexicon for politics, designing and acting today. Taking 56 terms – from Action,

Beginnings and Creativity through Mortality, Natality, and Play to Superfluity, Technology and Violence – and inviting designers and scholars of design worldwide to contribute, Designing in Dark Times: An Arendtian Lexicon, offers up an extraordinary range of short essays that use moments and quotations from Arendt's thought as the starting points for reflection on how these terms can be

conceived for contemporary design and political praxis. Neither simply dictionary nor glossary, the lexicon brings together designing and political philosophy to begin to create a new language for acting and designing against dark times.

Humans in Dark Times

St. Martin's Press
What will become of us in these trying times? How will we pass the time that we have on earth? In

gorgeously rendered graphic form, Light in Dark Times invites readers to consider these questions by exploring the political catastrophes and moral disasters of the past and present, revealing issues that beg to be studied, understood, confronted, and resisted. A profound work of anthropology and art, this book is for anyone yearning to understand the darkness and hoping to

hold onto the light. It is a powerful story of encounters with writers, philosophers, activists, and anthropologists whose words are as meaningful today as they were during the times in which they were written. This book is at once a lament over the darkness of our times, an affirmation of the value of knowledge and introspection, and a consideration of truth, lies, and the dangers of the trivial. In a

time when many of us struggle with the feeling that we cannot do enough to change the course of the future, this book is a call to action, asking us to envision and create an alternative world from the one in which we now live. Light in Dark Times is beautiful to look at and to hold – an exquisite work of art that is lively, informative, enlightening, deeply moving, and inspiring.

Edith Stein, Hannah Arendt, Simone Weil, Or Amor Fati, Amor Mundi
 Houghton Mifflin Harcourt
 The brilliant thinker who taught us about the banality of evil explores another brilliant thinker and his concept of love. Hannah Arendt, the author of *The Origins of Totalitarianism* and *The Human Condition*, began her scholarly career with an exploration of Saint

Augustine's concept of *caritas*, or neighborly love, written under the direction of Karl Jaspers and the influence of Martin Heidegger. After her German academic life came to a halt in 1933, Arendt carried her dissertation into exile in France, and years later took the same battered and stained copy to New York. During the late 1950s and early 1960s, as she was

completing or reworking her most influential studies of political life, Arendt was simultaneously annotating and revising her dissertation on Augustine, amplifying its argument with terms and concepts she was using in her political works of the same period. The dissertation became a bridge over which Arendt traveled back and forth between 1929 Heidelberg and 1960s New York,

carrying with her Augustine's question about the possibility of social life in an age of rapid political and moral change. In *Love and Saint Augustine*, political science professor Joanna Vecchiarelli Scott and philosophy professor Judith Chelius Stark make this important early work accessible for the first time. Here is a completely corrected and revised English translation that incorporates Arendt's own substantial revisions and provides additional notes based on letters, contracts, and other documents as well as the recollections of Arendt's friends and colleagues during her later years. "Both the dissertation and the accompanying essay are accessible to informed lay readers. Scott and Stark's conclusions about the cohesive evolution of Arendt's thought are compelling but leave room for continuing discussion."—*Library Journal* "A revelation."—*Kirkus Reviews* *Principal Writings on Religion* St. Martin's Press Each of the books that Hannah Arendt published in her lifetime was unique, and to this day each continues to provoke fresh thought and interpretations . This was never more

true than for Eichmann in Jerusalem, her account of the trial of Adolf Eichmann, where she first used the phrase “the banality of evil.” Her consternation over how a man who was neither a monster nor a demon could nevertheless be an agent of the most extreme evil evoked derision, outrage, and misunderstanding. The firestorm of controversy prompted Arendt to readdress fundamental

questions and concerns about the nature of evil and the making of moral choices. Responsibility and Judgment gathers together unpublished writings from the last decade of Arendt’s life, as she struggled to explicate the meaning of Eichmann in Jerusalem. At the heart of this book is a profound ethical investigation, “Some Questions of Moral Philosophy”; in it Arendt

confronts the inadequacy of traditional moral “truths” as standards to judge what we are capable of doing, and she examines anew our ability to distinguish good from evil and right from wrong. We see how Arendt comes to understand that alongside the radical evil she had addressed in earlier analyses of totalitarianism, there exists a more pernicious evil, independent of political

ideology, whose execution is limitless when the perpetrator feels no remorse and can forget his acts as soon as they are committed. Responsibility and Judgment is an essential work for understanding Arendt's conception of morality; it is also an indispensable investigation into some of the most troubling and important issues of our time. Communication Ethics in Dark Times

Groundwood Books Ltd
Winner of the Bernard J. Brommel Award for Biography & Memoir Best Graphic Novels of the Year-Forbes Jewish Book Award Finalist Finalist for the Chautauqua Prize For Persepolis and Logicomix fans, a New Yorker cartoonist's page-turning graphic biography of the fascinating Hannah Arendt, the most prominent philosopher of the twentieth

century. One of the greatest philosophers of the twentieth century and a hero of political thought, the largely unsung and often misunderstood Hannah Arendt is best known for her landmark 1951 book on openness in political life, The Origins of Totalitarianism, which, with its powerful and timely lessons for today, has become newly relevant. She led an extraordinary life. This was a woman who

endured Nazi persecution firsthand, survived harrowing "escapes" from country to country in Europe, and befriended such luminaries as Walter Benjamin and Mary McCarthy, in a world inhabited by everyone from Marc Chagall and Marlene Dietrich to Albert Einstein and Sigmund Freud. A woman who finally had to give up her unique genius for philosophy, and her love of a very

compromised man - the philosopher and Nazi-sympathizer Martin Heidegger - for what she called "love of the world." Compassionate and enlightening, playful and page-turning, New Yorker cartoonist Ken Krimstein's The Three Escapes of Hannah Arendt is a strikingly illustrated portrait of a complex, controversial, deeply flawed, and irrefutably courageous woman whose intelligence

and "virulent truth telling" led her to breathtaking insights into the human condition, and whose experience continues to shine a light on how to live as an individual and a public citizen in troubled times.

Medicine and Media

Schocken
Few figures in modern India have enjoyed such acclaim and adoration as Jayaprakash Narayan. And yet, he has been equally vilified for all

that went wrong in the unfinished post-colonial movement for freedom and democracy. Jayaprakash Narayan, or JP as he was universally known, epitomized the Marxian and Gandhian styles of political engagement, and famously brought a powerful government to its knees. Throughout his life, he channelled an emotional hunger for transformative politics, jettisoned easy options,

shunned power and incubated revolutionary ideas. A comprehensive study of JP's life and ideas from the radicalism of his thought process at American university campuses in the 1920s to his political coming of age in the 1930s and subsequent disenchantment with Gandhi's leadership; from his infectious confidence about the future of socialism to his seemingly

naive plans to outmanoeuvre powerful forces within the Congress; from his fractious friendship with Jawaharlal Nehru to his relentless crusade against the stifling of dissent-The Dream of Revolution, Bimal and Sujata Prasad's rigorously researched biography of JP, dispenses with clichés, questions commonly held perceptions and pushes the limits of what a

biographical portrait is capable of. Rich in anecdotes and never-before-told stories, this book explores the ambiguities and ironies of a life lived at the barricades, and one man's unremitting quest to usher in a society based on equality and freedom. *Practical Philosophy for Public Service* House of Anansi "The Bestselling Hardcover Novel of the Year."-- Publishers

Weekly From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them. "My land tells its story if you listen. The story of our family."

Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one

respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying,

including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. The Four Winds is a rich, sweeping novel that stunningly

brings to life the Great Depression and the people who lived through it—the harsh realities that divided us as a nation and the enduring battle between the haves and the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, *The Four Winds* is an indelible portrait of America and the American dream, as seen through the eyes of one

indomitable woman whose courage and sacrifice will come to define a generation.

An Arendtian
Lexicon

Indiana University Press
Few thinkers have addressed the political horrors and ethical complexities of the twentieth century with the insight and passionate intellectual integrity of Hannah Arendt. She was irresistible drawn to the

activity of understanding , in an effort to endow historic, political, and cultural events with meaning. Essays in Understanding assembles many of Arendt's writings from the 1930s, 1940s, and 1950s. Included here are illuminating discussions of St. Augustine, existentialism, Kafka, and Kierkegaard: relatively early examinations of Nazism, responsibility

and guilt, and the place of religion in the modern world: and her later investigations into the nature of totalitarianism that Arendt set down after The Origins of Totalitarianism was published in 1951. The body of work gathered in this volume gives us a remarkable portrait of Arendt's developments as a thinker—and confirms why her ideas and judgments remain as provocative and seminal

today as they were when she first set them down. Responsibility and Judgment Harcourt The correspondence between Jaspers and Arendt reveals their thoughts and their experiences of post-World War II events Morris Micklewhite and the Tangerine Dress Cornell University Press Artifacts of Thinking: Reading Arendt's "Denktagebuch" offers a path through Hannah

Arendt's recently published *Denktagebuch*, or "Book of Thoughts." In this book a number of innovative Arendt scholars come together to ask how we should think about these remarkable writings in the context of Arendt's published writing and broader political thinking. Unique in its form, the *Denktagebuch* offers brilliant insights into Arendt's practice of thinking and

writing. *Artifacts of Thinking* provides an introduction to the *Denktagebuch* as well as a glimpse of these fascinating but untranslated fragments that reveal not only Arendt's understanding of "the life of the mind" but her true lived experience of it. *The Life of the Mind* Reaktion Books Men in Dark Times Houghton Mifflin Harcourt **Night Road** Penguin A Light in Dark

Times: Maxine Greene and the Unfinished Conversation features a list of extraordinary contributors who have been deeply influenced by Professor Greene's progressive philosophies. While Maxine Greene in the focus for this collection, each chapter is an encounter with her ideas by an educator concerned with his or her own works and projects. In essence, each featured author takes

off from Maxine Greene and then moves forward. Just as Maxine Greene herself has, this unique and fascinating collection of essays will influence a wide range of worlds: arts and aesthetics, literature and literacy studies, cultural studies, school change and improvement, the teaching of literacy, teacher education, peace and social justice, women's studies, and

civil rights. Thinking in Dark Times University of Chicago Press Morris is a little boy who loves using his imagination. But most of all, Morris loves his classroom's dress-up center and its tangerine dress. Morris is a little boy who loves using his imagination. He dreams about having space adventures, paints beautiful pictures and sings the loudest during circle time. But most of

all, Morris loves his classroom's dress-up center — he loves wearing the tangerine dress. But the children in Morris's class don't understand. Dresses, they say, are for girls. And Morris certainly isn't welcome in the spaceship some of his classmates are building. Astronauts, they say, don't wear dresses. One day when Morris feels all alone, and sick from the taunts of his classmates,

his mother lets him stay home from school. Morris reads about elephants, and puts together a puzzle, and dreams of a fantastic space adventure with his cat, Moo. Inspired by his dream, Morris paints the incredible scene he saw, and brings it with him to school. He builds his own spaceship, hangs his painting on the front of it and takes two of his classmates on an outer space

adventure. With warm, dreamy illustrations Isabelle Malenfant perfectly captures Morris's vulnerability and the vibrancy of his imagination. This is a sweetly told story about the courage and creativity it takes to be different. Lying in Politics, Civil Disobedience on Violence, Thoughts on Politics, and Revolution

Teachers College Press

Recently there has been an extraordinary international revival of interest in Hannah Arendt. She

was extremely perceptive about the dark tendencies in contemporary life that continue to plague us. She developed a concept of politics and public freedom that serves as a critical standard for judging what is wrong with politics today.

Richard J. Bernstein argues that Arendt should be read today because her penetrating insights help us to think about both the darkness of our times and the sources of

illumination. He explores her thinking about statelessness and refugees; the right to have rights; her critique of Zionism; the meaning of the banality of evil; the complex relations between truth, lying, power, and violence; the tradition of the revolutionary spirit; and the urgent need for each of us to assume responsibility for our political lives.

This short and very readable book will be of great interest

to anyone who wants to understand the forces that are shaping our world today.

Hannah Arendt, Politics, Conscience, Evil Melville House
 "Elegant and formally ingenious."-- Geoff Wisner, Wall Street Journal
 In a time of social distancing and isolation, a meditation on the beauty of solitude from renowned Buddhist writer Stephen Batchelor
 When world renowned Buddhist

writer Stephen Batchelor turned sixty, he took a sabbatical from his teaching and turned his attention to solitude, a practice integral to the meditative traditions he has long studied and taught. He aimed to venture more deeply into solitude, discovering its full extent and depth. This beautiful literary collage documents his multifaceted explorations. Spending time in remote

places, appreciating and making art, practicing meditation and participating in retreats, drinking peyote and ayahuasca, and training himself to keep an open, questioning mind have all contributed to Batchelor's ability to be simultaneously alone and at ease. Mixed in with his personal narrative are inspiring stories from solitude's devoted practitioners, from the Buddha to

Montaigne, is at the same how to enjoy
from Vermeer time plagued the
to Agnes by social inescapable
Martin. In a isolation, this solitude that is
hyperconnect book shows at the heart of
ed world that human life.
